(3) Immediately upon the expiration of the time for filing the petitions, the county clerk shall have published pursuant to KRS chapter 424, the names of the persons as they will appear upon the primary ballot labels and special ballots, and shall thereupon cause the primary ballot labels and special ballots to be printed.

(10) If a vacancy occurs after the nominating primary the vacancy shall be filled by certifying the person who received the next highest vote count in the primary as nominated.

(11) If a vacancy occurs during the term of an elected city officer but beyond the filing deadline for the regular city primary but before the expiration of the three months interval required by Section 152 of the Constitution such vacancy shall be filled by the filing of nonpartisan petition in the form provided for in subsection (2). (10) If a vacancy occurs in the nomination of an unopposed candidate such vacancy shall be filled by placing the name of the office on the ballot to be voted on by "write-in" votes. When a vacancy occurs in the nomination of an unopposed candidate and such vacancy does not create a less number of nominees than there are offices to be filled, such vacancy shall not be filled.

(11) If a vacancy occurs after the nominating primary the vacancy shall be filled by certifying the person who received the next highest vote count in the primary as nominated.

HB 431, AN ACT relating to the retirement systems for judges and court personnel.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 28A IS ESTABLISHED AND A NEW SECTION THEREOF CREATED TO READ AS FOLLOWS:

(1) For the purposes of this chapter "retirement" means:
(a) Voluntary resignation, or
(b) Disability retirement, or
(c) Compulsory disability retirement by the judicial retirement and removal commission, or
(d) A failure of reelection, or
(e) Not seeking reelection.
"Retirement" shall not include a removal for cause.

(2) The word "service" as used in this chapter means service as a justice of the Supreme Court, or as a judge of the Court of Appeals, or as a regular circuit judge, including service in one and then another of those capacities. In addition, it means service as a commissioner of the former Court of Appeals or as a director of the administrative office of the courts prior to January 1, 1976, and service on or after that date, in any capacity in or for the Court of Justice, by a person who held the position of such commissioner or director on December 31, 1975.

(3) For the purposes of this chapter, a "year" of service means a total of twelve months of service, which need not be in the same calendar year. Service in any calendar month shall be deemed to constitute a month of service.

SECTION 2. A NEW SECTION OF KRS CHAPTER 28A IS CREATED TO READ AS FOLLOWS:

There is hereby created a judicial retirement system for justices of the Supreme Court, judges of the Court of Appeals, regular circuit judges, and other persons rendering service within the meaning of Section 1 of this Act. Those persons who were members on December 31, 1975, shall continue to be members so long as they render service, and any person thereafter taking office as a justice of the Supreme Court, judge of the Court of Appeals, or regular circuit judge may acquire membership in the system in accordance with the provisions of Section 3 of this Act.

SECTION 3. A NEW SECTION OF KRS CHAPTER 28A IS CREATED TO READ AS FOLLOWS:

Each justice of the Supreme Court, judge of the Court of Appeals, or regular circuit judge taking office after December 31, 1975, may within thirty (30) days after taking office, elect to make monthly contributions to the retirement system in an amount equal to three percent (3%) of his monthly official salary. The election shall be effective to establish membership in the system as of the date the justice or judge took office. The election shall be addressed to and filed with the secretary of the judicial retirement board and shall constitute an authorization by the member, to the secretary, to thereafter cause to be deducted from the member's official salary, each month, an amount equal to three percent (3%) of the monthly salary, as a voluntary contribution by the member toward the funding of the retirement system. Such election upon being made, and similar elections made under former KRS 21.360 or 21.365 prior to January 1, 1976, shall operate to create an inviolable contract between such member and the commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under the terms and conditions of this chapter. A new election is not required if a member's capacity of service is changed, so long as there is no break in the continuity of service.

SECTION 4. A NEW SECTION OF KRS CHAPTER 28A IS CREATED TO READ AS FOLLOWS:

Except as provided in subsection (2) of Section 7 of this Act and in subsection (2) of Section 8 of this Act, no benefits shall be payable under this chapter to any member or to his surviving spouse, unless he has completed at least eight (8) years of service, including service before becoming a member. No surviving spouse of a retired member shall be entitled to any benefits unless the person was the spouse of the member at the time he retired. If at the time a person becomes a member of the judicial retirement system he has service credit in the Kentucky employes retirement system, county employes retirement system, state police retirement system, or teachers retirement system, the period of service for which he earned that credit shall be counted toward the eight (8) years of service required by this section for vesting in the judicial retirement system, but shall not be counted as service for the purpose of computation of benefits.

SECTION 5. A NEW SECTION OF KRS CHAPTER 28A IS CREATED TO READ AS FOLLOWS:

The normal retirement date or age of a member shall be his sixty-fifth birthday; however, this chapter does not require that a member retire at the normal retirement date.

SECTION 6. A NEW SECTION OF KRS CHAPTER 28A IS CREATED TO READ AS FOLLOWS:

(1) A member who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to five percent (5%) of his final compensation multiplied by the number of years of service, including service before becoming a member of the system, but in no event to exceed one hundred percent (100%) of final compensation. For this purpose, "final compensation" means the average monthly compensation of the member for the sixty (60) months of service immediately preceding his retirement, including, in the case of a circuit judge, compensation received as special commissioner of the Court of Appeals.

(2) A member who retires before his normal retirement date shall be vested with the right to receive, when he reaches his normal retirement age, a service retirement allowance computed and payable in accordance with the provisions of subsection (1) of this section, on the basis of the number of years of his actual service.

(3) In lieu of the right provided for in subsection (2) of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection (2) of this section when he reached his normal retirement age, reduced actuarially in accordance with his actual age at the time the election is made.

SECTION 7. A NEW SECTION OF KRS CHAPTER 28A IS CREATED TO READ AS FOLLOWS:

(1) If upon examination of a member under his normal retirement age by one (1) or more qualified physicians employed by the retirement board, it is certified to the satisfaction of the board that such member is so physically or mentally disabled as to be incapacitated for further performance of duty, and that such incapacity is likely to be permanent, the member may retire for disability. A member who so retires shall be entitled to receive commencing immediately a disability retirement allowance, payable monthly during his disability, in an amount equal to one-half (1/2) of the monthly service retirement allowance he would have received commencing at his normal retirement date if he had continued in service until that date and had then retired, computed however on the basis of his final compensation at time of actual retirement.

(2) A member need not have completed eight (8) years of service in order to be eligible for benefits under subsection (1) of this section.

(3) The retirement board shall cause a member who has been retired for disability and who is still under his normal retirement age to undergo periodic examination by one (1) or more qualified physicians employed by the board, to determine whether he continues to be incapacitated for service of the character required of a justice or judge. If upon any such examination it is certified to the satisfaction of the board that the member is no longer so incapacitated, or if the member refuses to submit to examination, the board shall terminate his disability retirement allowance. He shall then be entitled to such rights, if any, under subsection (2) or (3) of Section 6 of this Act as he would have been entitled to had he voluntarily retired on the date he was retired for disability.

(4) Upon reaching his normal retirement age, a member who has been receiving a disability retirement allowance may apply for and receive, in lieu thereof, the service retirement allowance he would have been entitled to receive at normal retirement age had he voluntarily retired on the date he was retired for disability.

(5) The provisions of this section with respect to benefits shall be applicable in case of compulsory retirement for disability under Section 121 of the Constitution of Kentucky. The retirement board, in the case of such a retirement, shall exercise no function with respect to the existence or continuance of disability.

SECTION 8. A NEW SECTION OF KRS CHAPTER 28A IS CREATED TO READ AS FOLLOWS:

(1) After the death of a member who at the time of his death was receiving a service retirement allowance (other than an actuarially reduced allowance under subsection (3) of Section 6 of this Act), or was receiving a disability retirement allowance, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of that he was receiving.

(2) (a) If a member dies before retirement and before reaching normal retirement age, without regard to length of service, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have received commencing at his normal retirement date if he had continued in service until that date and had then retired, computed however on the basis of his final compensation at time of death.

(b) If a member dies before retirement and after reaching normal retirement age, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have been entitled to, on the basis of his years of service, had he retired on the date of his death.

(3) If a member dies after retirement and was at the time of his death receiving an actuarially reduced allowance under subsection (3) of Section 6 of this Act, or was not at the time of his death receiving a retirement allowance but had acquired the vested right under subsection (2) of Section 6 of this Act to have received an allowance upon reaching normal retirement age, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have received when he reached normal retirement age.

SECTION 9. A NEW SECTION OF KRS CHAPTER 28A IS CREATED TO READ AS FOLLOWS:

In any circumstances in which a surviving spouse would be entitled to any allowance under Section 6 of this Act, but there is no surviving spouse or the surviving spouse subsequently dies, and there is a surviving child or children of the member under the age of eighteen (18), the monthly allowance that the surviving spouse would have received or was receiving shall be continued for the benefit of such child or children remaining under the age of eighteen (18) until there are none under the age of eighteen (18).

SECTION 10. A NEW SECTION OF KRS CHAPTER 28A IS CREATED TO READ AS FOLLOWS:

(1) The monthly judicial retirement benefit of every person who is receiving such benefit as of July 1, 1976, shall be increased by one percent (1%) for each year, or major portion of a year, that has elapsed since the termination of the service on which the benefit was based, not exceeding a maximum of ten (10) years. Those of the above recipients of benefits who are in the following categories shall receive the designated additional increase in benefit:

(b) Where the service on which the benefit was based terminated between July 1, 1968, and June 30, 1972, six percent (6%);

(c) Where the service on which the benefit was based terminated prior to July 1, 1968, fifteen percent (15%).

(2) On July 1 of each year, commencing with 1977, the judicial retirement benefit then being received by every person whose benefit is based on service that terminated more than six (6) months prior thereto shall be increased by one percent (1%).

(2) Nothing in this section shall deprive the executive department for finance and administration from negotiating with vendors who maintain a general service administration price agreement with the United States of America or any agency thereof, provided, however, that no contract executed under this provision shall authorize a price higher than is contained in the contract between general service administration and the vendor affected.

(3) The executive department for finance and administration shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and shall prescribe rules and regulations to govern purchasing by or for all such agencies, subject to the approval of the commissioner of the executive department for finance and administration, and shall publish a manual of procedures to be distributed to agencies and to be revised upon issuance of amendments to such procedures. No purchase or contract shall be binding on the state or any agency thereof unless approved by the department or made under general regulations which the executive department for finance and administration may prescribe.

The determination of the commissioner of the executive department for finance and administration shall be set forth in an order, and shall be reached only after review of a written request by the agency desiring to dispose of the property. Such request shall describe the property and state the reasons why the agency believes disposal should be effected.

All instruments required by law to be recorded which convey any interest in any such real property so disposed of shall be executed and signed by the commissioner of the executive department for finance and administration and approved by the governor. Unless the commissioner of the executive department for finance and administration deems it in the best interest of the state to proceed otherwise, all such property (including any interests in real property) shall be sold either by invitation of sealed bids or by public auction, provided however that the selling price of any interest in real property shall not be less than the appraised value thereof as determined by the department of revenue, or bureau of highways for such requirements of that department.

(9) Real property or any interest therein may be purchased, leased, or otherwise acquired from any officer or employe of any agency of the state upon a finding by the executive department for finance and administration, based upon a written application by the head of the agency requesting the purchase, and approved by the commissioner of the executive department for finance and administration and the governor, that the employe has not either himself or through any other person influenced or attempted to influence either the agency requesting the purchase of the property of the executive department for finance and administration in connection with such acquisition. In any case in which such an acquisition is consummated, the said request and finding shall be recorded and kept by the secretary of state along with the other documents recorded pursuant to the provisions of KRS chapter 56.

(10) The executive department for finance and administration shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the commissioner of the executive department for finance and administration, the governor, and the general assembly. The executive department for finance and administration shall also report trends in costs and prices, including savings realized through improved practices, to the above.

(11) For capital construction projects, the bidding may be on a total design-bid basis; a package system commonly referred to as "turn key"; phase bidding commonly referred to as "fast track"; or construction management, whichever in the judgment of the commissioner of the executive department for finance and administration offers the lowest real cost to the taxpayer. Bids when delegated to and are received by construction managers shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(12) The director of purchases and the director of the division of engineering shall attempt in every practicable way to insure the state's supplying its real needs at the lowest possible cost.

Section 5. KRS 56.463 is amended to read as follows:

All such acquisitions of real property or interests therein shall be made in accordance with KRS 45.360.

(3) To sell or otherwise dispose of all property, including any interest in real property, of the state that is not needed or has become unsuitable for public use or would be more suitable consistent with the public interest for some other use as determined by the commissioner of the executive department for finance and administration. All such sales or other disposition shall be made in accordance with KRS 45.360.

(4) (a) To control the use of any real property owned or otherwise held by the commonwealth, or any state agency, and to determine for what periods of time and for what purposes any state agency may use the same, including the agency for whose use it was initially acquired or improved, and to determine what appropriate uses shall be made of such real property during periods that the department finds the same is not required for the purposes of any particular state agency.

(b) To determine the housing and furnishings needs of the various state agencies located in Frankfort and to establish and put into effect a permanent program for housing them. The department is also authorized and directed to allocate office space and furnishings in existing public buildings located in Frankfort, exclusive of the third and fourth floors of the new state capitol, according to the needs of the various agencies and when necessary to provide additional office space and furnishings in Frankfort under any building program the department deems most advisable and economical for the state. The permanent housing program shall include provisions for housing the general assembly and its related agencies, including the legislative research commission, and its subcommittees, the executive offices, the Court of Appeals and the clerk of the Court of Appeals, the department of law and the law library, in the new state capitol, provided the general assembly and the legislative research commission shall have complete control and exclusive use of the third and fourth floors of the new state capitol. If there be any additional space in the capitol, it shall be assigned to agencies whose activities are most closely related to the agencies directed to be located permanently in the capitol.

(5) To acquire, by condemnation in any manner provided in KRS chapter 416, or KRS 177.081 to 177.089, any real estate necessary for use by the state or by any state agency, when the department is unable to agree with the owner thereof on a price for such real estate.

(6) To lease any real property, or any interest in such real property, owned by the state or any agency thereof, in accordance with KRS 45.360.

(7) To provide for and adopt such plans and specifications as may be necessary, to advertise for and receive bids for any expenditures proposed to be made, to award contracts for the purpose authorized, to supervise construction and make such changes and revisions in plans and specifications or in construction as may become necessary, and generally to do any and all other things as may become necessary or expedient in order to effectively fulfill and carry out the purposes of this chapter, including the right to employ such clerks, engineers, statisticians, architects or other persons required to be employed in order to fulfill the functions of the commonwealth relating to state property and buildings provided in KRS 56.450 to 56.550.

(8) To adopt such rules and regulations as may be necessary to govern the acquisition, control, and disposition of the real property to which this section is applicable.

Section 6. KRS 58.220 is amended to read as follows:

The authority may:

(1) Construct, reconstruct, maintain, repair, operate, and regulate projects at such locations within the city of Frankfort, Kentucky, as may be determined by the authority;

[(2) Acquire any interests in real property pursuant to the condemnation procedures of KRS chapter 416 or 177.081 to 177.089;]

(2) [(3)] Notwithstanding KRS chapter 56, the authority may issue revenue bonds payable solely from the charges, revenues, rentals, and other funds pledged for their payment, for the purpose of paying all or any part of the cost of any project or for the acquisition of property;

(3) [(4)] Sell any building, structure, facility or any interests in land to the commonwealth of Kentucky, the federal, city, or county government, or any person or corporation;

(6) [(7)] Combine for financing purposes any two (2) or more projects;

(7) [(8)] Establish and enforce rules, specifications, and regulations for the construction and use of any project, except during any period when such powers are assigned to a lessee pursuant to a lease agreement;

(8) [(9)] Notwithstanding KRS chapter 56, to acquire and hold in the name of the authority real and personal property in the exercise of its powers and the performance of its functions and duties under KRS 58.210 to 58.315, and to dispose of these interests in property;

(9) [(10)] Make and enter into such contracts and agreements with the commonwealth of Kentucky or any federal, city, or county government or other person or corporation as may be necessary or incidental to the effectiveness of a well-planned complex;

(10) [(11)] Employ consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers, and such other employes and agents as may be necessary in the judgment of the authority, and to fix their compensation;

(11) [(12)] Receive and accept from the commonwealth, the department, any federal agency, and the city or county, grants for or in aid of the construction of any project, and receive and accept aid or contributions from any source of either money, property, labor or other things of value, to be held, used and applied for the purposes for which such grants and contributions may be made; and

(12) [(13)] Do all acts necessary and proper to carry out the powers expressly granted in KRS 58.210 to 58.315.

Section 7. KRS 58.275 is amended to read as follows:

[(2) If a reasonable price cannot be agreed upon, or if the owner is legally incapacitated or is absent, unknown or unable to convey valid title, the authority may acquire by condemnation or by eminent domain any lands, property, rights of way, franchises, easements and other property, including public lands, parks, playgrounds, reservations, highways or parkways, or parts thereof or rights therein, of any person, partnership, association, railroad, public service, public utility or other corporation, or municipality or political subdivision, deemed necessary or convenient for the construction or the efficient operation of any project or necessary in the restoration of public or private property damaged or destroyed. Any such proceedings shall be conducted, and the compensation to be paid shall be ascertained and paid, in the manner provided by the constitution and laws of the commonwealth which relate to condemnation or to the exercise of the power of eminent domain. Title to any property acquired by the authority shall be taken in the name of the authority. In any condemnation proceedings the court having jurisdiction of the suit, action or proceeding may make such orders as may be just to the authority and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the authority to accept and pay for the property, but neither such undertaking or security nor any act or obligation of the authority shall impose any liability upon the commonwealth except as may be paid from the funds provided under KRS 58.210 to 58.315.

(3) If the owner, lessee or occupier of any property to be condemned shall refuse to remove his personal property therefrom or give up his possession thereof, the authority may proceed to obtain possession in any manner provided by law.]

It shall have the duty and such powers as may be necessary or desirable to promote and develop navigation, river transportation, riverports, and riverport facilities, and to attract industrial or commercial operations to the property held as industrial parks.

(2) The authority shall establish and fix reasonable rates, charges and fees for the use of the riverport facilities which shall be published in a newspaper of general circulation in the county in which the riverport is located. In fixing such rates, charges or fees the authority may take into consideration, among other factors, the total capital investment of the authority, the revenue needed properly to maintain such facilities, the revenue needed properly to expand the riverport and its facilities, the portion of the facilities utilized by the licensee or contracting party and its customers and the volume and type of business conducted. Any party aggrieved by the rates, charges or fees may appeal from the action of the authority to the circuit court of the county within which the authority operates, within ninety (90) days from the date that the authority finally publishes such rates, charges or fees and gives notice of same to the contracting party or licensee. The circuit court may hear evidence and determine whether or not the rates, charges or fees are, or are not, reasonable in amount. Appeal from the judgment of the circuit court may be prosecuted as any other civil appeal.

(3) The authority shall also have power, from time to time, to fix rates, charges or fees by contract, or by publishing general rates, charges or fees for commercial vendors, concessionaires or other persons for the use or occupancy of riverport facilities under such terms and conditions as it may deem to be in the best interest of maintaining, operating or expanding necessary riverport facilities, and the public use thereof.

(4) The authority may acquire by contract, lease, purchase, option [,] *or* gift [, condemnation or otherwise] any real or personal property, or rights therein, necessary or suitable for establishing, developing, operating or expanding riverports, riverport facilities, water navigation facilities, including spoilage areas for the disposal of materials dredged from river bottoms in an effort to improve the navigability of rivers, and industrial parks or sites within the economic environs of the riverport or proposed riverport. The authority may dispose of any real or personal property, or rights therein, which in the opinion of the authority is not needed for use as riverport or water navigation facilities, or use as industrial parks or sites. The authority may lease, sell, convey, or assign its interest in land owned, optioned, or otherwise held by it to any person for the purpose of constructing and/or operating any industrial or commercial facility or for the purpose of acting as the authority's agent or licensee in effectively carrying out any of its powers and duties.

[(5) With the consent of the legislative body of the governmental unit in which the property to be condemned is located, the authority may by resolution, reciting that the property cannot be acquired by purchase or agreement and is needed for riverport, water navigation, or industrial purposes in accordance with the powers set forth in subsection (4) of this section, direct the condemnation of any property. The procedure for condemnation shall conform to the procedure set out in KRS 58.140.]

(5)[(6)] The authority may apply for, receive authorization for, establish and operate a foreign trade zone, as permitted by 19 U. S. C. section 81, provided approval is obtained from the Kentucky port and river development commission.

(3) To construct any additions, betterments and extensions to the facilities of the district, within or without the district area, and to construct any construction subdistrict facilities or additions, betterments and extensions thereto, within or without the district area, by contract or under, through, or by means of its own officers, agents and employes. No construction or extensions shall be started within the city of the first or second class until, firstly, the city's director of works, and secondly, its board of aldermen have approved the plans. No construction or extensions shall be started in any city of the second, third, or fourth class until the governing authorities of such city or cities have approved the plans. No construction or extensions shall be started in any other part of the county until the plans have been approved, firstly, by the county engineer and, secondly, by the fiscal court.

(4) To establish, construct, operate, and maintain, as a part of the sewer and drainage system of the district, sewage treatment and disposal plants and systems and all the appurtenances and appliances thereunto belonging. The sewage treatment and disposal plants may be located in the city, or beyond the limits of the city in the county in which the city is located, as the board deems expedient.

(5) To acquire and hold the personal property the board deems necessary and proper for carrying out the corporate purposes of the district and to dispose of personal property when the district has no further need therefor.

(6) To acquire by purchase, gift [,] *or* lease [, or by condemnation,] real property or any interest, right, easement, or privilege therein, as the board determines necessary, proper and convenient for the corporate purposes of the district, and to use the same so long as its corporate existence continues, and same is necessary or useful for the corporate purposes of the district. [Condemnation proceedings may be instituted in the name of the district pursuant to a resolution of the board declaring the necessity for the taking, and the method of condemnation shall be the same as provided in KRS 416.120.] When the board by resolution declares that any real property which it has acquired, or any interest therein, is no longer necessary or useful for the corporate purposes of the district, the real property and interest therein may be disposed of.

(7) To make bylaws and agreements for the management and regulation of its affairs and for the regulation of the use of property under its control and for the establishment and collection of sewer rates, rentals and charges, which sewer rates, rentals and charges, applicable within the limits of a city of the first or second class, shall be subject to the approval, supervision and control of the legislative body of the city as hereinafter provided.

(9) To borrow money and to issue negotiable bonds and to provide for the rights of the holders thereof.

(10) To fix and collect sewer rates, rentals, and other charges, for services rendered by the facilities of the district, which sewer rates, rentals, and other charges, applicable within the limits of a city of the first or second class, shall be subject to the approval, supervision and control of the legislative body of such city as hereinafter provided.

(11) To enter on any lands, waters and premises for the purpose of making surveys, and soundings and examinations.

(12) To approve or revise the plans and designs of all trunk, intercepting, connecting, lateral and outlet sewers, storm water drains, pumping and ventilating stations, disposal and treatment plants and works proposed to be constructed, altered or reconstructed by any other person or corporation, private or public, in the whole county, in order to insure that such proposed construction, alteration or reconstruction shall conform to and be a part of a comprehensive sewer and drainage system for the said county. No sewers, drains, pumping and ventilating stations, or disposal and treatment plants or works shall be constructed, altered or reconstructed without approval by the board of the district. Any such work shall be subject to inspection and supervision of the district.

Section 11. KRS 76.110 is amended to read as follows:

[Such lands or interest therein, or personal property may be so acquired whether or not the same are owned or held for public use by corporations, associations, or other persons having the power of eminent domain, or otherwise held or used for public purposes. But nothing] *Nothing* in this chapter shall be construed to confer upon or recognize in the district any power to acquire by agreement, purchase or gift, [or by eminent domain proceedings,] any fee, right, title, interest or easement in property under the jurisdiction of the department of highways or included within the boundaries of any sanitation district organized under KRS chapter 220, except necessary rights of way for trunk sewers through such sanitation districts. Forthwith upon the acquisition of any such fee, right, title, interest or easement, or personal property, the same shall become dedicated to the uses and purposes of the district.

[(2) The method of condemnation of such property shall be (a) as provided in KRS 416.120, (b) as provided in KRS 76.080 (6), or (c) as provided in KRS 416.230 to 416.310 inclusive or as hereinafter provided.

(3) When a district has filed a proceeding to condemn land or any interest therein or personal property, pursuant to the provisions of KRS 416.230 to 416.310, and the board of such district shall determine that the necessity for procuring possession of the property is urgent, it may pass a resolution, at the time that said condemnation is authorized or at any time thereafter for a declaration of taking, declaring that said lands are to be taken for the use of a metropolitan sewer district. Said declaration of taking shall contain, or have annexed thereto, the following:

(a) A statement of the authority under which and, the public use for which, said lands are taken;

(b) A description of the lands taken sufficient for identification thereof;

(c) A statement of the estate or interest in said lands taken for said public use;

The board shall have the power to sell or otherwise dispose of any personal property used or useful in the operation of the electric and water system which may be or become obsolete or otherwise determined by the board not to be necessary in the operation of the electric and water system. Any bill of sale or other instrument of conveyance shall be executed by the chairman of the board and attested by the secretary of the board.

(12) Acquire by purchase [or the exercise of eminent domain] all lands, easements, rights of way, either upon or under or above the ground, reasonably necessary or desirable in connection with the operation, maintenance or extension of an electric and water plant.

(13) The board shall have the power to accept the provisions of and conduct its operations under the provisions of the Kentucky Workmen's Compensation Act.

(2) Before any municipality shall be authorized or empowered to purchase or establish and thereafter operate an electric plant, or to issue bonds therefor, the legislative body of such municipality shall pass an ordinance declaring it desirable that the municipality shall purchase or construct and operate a municipal electric plant, and if it is proposed to construct such electric plant, the board shall cause an engineer or engineers duly qualified and licensed under the laws of this commonwealth (a) to prepare the necessary and proper plans and specifications for the construction of the electric plant, (b) select the location therefor, (c) determine the size, type and method of construction thereof, (d) make the necessary estimates of the cost of construction and of the acquisition of the land and rights of way, and (e) a survey of all lands, structures, rights of way, franchises and easements, the acquisition of which is deemed necessary by said engineers and the board for the construction and operation of such municipal electric plant, all of which shall be approved by the board; and, Provided further, That the question of whether or not revenue bonds shall be issued to provide for the payment of the cost thereof shall be submitted to the qualified voters of such municipality at the next regular November election to be held in said municipality. The mayor shall certify such ordinance to the clerk of the county court, who shall, on the ballots provided for use in the general November election in the municipality (if however there is no municipal election a separate ballot shall be provided) in which it is proposed to construct such electric plant and issue revenue bonds for the payment of the cost thereof, have printed thereon the question: "Are you in favor of the city constructing and operating a municipal electric plant in accordance with the plans and specifications adopted by the Electric Plant Board of .... (here insert name of municipality) and the issuance of revenue bonds in the maximum amount of $.... (here insert maximum total face amount of bonds estimated by the board to be necessary to pay the cost of such plant, based upon the estimate hereinabove provided)." And opposite the question he shall print "Yes" and "No," with the proper squares for stamping the cross mark to indicate preference.

(3) The mayor of such municipality shall advertise such election and the object thereof by publication pursuant to KRS chapter 424, and also by printed handbills posted in not less than four (4) conspicuous places in each voting precinct in the municipality and at the courthouse door. All legal voters of such municipality shall be privileged to vote at such election. The city shall have no authority to construct a municipal electric plant, or to issue revenue bonds unless a majority of all the qualified voters voting in said election on this question vote in favor thereof.

(4) Any contract of a municipality for the purchase of an electric plant shall be conditioned upon the approval of the qualified voters of the municipality at an election held at the time and in the manner provided in subsections (2) and (3) of this section, except that the clerk shall have printed on the official ballots for the election the following: "Are you in favor of the City of .... purchasing from .... (5) Before any municipality shall be authorized or empowered to institute condemnation or eminent domain proceedings to acquire an electric plant, the legislative body of such city shall pass an ordinance declaring it desirable that the municipality shall acquire by condemnation an electric plant, and shall describe in the ordinance the property which it deems necessary to be acquired, and there shall be submitted, in the manner provided in subsections (2) and (3) of this section, to the qualified voters of the municipality at the next regular November election, the following question: "Are you in favor of the City of .... (here insert name of city) acquiring an electric plant by the exercise of the power of eminent domain and the issuance of revenue bonds in an amount sufficient to pay the entire damages and costs of such acquisition." Opposite the question shall be printed "Yes" and "No," with the proper squares for stamping the cross mark to indicate preference.

(6) No municipality [or board] shall have authority to purchase, construct, or acquire, or to institute condemnation proceedings for acquiring an electric plant, or to issue revenue bonds or other obligations or evidences of indebtedness for the payment of the costs thereof unless a majority of all the qualified voters voting in said election on the question vote in favor thereof. Elections held pursuant to the provisions of KRS 96.550 to 96.900 shall be governed by the laws of this state relative to elections to the extent that such laws are not inconsistent herewith. *Condemnation shall be in accordance with the procedure set forth in KRS 416.410 to 416.530.*

Section 15. KRS 96A.080 is amended to read as follows:

(1) A transit authority may establish mass transportation within its transit area, but may not inaugurate service in direct competition with any existing certificated carrier.

(2) In addition to the power conferred upon an authority by this chapter, an authority may acquire real or personal property, easements, franchises, bus certificates, or other rights by any lawful means necessary to its operation of any existing mass transit system within its transit area, provided that having acquired an existing transit system it shall not thereafter inaugurate service in direct competition with any other existing certificated carrier.

[(3) An authority may, if unable to contract or agree with the owner or owners thereof, acquire real and personal property, franchises, bus certificates, easements and other rights when necessary in and to the accomplishments of the public purposes of the authority, through exercise of the power of eminent domain; provided, however, that in acquiring any private bus company pursuant to this section, the authority may not do so piecemeal but shall acquire the entire system including that which may be outside the area then included within the authority. An authority shall not condemn any real and personal property, franchises, bus certificates, easements and other rights of a private bus company the majority of whose passengers move between termini without the transit area. Any exercise of such power shall be initiated by resolution of the board of the authority identifying the properties or rights to be acquired, reciting the board's determination that acquisition by such means is necessary, and authorizing initiation of proceedings as required by law; and such resolution of the board of the authority shall not be conclusive of such determination but shall be subject to the approval of the fiscal court or courts of the county or counties in which the property sought to be condemned is located.

(4) Proceedings in the exercise of the power of eminent domain herein vested in an authority shall, except where inconsistent with this chapter, be such as are prescribed for the State Bureau of Highways by KRS 177.082 to 177.089, inclusive, and as the same may be amended and supplemented from time to time. All such proceedings shall be governed by the provisions of the Rules of Civil Procedure except where the provisions of this chapter or of KRS 177.082 to 177.089, inclusive, specifically or by necessary implication provide otherwise. If a privately owned mass transportation system, or other property sought to be acquired by an authority, shall have been acquired or improved in whole or in part at the expense of the authority, the cost and value of such acquisitions and improvements shall be excluded in any proceedings to establish the fair value thereof.]

(3) [(5)] During any period when negotiations for the purchase of a mass transit system are in progress [, and/or during any period when proceedings for acquisition of a mass transportation system through exercise of the power of eminent domain may be pending,] an authority may make reasonable subsidy payments to the owner or owners of such mass transit system if, in the judgment of the board of the authority, such subsidy payments are necessary in order to give reasonable assurance that there will be no substantial reduction of transportation service to the public. Such subsidy payments may be made by an authority from any resources available to it, or from appropriations made or agreed to be made to it by any public body having an interest in the preservation of mass transit service to the public; and if bonds are ultimately issued for the purchase or other acquisition of such mass transit system, the aggregate amount of such subsidy payments may be included as a part of the cost of acquisition and made payable from the proceeds of such bonds. In no event, however, shall any action on the part of a board of an authority in this connection create an indebtedness of the authority beyond its available resources or such appropriations or the proceeds of such bonds, if and when bonds are issued.

Section 16. KRS 97.680 is amended to read as follows:

The commission may acquire, by gift, purchase [,] *or* lease [or condemnation,] any real or personal property situated wholly within the city or county, or any interest, franchise, easement, right or privilege in the city or county, of any buildings, tools, machinery, materials or supplies that may be required for the purpose of furnishing, maintaining or operating the memorial. The mayor shall submit the recommendation to the legislative body for approval. The new site shall be adopted only upon the approval of the change by legislative resolution approved by the mayor. In the event the existing building on the old site is to be abandoned, the old site may be sold and the proceeds applied to the purchase of the new site.

(c) Provide accommodations for patients or inmates of the existing public building while the new building is in course of erection and furnishing. The legislative body may, out of its levy for the department having supervision of such buildings, assume the whole or part of the expense of providing such temporary accommodations.

WHEREAS, the right to lawful employment, without discrimination because of physical or mental handicap, where the reasonable demands of the position do not require such a distinction, and the right to the purchase or rental of property without discrimination because of physical or mental handicap are hereby recognized as and declared to be the rights of all the people of the state; and

WHEREAS, it is hereby declared to be the policy of the state to protect these rights:

NOW, THEREFORE,

(9) "Unfair housing practice" means an act that is prohibited under Sections 7 or 8 of this Act.

Section 3. A new section of KRS 207 is created to read as follows:

(1) Nothing contained in this Act shall be construed to prevent an employer from making any pre-employment inquiry about the existence of an applicant's handicap and about the extent to which that handicap has been overcome by treatment, medication, appliances, or other rehabilitation.

(2) Nothing contained in this Act shall be construed to prohibit the rejection of an applicant for employment or housing on the basis of:

(a) A physical or mental handicap which interferes with a person's ability to adequately perform assigned job duties;

(b) Any handicap which is not demonstrable by medically accepted clinical or laboratory diagnostic techniques, including, but not limited to, alcoholism, drug addiction, and obesity; or

(c) Any communicable disease, either carried by, or afflicting the applicant.

Section 4. A new section of KRS Chapter 207 is created to read as follows:

(1) No employer shall fail or refuse to hire, discharge or discriminate against any handicapped individual with respect to wages, rates of pay, hours, or other terms and conditions of employment because of such person's physical or mental handicap unless such handicap restricts that individual's ability to engage in the particular job or occupation for which he or she is eligible, or unless otherwise provided by law; nor shall any employer limit, segregate or classify handicapped individuals in any way which would deprive or tend to deprive any handicapped individual of employment opportunities or otherwise affect employe status because of physical or mental handicap, unless such handicap constitutes a bona fide and necessary reason for such limitation, segregation or classification. This subsection shall not be construed to require any employer to modify his physical facilities or grounds in any way, or exercise a higher degree of caution for a handicapped individual than for any person who is not a handicapped individual.

(2) No employment agency, placement service, training school or center or labor organization shall fail or refuse to refer for employment or otherwise discriminate against individuals because of physical or mental handicap.

Section 5. A new section of KRS Chapter 207 is created to read as follows:

No labor organization shall exclude or expel from its membership, or otherwise discriminate against individuals because of physical or mental handicap; nor shall a labor organization limit, segregate, or classify its membership, nor classify or fail or refuse to refer for employment any handicapped individual, in any way which would deprive or tend to deprive any handicapped individual of employment opportunities, or otherwise affect employe status or employment applicant status or as would adversely affect such person's wages, hours or conditions of employment, because of physical or mental handicap.

Section 6. A new section of KRS Chapter 207 is created to read as follows:

(1) No employer shall discharge, expel, refuse to hire, or otherwise discriminate against any person or applicant for employment, nor shall any employment agency discriminate against any person, nor shall a labor organization discriminate against any member or applicant for membership because such person has opposed any practice made an unfair employment practice by this Act or because he has filed a charge, testified, assisted or participated in any manner in an investigation, citizen's action suit, proceeding or hearing under this Act.

(2) No employer, labor organization, or joint labor-management committee controlling apprenticeship programs or other training or retraining, including on-the-job training programs, shall discriminate against any individual because of physical or mental handicap in admission to, or employment in, any program established

to provide apprenticeship or other training, except as otherwise provided by law.

Section 7. A new section of KRS Chapter 207 is created to read as follows:

(1) No person shall refuse to sell or rent after the making of a bona fide offer, or refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny property to any individual because of sex, or because of physical or mental handicap.

(2) No person shall discriminate against any individual in the terms, conditions or privileges of sale or rental of property, or in the provision of services or facilities in connection therewith, because of such individual's sex, or because of physical or mental handicap; however, this subsection shall not be construed to require any person selling or renting property to modify such property in any way or exercise a higher degree of care for a handicapped individual than for a person who is not a handicapped individual; nor shall this subsection be construed to relieve any person of any obligation generally imposed on all persons regardless of whether or not the person is a handicapped individual in a written lease, rental agreement, or contract of purchase or sale, or to forbid distinctions based on the inability to fulfill the terms and conditions, including financial obligations of such lease, agreement or contract.

(3) No person shall make, print, or publish, or cause to be made, printed or published any notice, statement, or advertisement with respect to the sale or rental of property that indicates any limitation or restriction as to individuals based on sex, or because of physical or mental handicap, or an intention to make any such limitation or restriction; or

(4) No person shall represent to any individual because of sex or because of physical or mental handicap that any property is not available for inspection, sale or rental when such property is in fact so available.

(5) Nothing in this section shall apply to:

(a) Discrimination on the basis of sex by the YMCA, YWCA and similar type single sex dormitory rental properties and any other rental properties where there are common rather than private bathroom and sanitary facilities; or

Section 8. A new section of KRS Chapter 207 is created to read as follows:

No bank, building and loan association, insurance company or other corporation, association, firm or enterprise whose business consists in whole or in part in the making of commercial real estate loans, shall deny a loan or other financial assistance to a handicapped individual applying therefor for the purpose of purchasing, constructing, improving, repairing, or maintaining property, or discriminate against him in the fixing of the amount, interest rate, duration, or other terms or conditions of such loan or other financial assistance because of such individual's physical or mental handicap when such handicap does not impair his or her ability to fulfill the terms or conditions of such loan or other financial assistance.

Section 9. A new section of KRS Chapter 207 is created to read as follows:

(1) The Kentucky Department of Labor is authorized to enforce the employment provisions of this Act in conjunction with the State Attorney General's office and the state and local courts.

(2) Any handicapped individual requesting the intervention of the Kentucky Department of Labor under this section shall, within 180 days of the alleged incident, submit with his request a signed, sworn statement specifying and describing the handicap or handicaps which affect him. This statement may be used by the Commissioner of Labor or his representative to determine if the individual does, or does not, have a "physical handicap" or "mental handicap" as defined in Section 2(2) and 2(3) of this Act. If the Commissioner of Labor or his representative determines that the aggrieved individual does have a handicap which falls under one of the definitions in Section 2(2) or 2(3) of this Act, the Department of Labor shall provide a copy of the aggrieved individual's signed statement to the employer for his inspection.

(3) In the event the employer wishes to challenge the validity of the statement, he shall so notify the Commissioner of Labor, who shall in turn notify the aggrieved individual. If the aggrieved individual wishes the Department of Labor to continue its involvement with the case, he shall be required to submit to the Commissioner of Labor, within 30 days of such notice, a signed, sworn statement from a licensed physician of his choice, or from one of the state or federal agencies serving the handicapped:

(a) Specifying and describing the handicap or handicaps affecting the individual; and

(b) Indicating any specific type of employment for which such handicap should be considered a bona fide or necessary reason for limitation or exclusion.

(4)(a) The state agencies which may be consulted under subsection (3) of this section may include, but are not limited to, the following:

1. Department of Education, Bureau of Rehabilitation Services;
2. Department for Human Resources, Bureau of Health Services;

3. Department for Human Resources, Division of Disability Determination.

(b) The Commissioner of Labor, in conjunction with the agencies designated in this subsection, is authorized to adopt appropriate regulations governing the issuance and setting the standards of determinations of ability or disability;

(c) The agencies designated in this subsection, and any other state agency which serves the handicapped and the Commissioner of Labor deems proper, shall cooperate to the fullest with the Department of Labor in issuing statement of disability and limitations as specified in subsection (3) of this section within 20 days of the date the handicapped individual presents himself before such agency for examination.

(5)(a) For the purposes of this Act, the Commissioner of Labor, or his authorized representative, shall have the power to enter the place of employment of any employer, labor organization or employment agency to inspect and copy employment records, to compare character of work and operations on which persons employed by him are engaged, to question such persons, and to obtain such other information as is reasonably necessary to make a preliminary determination that the aggrieved individual is, or is not, fully capable of carrying out the duties of the job which he or she had been denied;

(b) In the event that a preliminary determination is made that the aggrieved individual is not fully capable of carrying out the duties of the job which he or she had been denied, the aggrieved individual and the employer shall both be so advised;

(c) The aggrieved individual, within ten (10) days of receiving such notification, may file with the Department of Labor an application for reconsideration of the determination. Upon such application, the Commissioner of Labor or his representative shall make a new determination within ten (10) days whether the aggrieved individual is, or is not, fully capable of carrying out the duties of the job which he or she had been denied. If the determination is again made that the aggrieved individual is not fully capable of carrying out these duties, the aggrieved individual and the employer shall both be so advised;

(d) In the event that a preliminary determination has been made that the aggrieved individual is fully capable of carrying out the duties of the job which he or she had been denied, the employer, labor organization or employment agency shall be so advised and encouraged to make an immediate offer to the aggrieved individual of the position which he or she had been denied. In the event the position has already been filled, the employer, labor organization or employment agency shall be encouraged to make an offer to the aggrieved individual of the next available position for which he or she is qualified.

Section 10. A new section of KRS Chapter 207 is created to read as follows:

(1) In the event the employer, labor organization or employment agency continues to refuse employment to the aggrieved individual, the aggrieved individual may file a formal administrative complaint with the Department of Labor and, upon such filing, the Commissioner of Labor or his representative is authorized to examine witnesses under oath, and to require by subpoena the attendance and testimony of witnesses and the production of any documentary evidence relating to the subject matter of the investigation. In the event of the failure of any person to attend, testify, or produce documents under or in response to a subpoena, the circuit court in the judicial district where the hearing is being held, on application of the commissioner or his representative, may issue an order requiring said person to appear before the commissioner or his authorized representative, or to produce documentary evidence, and any failure to obey such order of the court may be punished by the court as a contempt thereof.

(2) If the Department of Labor determines that the employer, labor organization or employment agency has not engaged in an unfair employment practice, it shall state its findings of fact and conclusions of law and shall issue an order dismissing the complaint. A copy of the order shall be delivered to the complainant, the employer, labor organization or employment agency and such other public officers and persons as the Department of Labor deems proper.

(3) If the Department of Labor determines that the employer, labor organization or employment agency has engaged in an unfair employment practice, the department shall state its findings of fact and conclusions of law and shall issue an order requiring the employer, labor organization or employment agency to cease and desist from the unlawful practice and to take such affirmative action as in the judgment of the department will carry out the purposes of this Act. A copy of the order shall be delivered to the employer, the labor organization or employment agency, the complainant, and to such other public officers and persons as the Department of Labor deems proper.

(4) Affirmative action ordered under this section may include, but is not limited to:

(a) Hiring, reinstatement, or upgrading of employes with or without back pay. Interim earnings or amounts earnable with reasonable diligence by the aggrieved individual shall operate to reduce the back pay otherwise allowable;

(b) Admission or restoration of the aggrieved individual to union membership, admission to or participation in a guidance program, apprenticeship training program, on-the-job training program, or other occupational training or retraining program, and the utilization of objective criteria in the admission of individuals to such programs;

(c) The extension to all individuals of the full and equal enjoyment of the advantages, facilities, privileges and services of the employer;

(d) Reporting as to the manner of compliance;

(e) Posting notices in conspicuous places in the employer's place of business in form prescribed by the Department of Labor.

Section 11. A new section of KRS Chapter 207 is created to read as follows:

Cities and counties may adopt and enforce, or authorize commissions or agencies to enforce ordinances, orders and resolutions prohibiting unfair treatment of individuals on the basis of physical or mental handicap, and may prescribe penalties for violation thereof, such penalties being in addition to those herein authorized.

Section 12. A new section of KRS Chapter 207 is created to read as follows:

Notwithstanding the provisions of Sections 9 and 10 of this Act, citizen suits may be commenced under the following terms and conditions:

(1) Any person deeming himself injured by any act in violation of the provisions of this chapter shall have a civil cause of action in circuit court to enjoin further violations, and to recover the actual damages sustained by him, and upon judicial finding of any violation of Sections 4, 5, 6, 7, or 8 of this Act, shall recover the costs of the law suit, including a reasonable fee for his attorney of record, all of which shall be in addition to any other remedies contained in this chapter.

(2) Notice. No action may be commenced:

(a) Prior to thirty (30) days after the plaintiff has given notice of the violation to the Commissioner of Labor.

(b) If the Commissioner of Labor has commenced and is diligently prosecuting a civil action to require compliance with this chapter; however, the aforementioned conditions do not prohibit citizen-initiated civil enforcement action contemporaneously with criminal enforcement efforts by the state.

(c) In any civil action under this section, the Commissioner of Labor, if not a party, may intervene only with consent of the person bringing the action. If the administrator is allowed to intervene, he may not alter the cause of action, delay the proceedings, or make any decisions, settlement agreements, or agree to any consent orders or enforcement proceeding without the informed consent of the person initiating the citizens enforcement action.

Section 13. A new section of KRS Chapter 207 is created to read as follows:

Any person who commits an unfair employment practice as defined in Sections 4, 5 and 6 or an unfair housing practice as defined in Sections 7 and 8 shall be fined not more than $1,000 or imprisoned not more than thirty (30) days or both.

SB 21, AN ACT relating to children.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 208.110 is amended to read as follows:

(1) The law relating to the persons by whom and the circumstances under which a person may be arrested for a public offense shall be applicable to children, but the taking of a child into custody under such law shall not be termed an arrest, and a child after having been so taken into custody shall be dealt with as provided in KRS 208.010 to 208.540. The law relating to bail shall not be applicable to children detained in accordance with KRS 208.010 to 208.540.

(2) When a child is taken into custody by a person other than a peace officer, on a charge of committing a public offense, such person shall as soon as possible place the child in the custody of a peace officer.

(3) When a peace officer has taken or received a child into custody on a charge of committing an offense, under the provisions of KRS 208.020(1)(a), (b), or (c) the officer shall immediately notify the parent, or if the parent is not available, then a relative, guardian, or custodian of the child, that the child has been detained, give an account of specific charges against the child, including the specific statute alleged to have been violated, and the reasons for the detention, and state the time and place of the detention hearing. Unless the nature of the offense or other circumstances are such as to indicate the necessity of keeping the child in secure custody, the officer shall release the child to the custody of his parent or other responsible adult upon the written promise, signed by such person, to bring the child to the court at a stated time or at such time as the court may direct. The written promise, accompanied by a written report by the officer, shall be submitted to the court forthwith. If the person fails to produce the child as agreed or upon notice from the court, a petition, warrant, or both may be issued for the apprehension of the person or of the child, or both.

(4) The peace officer may, in lieu of following the procedure set forth in subsection (3) of this section, take a child to a court approved center offering voluntary services to children and release the child without formal charges being filed, provided that the offense the child has allegedly committed under the provisions of KRS 208.020(1) (a), (b) or (c):

(a) is not a felony offense; and

(b) the peace officer has received the permission of the parent or other responsible adult; and

(c) has followed guidelines which the court has established for such release.

(5) [(4)] If the child is not released as provided in subsection (3) *or (4)* of this section, the child shall be taken without delay to the court or to the detention facility provided for under KRS 208.130. If taken to the detention facility, the officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention. When a child is detained in any way or for any reason, there shall be a hearing held within forty-eight (48) hours, exclusive of

Sunday, of the commencement of detention to determine whether or not there is reasonable cause to believe that an offense has been committed and that the detained child committed the offense. The commonwealth shall bear the burden of proof, and if it shall fail to establish such reasonable cause, the child shall be released and the complaint dismissed. If such reasonable cause is established, the court shall then determine whether or not the circumstances surrounding the child are such as to endanger its safety or welfare or that of the community. The commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence. Upon such showing of proof and order of the court, the child shall be detained until such time as the court may withdraw the order for detention or make a speedy disposition in the child's best interest. Unless such a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible person pending further disposition of the case. A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.

(6)[(5)] Whether the child is released before or after a hearing, or is detained as the result of such a hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least forty-eight (48) hours prior to the initial hearing on the case.

HB 271, AN ACT relating to the protection of the environment.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of KRS Chapter 224 is created to read as follows:

(1) The attorney general, any political subdivision of the state, any instrumentality or agency of the state or of a political subdivision thereof, any person, partnership, corporation, association, organization or other legal entity may maintain an action in the circuit court having jurisdiction where the alleged violation occurred or is likely to occur for declaratory and equitable relief against the state, any political subdivision thereof, any instrumentality or agency of the state or of a political subdivision thereof, any person, partnership, corporation, association, organization or other legal entity for the protection of the air, water and other natural resources and the public trust therein from pollution, impairment or destruction.

(2) In granting relief provided by subsection (1) where there is involved a standard for pollution or for an anti-pollution device or procedure, fixed by rule or otherwise, by an instrumentality or agency of the state or a political subdivision thereof, the court may:

(a) Determine the validity, applicability and reasonableness of the standard.

(b) When a court finds a standard to be deficient, direct the adoption of a standard approved and specified by the court.

Section 2. A new section of KRS Chapter 224 is created to read as follows:

If the court has reasonable ground to doubt the solvency of the plaintiff or the plaintiff's ability to pay any cost or judgment which might be rendered against him in an action brought under this Act the court may order the plaintiff to post a surety bond or cash not to exceed $500.00.

Section 3. A new section of KRS Chapter 224 is created to read as follows:

(1) When the plaintiff in the action has made a prima facie showing that the conduct of the defendant has, or is likely to pollute, impair or destroy the air, water or other natural resources or the public trust therein, the defendant may rebut the prima facie showing by the submission of evidence to the contrary. The defendant may also show, by way of an affirmative defense, that there is no feasible and prudent alternative to defendant's conduct and that such conduct is consistent with the promotion of the public health, safety and welfare in light of the state's paramount concern for the protection of its natural resources from pollution, impairment, or destruction. Except as to the affirmative defense, the principles of burden of proof and weight of the evidence generally applicable in civil actions in the circuit courts shall apply to actions brought under this Act.

(2) The court may appoint a master or referee, who shall be a disinterested person and technically qualified, to take testimony and make a record and a report of his findings to the court in the action.

(3) Costs may be apportioned to the parties if the interests of justice require.

Section 4. A new section of KRS Chapter 224 is created to read as follows:

(1) The court may grant temporary and permanent equitable relief, or may impose conditions on the defendant that are required to protect the air, water and other natural resources or the public trust therein from pollution, impairment or destruction.

(2) If administrative, licensing or other proceedings are required or available to determine the legality of the defendant's conduct, the court may remit the parties to such proceedings. In so remitting the court may grant temporary equitable relief where necessary for the protection of the air, water and other natural resources or the public trust therein from pollution, impairment or destruction. In so remitting the court shall retain jurisdiction of the action pending completion thereof for the purpose of determining whether adequate protection from pollution, impairment or destruction has been afforded.

(3) Upon completion of such proceedings, the court shall adjudicate the impact of the defendant's conduct on the air, water or other natural resources and on the public trust therein in accordance with this Act. In such adjudication the court may order that additional evidence be taken to the extent necessary to protect the rights recognized in this Act.

(4) Where, as to any administrative, licensing or other proceeding, judicial review thereof is available, the court originally taking jurisdiction shall maintain jurisdiction for purposes of judicial review.

Section 5. A new section of KRS Chapter 224 is created to read as follows:

(1) Whenever administrative, licensing or other proceedings, and judicial review thereof are available by law, the agency or the court may permit the attorney general, any political subdivision of the state, any instrumentality or agency of the state or of a political subdivision thereof, any person, partnership, corporation, association, organization or other legal entity to intervene as a party on the filing of a pleading asserting that the proceeding or action for judicial review involves conduct which has, or which is likely to have, the effect of polluting, impairing or destroying the air, water or other natural resources or the public trust therein.

(2) In any such administrative, licensing or other proceedings, and in any judicial review thereof, any alleged pollution, impairment or destruction of the air, water or other natural resources or the public trust therein, shall be determined, and no conduct shall be authorized or approved which does, or is likely to have such effect so long as there is a feasible and prudent alternative consistent with the reasonable requirements of the public health, safety and welfare.

(3) The doctrine of collateral estoppel and res judicata may be applied by the court to prevent multiplicity of suits.

However, any registered voter, whether registered as a member of a party or as an independent, shall be qualified to vote in primary elections for candidates listed in nonpartisan races *and offices of the Court of Justice.*

(4) It will permit a voter to vote for as many persons for an office as he is lawfully entitled to vote for, and no more.

(5) It will prevent a voter from voting for the same person, or for or against the same question, more than once.

(6) It will permit a voter to vote for or against any question he may have the right to vote on, but no other.

(7) It may be adjusted for use in primary elections so that a voter may not vote for any person except those seeking nomination as candidates of his party *or as candidates for an office of the Court of Justice.*

(8) It will correctly register and accurately count all votes cast for each person, and for or against each public question.

(9) It can be determined whether the machine has been unlocked and operated after once being locked.

(10) It will show at all times during an election how many persons have voted by a device hereinafter referred to as a public counter.

(11) The counter indicating the number of votes cast for each person and for or against each public question cannot be seen or tampered with without unlocking a covering device that cannot be unlocked by a key that unlocks any other part of the machine. When such counters are so exposed the machine can no longer be placed into condition for operation without the use of a special key, which key shall not have been in the possession of the election officers at the polling places; but if this requirement has the effect of eliminating from consideration any other make of machine such requirement shall not apply.

(12) The operating device and operating mechanism may be locked before the time for opening the polls and after the time for closing the polls.

(13) It is accompanied by a mechanical model illustrating the manner of voting on the machine, suitable for the instruction of voters.

(14) It will permit a voter to vote for all the candidates for presidential electors of any party by one (1) operation.

(15) It will permit a voter to vote, in any regular or special election, for any person desired to be voted for whose name does not appear upon the voting machine.

(16) It bears a number that will distinguish it from any other machine.

(17) The frames in which ballot labels are placed shall be constructed with transparent protective devices, in order that the names thereon cannot be mutilated or altered.

(1) The county executive committee of any political party having a ticket to elect at any regular election, may designate not more than two (2) challengers to be present at and witness the holding of the election in each precinct in the county. The challengers shall be entitled to stay in the room or at the door. The challengers shall be registered voters of the county in which the election is held, shall be appointed in writing signed by the chairman of the committee and shall produce written appointments on demand of any election officer.

(2) Any school board candidate, independent candidate, *candidate for an office of the Court of Justice,* or independent ticket at the regular election may designate not more than one (1) challenger to be present at and witness the holding of the elections in each precinct in the county. If more than one (1) committee alleging itself to advocate or oppose the same amendment file such a petition, the county board of elections shall decide, and announce by registered mail or by certified mail, return receipt requested to each committee not less than twenty (20) days immediately preceding the election, which committee is entitled to nominate the challengers and inspectors. Such decision shall not be final, but any aggrieved party may institute proceedings in the county court, and upon hearing the county judge shall determine which of such committees shall be recognized as the one to select inspectors and challengers at the election.

(4) The committee shall file the names of the persons nominated by it with the clerk of the county at least five (5) days before the election. The county board of elections shall, within two (2) days thereafter, certify the nominees of the committee for the respective precincts to serve as challengers and inspectors at the election where any constitutional amendment or public question is to be voted upon. If more than one (1) amendment or question is to be voted upon, the county board of elections may designate, on the petition of the committee, one (1) person for each amendment and question to serve as inspector at the election and one (1) person for each amendment and question to serve as challenger at the election.

(5) The challengers and inspectors shall perform their duties in the same manner and be subject to the same privileges as other inspectors and challengers at an election.

(6) Each political party is entitled to have not exceeding two (2) challengers at each precinct during the holding of the primary election. Any group of bona fide candidates, as defined in KRS 118.176, of the same political party equal to twenty-five percent (25%) of all the candidates for that party to be voted for in a county in any primary, including state, district and all other candidates, may recommend to the county committee or governing authority of the party for the county a list of persons whom they desire to have appointed as challengers in each precinct in the county. If more than two (2) such lists are furnished, the committee or governing authority, in making appointments of challengers, shall alternate between the several lists so furnished so as to give to each list an equal amount or proportion of the appointments, but in no event shall there be appointed more than one (1) challenger for any precinct from any one (1) list. The list of challengers shall be presented to the chairman or secretary of the party committee of the county not less than seven (7) days before the date on which the primary is to be held, and the committee or the chairman thereof shall make the appointments and certify to same at least four (4) days before the date on which the primary is held. The provisions of this section shall be enforceable against the chairman of the political party committees by a mandatory summary proceeding instituted in the circuit court. The order of the court may be reviewed by the Court of Appeals as provided for the granting or dissolving of temporary injunctions.

Section 23. KRS 118.105 is amended to read as follows:

(1) Except as provided in subsections (3) and (4) of this section and in KRS 118.115, every political party shall nominate all of its candidates for elective offices to be voted for at any regular election at a primary election held as provided in this chapter, and the governing authority of any political party shall have no power to nominate any candidate for any elective office or to provide any method of nominating candidates for any elective office other than by primary elections as provided in this chapter.

(2) Any political organization not constituting a political party as defined in KRS 118.015 may make its nominations as provided in KRS 118.325.

(3) If a vacancy occurs in the nomination of an unopposed candidate or in a nomination made by the primary before the ballots are printed for the regular election, the governing authority of the party may provide for filling the vacancy. When such a nomination has been made, the certificate of nomination shall be signed by the chairman and secretary of the governing authority of the party making it, and shall be filed in the same manner as certificates of nomination at a primary election.

(4) This chapter does not apply to candidates for subdistrict school trustees, members of boards of education, members of the legislative bodies of cities of the fifth or sixth class, or presidential electors, nor to candidates for mayor [, police judge] or commissioner in cities of the fourth class operating under the commission form of government and in cities of the second, third or fourth class operating under the city manager form of government.

However, any registered voter, whether registered as a member of a party or as an independent, shall be qualified to vote in primary elections for candidates listed in nonpartisan races *and offices of the Court of Justice.*

(2) It provides facilities that will permit votes to be cast for any candidate entitled to have his name printed upon the ballots at any regular, special or primary election, and for or against any public question entitled to be placed upon the ballots.

(3) It will, except at primary elections, permit a voter to vote for all the candidates of one (1) party or for one (1) or more candidates of every party having candidates entitled to be voted for, or for one (1) or more independent candidates.

(4) It will permit a voter to vote for as many persons for an office as he is lawfully entitled to vote for, and no more.

(5) It will prevent a voter from voting for the same person, or for or against the same question, more than once.

(6) It will permit a voter to vote for or against any question he may have the right to vote on, but no other.

(7) It may be adjusted for use in primary elections so that a voter may not vote for any person except those seeking nomination as candidates of his party *or as candidates for an office of the Court of Justice.*

(8) It will correctly register and accurately count all votes cast for each person, and for or against each public question.

(9) It can be determined whether the machine has been unlocked and operated after once being locked.

(10) It will show at all times during an election how many persons have voted by a device hereinafter referred to as a public counter.

(11) The counter indicating the number of votes cast for each person and for or against each public question cannot be seen or tampered with without unlocking a covering device that cannot be unlocked by a key that unlocks any other part of the machine. When such counters are so exposed the machine can no longer be placed into condition for operation without the use of a special key, which key shall not have been in the possession of the election officers at the polling places; but if this requirement has the effect of eliminating from consideration any other make of machine such requirement shall not apply.

(12) The operating device and operating mechanism may be locked before the time for opening the polls and after the time for closing the polls.

(13) It is accompanied by a mechanical model illustrating the manner of voting on the machine, suitable for the instruction of voters.

(14) It will permit a voter to vote for all the candidates for presidential electors of any party by one (1) operation.

(15) It will permit a voter to vote, in any regular or special election, for any person desired to be voted for whose name does not appear upon the voting machine.

(16) It bears a number that will distinguish it from any other machine.

(17) The frames in which ballot labels are placed shall be constructed with transparent protective devices, in order that the names thereon cannot be mutilated or altered.

(1) The county executive committee of any political party having a ticket to elect at any regular election, may designate not more than two (2) challengers to be present at and witness the holding of the election in each precinct in the county. The challengers shall be entitled to stay in the room or at the door. The challengers shall be registered voters of the county in which the election is held, shall be appointed in writing signed by the chairman of the committee and shall produce written appointments on demand of any election officer.

(2) Any school board candidate, independent candidate, *candidate for an office of the Court of Justice,* or independent ticket at the regular election may designate not more than one (1) challenger to be present at and witness the holding of the elections in each precinct in the county. If more than one (1) committee alleging itself to advocate or oppose the same amendment file such a petition, the county board of elections shall decide, and announce by registered mail or by certified mail, return receipt requested to each committee not less than twenty (20) days immediately preceding the election, which committee is entitled to nominate the challengers and inspectors. Such decision shall not be final, but any aggrieved party may institute proceedings in the county court, and upon hearing the county judge shall determine which of such committees shall be recognized as the one to select inspectors and challengers at the election.

(4) The committee shall file the names of the persons nominated by it with the clerk of the county at least five (5) days before the election. The county board of elections shall, within two (2) days thereafter, certify the nominees of the committee for the respective precincts to serve as challengers and inspectors at the election where any constitutional amendment or public question is to be voted upon. If more than one (1) amendment or question is to be voted upon, the county board of elections may designate, on the petition of the committee, one (1) person for each amendment and question to serve as inspector at the election and one (1) person for each amendment and question to serve as challenger at the election.

(5) The challengers and inspectors shall perform their duties in the same manner and be subject to the same privileges as other inspectors and challengers at an election.

(6) Each political party is entitled to have not exceeding two (2) challengers at each precinct during the holding of the primary election. Any group of bona fide candidates, as defined in KRS 118.176, of the same political party equal to twenty-five percent (25%) of all the candidates for that party to be voted for in a county in any primary, including state, district and all other candidates, may recommend to the county committee or governing authority of the party for the county a list of persons whom they desire to have appointed as challengers in each precinct in the county. If more than two (2) such lists are furnished, the committee or governing authority, in making appointments of challengers, shall alternate between the several lists so furnished so as to give to each list an equal amount or proportion of the appointments, but in no event shall there be appointed more than one (1) challenger for any precinct from any one (1) list. The list of challengers shall be presented to the chairman or secretary of the party committee of the county not less than seven (7) days before the date on which the primary is to be held, and the committee or the chairman thereof shall make the appointments and certify to same at least four (4) days before the date on which the primary is held. challengers at regular elections, except that the challengers of one (1) political party shall not be entitled to challenge persons who offer to vote for candidates of any other party in the primary. The provisions of this section shall be enforceable against the chairman of the political party committees by a mandatory summary proceeding instituted in the circuit court. The order of the court may be reviewed by the Court of Appeals as provided for the granting or dissolving of temporary injunctions.

Section 23. KRS 118.105 is amended to read as follows:

(1) Except as provided in subsections (3) and (4) of this section and in KRS 118.115, every political party shall nominate all of its candidates for elective offices to be voted for at any regular election at a primary election held as provided in this chapter, and the governing authority of any political party shall have no power to nominate any candidate for any elective office or to provide any method of nominating candidates for any elective office other than by primary elections as provided in this chapter.

(2) Any political organization not constituting a political party as defined in KRS 118.015 may make its nominations as provided in KRS 118.325.

(3) If a vacancy occurs in the nomination of an unopposed candidate or in a nomination made by the primary before the ballots are printed for the regular election, the governing authority of the party may provide for filling the vacancy. When such a nomination has been made, the certificate of nomination shall be signed by the chairman and secretary of the governing authority of the party making it, and shall be filed in the same manner as certificates of nomination at a primary election.

(4) This chapter does not apply to candidates for subdistrict school trustees, members of boards of education, members of the legislative bodies of cities of the fifth or sixth class, or presidential electors, nor to candidates for mayor [, police judge] or commissioner in cities of the fourth class operating under the commission form of government and in cities of the second, third or fourth class operating under the city manager form of government.

HR 44, A RESOLUTION memorializing the Congress and President of the United States to limit beef import.

WHEREAS, depressed prices have characterized the beef industry in recent years; and

WHEREAS, the high level of beef imports increases the supply and forces down the price received by American beef operators; and

WHEREAS, a continuation of these abnormally low prices will force many of our farmers out of business and create further disturbances in our economic system; and

WHEREAS, the American consumer can ill afford greater dependence in future years on foreign supplies of products as illustrated by the recent experience with the oil crisis;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Congress and President of the United States are hereby memorialized to develop appropriate steps to insure the viability of the American beef industry by limiting beef imports.

Section 2. That a copy of this resolution be sent to the President, Kentucky's Congressional delegation, and the Secretary of Agriculture.

(3) The commission shall elect a chairman, secretary and treasurer. Each commissioner shall execute a bond, approved by the county court, conditioned on the faithful performance of the duties of his position.

HB 100, AN ACT relating to workmen's compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

A new section of KRS Chapter 342 is created to read as follows:

(1) For the purposes of this chapter an owner or owners of a business, including partners of a partnership owning a business, whether or not employing any other person to perform a service for hire, shall be included within the meaning of the term employe if such owner, owners, or partners elect to come under the provisions of this chapter and provide the insurance required thereunder. Nothing in this section shall be construed to limit the responsibilities of such owners or partners to provide coverage for their employe, if any, required under this chapter.

(2) When an owner, owners or partners have elected to be included as employes such shall be accomplished by the issuance of an appropriate endorsement to a Workmen's Compensation insurance policy.

HB 107, AN ACT relating to workmen's compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.316 is amended to read as follows:

(1)(a) The employer liable for compensation for occupational disease shall be the employer in whose employment the employe was last exposed to the hazard of the occupational disease during any period in which this section is applicable to a coal mine, an operator who acquired it or substantially all of its assets from a person who was its operator on and after January 1, 1973, shall be liable for, and secure the payment of, the benefits which would have been payable by the prior operator under this section with respect to miners previously employed in the mine if it had not been acquired by such later operator. At the same time, however, this subsection does not relieve the prior operator of any liability under this section. Also, it does not affect whatever rights the later operator might have against the prior operator. Said employer shall have the right to contribution from each previous employer, as determined in an independent civil action, wherein the employe was similarly exposed to the hazard of said occupational disease, in a sum equal to the ratio that each exposure employment time bears to the total exposure employment time except as otherwise provided in paragraph (a) of subsection (13) of this section.

(b) The time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later.

(2)(a) The procedure with respect to the giving of notice and determination of claims in occupational disease cases and the compensation and medical benefits payable for disability or death due to such disease shall be the same as in cases of accidental injury or death under the general provisions of this chapter except that notice of claim shall be given to the employer as soon as practicable after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted such disease, or a diagnosis of such disease is first communicated to him, whichever shall first occur.

(b) The procedure with respect to filing of *coal worker's pneumoconiosis or silicosis* claims shall be as follows:

1. The application shall set forth the work history of the applicant with a concise description of injurious exposure to a specific occupational disease together with the names and addresses of employer or employers with the approximate date of employment and shall also include with the application two (2) written medical reports supporting his claim. These medical reports shall be made on the basis of comprehensive clinical examinations and shall contain full and complete statements of the results thereof. The reports shall be made by duly licensed physicians. The clinical examinations shall include X-ray examinations. However, the failure of an X-ray examination to disclose the presence of an occupational disease shall not affect the legal presumption referred to in subsection (5) of this section.

2. The filing of a properly executed application for adjustment of claim, accompanied by the two (2) medical reports described in subparagraph 1. of this paragraph, shall satisfy the requirements of the presumptive clause set out in subsection (5) of this section and the burden of proof shall immediately thereafter shift to the employer and the special fund.

3. Immediately upon receipt of said application for adjustment of claim, the board shall notify the affected employer, the special fund and any other interested party of such claim and shall furnish them with a full and complete copy of the claim.

4. Upon receipt of notice of claim the employer, the special fund, and any other interested party shall have the right to have the claimant examined by competent medical experts, at their expense, including a reasonable sum for travel. After said examination, the claimant or his representative, shall be furnished a copy of said medical report within a reasonable time.

5. Within sixty (60) days of the filing of the claim the employer, the special fund, and any other interested party shall notify the board and the claimant whether or not the claim will be resisted. If the claim is not resisted, then the board shall within ten (10) days enter an order and award for the claimant. If the claim is resisted, the board shall set a date for a hearing and shall notify all parties thereof. In litigated claims the regular procedures prescribed by the workmen's compensation board shall be followed.

(3) The right to compensation under this chapter for disability resulting from an occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within three (3) years after the last injurious exposure to the occupational hazard or after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted the disease, whichever shall last occur; and if death results from the occupational disease within said period unless a claim therefor be filed with the workmen's compensation board within three (3) years after such death; *Provided, however, in cases in which the nature of the disease or its relationship to the employment is not known to the employe, or his dependents in the event of his being deceased, the time for*

filing a claim shall not begin to run until the employe or his dependents know, or by the exercise of reasonable diligence should know, of the existence of the disease and its possible relationship to his employment and sustains disability under this act; Provided, however, That notice of such claim shall be deemed waived in case of disability or death where the employer or his insurance carrier, voluntarily makes payment therefor, or, if the incurrence of the disease or the death of the employe, and its cause was known to the employer. [Provided, however, That the right to compensation for any occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within five (5) years from the last injurious exposure to the occupational hazard, except that, in cases of radiation disease, a claim must be filed within 20 years from the last injurious exposure to the occupational hazard.]

(4) The amount of compensation payable for disability due to occupational disease or for death from such disease, and the time and manner of its payment, shall be the same as provided for accidental injury or death under the general provisions of the workmen's compensation act, but in no event to exceed such amounts as were in effect at the time of the last injurious exposure, and provided further, that the time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later, and provided further, that in case of death where the employe has been awarded compensation or made timely claim within the period provided for in this section, an employe has suffered continuous disability to the date of his death occurring at any time within 20 years from the date of disability, his dependents, if any, shall be awarded compensation for his death as provided for under the general provisions of the workmen's compensation act and in this section.

(5) Where the occupational disease is a compensable pneumoconiosis and there has been employment exposure for 10 years or more to an industrial hazard sufficient to cause the disability of pneumoconiosis there shall be a rebuttable presumption that the disability or death was due to the compensable pneumoconiosis.

(6) Where the employe is suffering or suffered from a chronic dust disease of the lung which (a) when diagnosed by chest roentgenogram, yields one or more large opacities (greater than one (1) centimeter (0.3937") in diameter) and would be classified in category A, B, or C in the international classification of radiographs of the pneumoconioses by the international labor organization, (b) when diagnosed by biopsy or autopsy, yields massive lesions in the lung, or (c) when diagnosis is made by other means, would be a condition which could reasonably be expected to yield results described in paragraph (a) or (b) if diagnosis had been made in the manner prescribed in paragraph (a) or (b), then there shall be an irrebuttable presumption that he is totally disabled due to pneumoconiosis or that his death was due to pneumoconiosis, as the case may be.

(7) In case of disability or death from silicosis, coal workers' pneumoconiosis, or any other compensable pneumoconiosis, complicated with tuberculosis of the lungs, pulmonary emphysema or other pulmonary dysfunction and there has been employment exposures to harmful dust or industrial hazards reasonably competent to produce such accompanying disease or dysfunction, there is a rebuttable legal presumption that all resultant disability therefrom is work related and compensable, and compensation shall be payable as for the uncomplicated disease, provided, however, that the disease or dysfunction was an essential factor in causing such disability or death.

(8) If an autopsy has been performed, no testimony relative thereto shall be competent unless the employer or his representative has available findings and reports of the pathologist or doctor who performed the autopsy examination.

(9) No compensation shall be payable for occupational disease if the employe at the time of entering the employment of the employer by whom compensation would otherwise be payable, falsely represented himself, in writing, as not having been previously disabled, laid off, or compensated in damages or otherwise, because of such disease, or failed or omitted truthfully to state to the best of his knowledge, in answer to written inquiry made by the employer, the place, duration and nature of previous employment, or, to the best of his knowledge, the previous state of his health.

(10) No compensation for death from occupational disease shall be payable to any person whose relationship to the deceased, which, under the provisions of this chapter would give right to compensation, arose, subsequent to the beginning of the first compensable disability, save only to after-born children of a marriage existing at the beginning of such disability.

(11) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the general provisions of this chapter and it is subsequently discovered, at any time before the final disposition of such cause, that the claim for injury, disability or death which was the basis for such application should properly have been made under the provisions of this section, then the application so filed may be amended in form or substance, or both, to assert a claim for such injury, disability or death under the provisions of this section, and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this chapter. When such amendment is submitted, further or additional evidence may be heard by the board when deemed necessary. Nothing this section contains shall be construed to be or permit a waiver of any of the provisions of this chapter with reference to notice of time for filing of a claim, but notice of filing a

claim, if given or done, shall be deemed to be a notice of filing of a claim under provisions of this chapter, if given or done within the time required herein.

(12) When an employe has an occupational disease that is covered by this chapter, the employer in whose employment he was last injuriously exposed to the hazard of the disease, and the employer's insurance carrier, if any, at the time of the exposure, shall alone be liable therefor, without right to contribution from any prior employer or insurance carrier; except as otherwise provided herein.

(13)(a) The employer liable for compensation for occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for silicosis and any other compensable pneumoconiosis, shall be the employer in whose employment the employe was last exposed to the hazard of such occupational disease. In those cases where disability or death are not conclusively proven to be the result of such last exposure all compensation shall be paid out of the special fund for all claims filed prior to January 1, 1973; and 75 per cent shall be paid by the special fund and 25 per cent by the employer for all claims filed thereafter. In all other cases of occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for silicosis and any other compensable pneumoconiosis, the compensation for disability or death due to such diseases shall be paid jointly by the employer and the special fund, and the employer shall be liable for sixty per cent (60%) of the compensation due and the special fund shall be liable for forty per cent (40%) of the compensation due. Provided, however, That when there is a joint award against the carrier or self-insured employer and the special fund under this section, all of the compensation awarded shall be paid from the special fund and the special fund shall be reimbursed by the carrier or self-insured employer on a quarterly basis and under such regulations as the board may provide for such purpose.

(b) In all claims for compensation partially payable by the special fund the commissioner of labor, as custodian of said fund, shall be designated as codefendant.

(c) In all agreements for the payment of compensation and awards the amount payable by the employer and the amount payable out of the special fund shall be separately stated. An award against the employer shall be for only the percentage of the total compensation which the employer is obligated to pay. A separate award shall be made against the special fund for the balance of the compensation payable. Nothing in this section shall prohibit the commissioner of labor as custodian of the special fund, from entering into agreements to pay the compensation for which it is liable; Provided, however, That where compensation is payable by both the employer and the special fund, the commissioner shall not enter into an agreement unless the employer is a party to the agreement.

1976-77 .... $404,099,400
1977-78 .... $448,756,600

Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

The amount to be included for the 1976-77 school year in the Foundation Programs of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$ 9,513	$ 8,913	$ 8,313	$6,609	$5,917
4-9 years	10,683	10,083	9,513	6,609	5,917
10 years & over	11,363	10,763	10,183	6,609	5,917

Beginning with the school year 1977-78, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$10,218	$ 9,618	$ 9,018	$7,314	$6,620

10 years & over	12,068	11,468	10,888	7,314	6,620

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the Foundation Program allotment for that rank, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Department of Revenue. Said department shall then determine whether or not there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Department of Revenue shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The allotment to any school district of classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

Entitlement for basic classroom units obtained in schools of one classification shall not be allocated to schools of another classification. For the purposes of determining such entitlement, classification shall be as follows:

(1) One-teacher schools;

(2) Schools, other than one-teacher schools, with less than one hundred pupils in average daily attendance; and

(3) Schools, other than one-teacher schools, with more than one hundred pupils in average daily attendance.

In the determination of allotments pursuant to KRS 157.360(2), there shall not be allotted a full classroom unit for any non-isolated one-teacher school with fewer than 27 pupils in average daily attendance, or for any isolated one-teacher school which has fewer than 12 pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1975-76	1976-77	1977-78
Vocational Education	2,230	2,458	2,732

In the event the State Road Fund estimates are revised during the biennium the Department of Transportation shall submit its annual budget based upon the new estimates. These estimates are to be certified by the Commissioner of Revenue to the Commissioner for Finance and Administration and upon the approval of the Governor the Commissioner for Finance and Administration shall make the appropriate increases or decreases to the Department of Transportation's annual budget. If the State Road Fund estimates are increased or decreased during a fiscal year the Department of Transportation shall request from the Department for Finance and Administration with approval of the Governor authority to increase or decrease its annual budget in accordance with Part V, General Provisions, Section 9 of this Act. In the event these monies, or any portion thereof, are not made available to the Commonwealth, the Commissioner of the Executive Department for Finance and Administration shall take appropriate action as required by Part V, General Provisions, Section 9 of this Act.

PART V
GENERAL PROVISIONS

1.

Nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1976, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42 and 45 of the Kentucky Revised Statutes pertaining to the duties and powers of the Commissioner of the Executive Department for Finance and Administration. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Commissioner for Finance and Administration in accordance with the detailed estimates embodied in the Executive Budget 1976-78 and supporting work papers, as considered by the General Assembly, and the decision of the Commissioner of the Executive Department for Finance and Administration shall be final and conclusive.

2.

In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3.

The Commissioner of the Executive Department for Finance and Administration is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Department of Personnel, Executive Department for Finance and Administration, Treasury, and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs. Any reimbursements received from Federal Funds under this system or formula shall accrue to the General Fund and any system or formula for the proration shall be developed pursuant to the provisions of KRS 18.330.

4.

All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act, notwithstanding any provisions of the Kentucky Revised Statutes to the contrary, except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5.

At such time as the Congress of the United States may enact into law a provision increasing or extending coverage of Federal minimum wage requirements now in effect, the Commissioner of the Executive Department for Finance and Administration with the approval of the Governor, shall be authorized to pay, out of any available General Fund Surplus, to those state employees affected by such increase, an amount necessary to raise their respective compensation to a level consistent with the requirements of any such newly enacted provision increasing minimum wage requirements.

6.

Funds necessary to continue existing revolving accounts are appropriated for each fiscal year of the 1976-78 biennium. Any surplus funds in any such account at the closing of books for the fiscal year shall lapse. If any revolving account is abolished, or funds therein are lapsed during the 1976-78 biennium, such funds shall lapse to the General Fund if such General Funds were in part or in whole used to establish or sustain the revolving fund. If no general funds were involved, funds shall be returned to the original source.

7.

No state agency, cabinet, department, office or program shall incur any obligation against the general fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the Governor's budget proposal and is supported by appropriate work papers and other records pertaining thereto.

8.

Any appropriation made herein by the General Fund in anticipation of loss or reduction of Federal grants shall lapse to the General Fund to the extent such Federal funds otherwise become available.

9.

Whereas, inasmuch as the finances of the Commonwealth cannot be ascertained with absolute certainty at this time, and since the actual needs of each officer, cabinet, department, board, commission, institution, agency or other activity or subdivision of state government can only be anticipated and not finally determined by the General Assembly, and since the total amount of revenue accruing to the General Fund and to the Transportation Fund and accruing from various fees or from Federal funds from which appropriations are made can only be anticipated as being produced through existing laws and those that may hereafter be enacted, and recognizing the complex nature of the economy, it is the purpose and intention of this Act that the expenditures for each fiscal year shall not exceed the total financial resources accruing to any Fund, as defined in KRS Chapter 45, for the same fiscal year. As the conditions cannot be fully determined until after the adjournment of the 1976 General Assembly, and as the needs of each officer, cabinet, department, board, agency, commission, institution, subdivision or activity of state government, together with the total financial resources accruing to the General Fund and the Transportation Fund cannot be fully determined at this time, it is the intention and purpose of this General Assembly that the Commissioner of the Executive Department for Finance and Administration, with the advice of the Commissioner of the Department of Revenue, upon approval of the Governor of the Commonwealth, is authorized, empowered and directed to ascertain and determine the needs of each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government and to ascertain the total financial resources anticipated to be accrued to the General Fund and the Transportation Fund of the Commonwealth, and upon the ascertainment and determination of said facts, he, the Commissioner of the Executive Department for Finance and Administration, in the manner set forth as provided by general law, is authorized, empowered, and directed by the General Assembly to prevent an overdraft or deficit in any fiscal year for which appropriations are herein made, by equitably reducing, according to needs, without discrimination, the appropriations herein made from the General Fund and Transportation Fund to each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity in state government, provided, however, that the power invested shall not permit any reduction of the appropriations of any officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government that will actually impair the necessary constitutional functions of such agency or activity, the operations and functions of which are determined to be necessary constitutional functions of state government.

HB 251, AN ACT relating to transfer of prisoners to state hospital.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of KRS Chapter 202 is created to read as follows:

(1) Whenever an inmate of any jail or juvenile facility is reported by the staff of that institution to the county judge of the county wherein the facility is located as being so mentally defective or mentally ill that he will cause injury to himself or others and that he cannot be properly treated with the facilities at the disposal of the physician, the county judge shall order that a mental examination be conducted on such inmate by a

physician of the regular state hospital service.

(2) When an examination is ordered under subsection (1), the county judge shall designate a competent person from the county in which the person is incarcerated to convey the person to the institution, and only the actual traveling expenses of conveying any person to the institution shall be paid. The court which orders any person to a hospital under this provision shall at once notify the hospital that such order has been made and advising of the sex and condition of the person.

(3) The inmate shall be examined at the state hospital most convenient to the county where incarcerated. Any inmate ordered to a hospital pursuant to this provision shall be examined by an authorized staff physician of the hospital as soon as practicable but not more than forty-eight (48) hours after his arrival.

(4) If the examination reveals that the inmate is in need of observation and treatment on account of mental deficiency or mental illness, he shall remain, or be transferred to another state hospital where such observation and treatment can most properly be administered. Upon such admission the hospital shall notify the court which has jurisdiction of such administration.

(5) The inmate admitted under subsection (4) shall remain until the staff of the hospital which received him advises the court that his condition has so far improved that he may be returned to the facility from which he came without special jeopardy to his mental health or to the discipline and conduct of the facility.

(6) Should hospitalization of an inmate extend for a period of sixty (60) days or if the sentence which the inmate had been serving at the time of his hospitalization expires and he is still mentally ill or mentally defective and fit subject for commitment to a state hospital or institution, the staff of the hospital shall notify the court having jurisdiction and immediately commence proceedings for involuntary hospitalization.

(7) During the time of inmate's stay in a state hospital his legal status as a prisoner shall remain unchanged until the termination of his sentence. The hospital staff shall have no authority to parole him, grant him permission to visit relatives or friends outside the hospital, or discharge him. The time an inmate spends in a state hospital shall be counted as a part of his prison sentence or it shall be deemed as jail credit.

HB 285, AN ACT relating to liability to trespassers.

Section 1. A new section of KRS Chapter 381 is created to read as follows:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 31.120 is amended to read as follows:

(1) The determination of whether a person covered by KRS 31.110 is a needy person shall be deferred until his first appearance in court or in a suit for payment or reimbursement under KRS 31.170, whichever occurs earlier. Thereafter, the court concerned shall determine, with respect to each proceeding, whether he is a needy person. However, nothing herein shall prevent appointment of counsel at the earliest necessary proceeding at which said person is entitled to counsel, upon declaration by said person that he is needy under the terms of this chapter. In such event the person involved may be required to make reimbursement for the representation involved if he later is determined not a needy person under the terms of this chapter.

(2) In determining whether a person is a needy person and in determining the extent of his inability to pay, the court concerned may consider such factors as income, property owned, outstanding obligations, and the number and ages of his dependents. Release on bail does not necessarily prevent him from being a needy person. In each case, the person, subject to the penalties for perjury, shall certify *by affidavit of indigency*

[in writing or by other record] such material factors relating to his ability to pay as the court prescribes.

(3) To the extent that a person covered by KRS 31.110 is able to provide for an attorney, the other necessary services and facilities of representation, and court costs, the court may order him to provide for their payment.

(4) The affidavit of indigency shall be as set out herein:

The secretary within ten days after the completion of the hearing shall order either; that the person's license to operate a motor vehicle, or, if the person is a nonresident, his privilege to operate a motor vehicle within this state be revoked for a period of not more than six months or if the person is a resident without such license that there should be a denial of issuance of a license for a period of not more than six months; or that no action be taken regarding said person's privilege to operate a motor vehicle. The secretary shall immediately notify the person of his ruling in writing by certified or registered mail. If the person shall fail to attend the show cause hearing without good cause shown the secretary shall forthwith revoke the persons license or privilege to operate a motor vehicle or deny issuance of a permit or operators license.*

[Upon revoking the license or permit to drive or nonresident operating privilege of any person, or upon determining that the issuance of a license or permit shall be denied to the person, the commissioner of the department of public safety shall immediately notify the person in writing by mailing the notice to the person by certified or registered mail to the last known residence address of the person, or, if the address is unknown, to the last known business address of the person. Within ten (10) days after receiving the notice, the person may request a hearing before the commissioner. Request for a hearing does not suspend the order of revocation. The hearing shall be scheduled as early as practical within not to exceed twenty (20) days after receipt of such request at a time and place designated by the commissioner. The notice of hearing shall be served in the same manner as the notice of revocation or denial of a license. For the purpose of the hearing, the commissioner may appoint an examiner who shall have power to preside at the hearing. Upon the hearing the commissioner or his duly authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a re-examination of the licensee. The scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle in this state while under the influence of intoxicating beverages, whether the person was placed under arrest, and whether he refused to submit to the test upon request of the officer. All testimony at the hearing shall be recorded. The commissioner's ruling shall include a statement of the findings of fact, rulings of law and other matters pertinent to the question at issue. The commissioner within ten (10) days after the completion of the hearing shall order that the revocation or determination that there should be a denial of issuance either be rescinded or sustained. The commissioner shall immediately notify the person of his ruling in writing by certified or registered mail.]

(5) If the revocation or determination that there should be a denial of issuance is sustained after the hearing, the person whose license or permit to drive or nonresident operating privilege has been revoked, or to whom a license or permit is denied, under the provisions of this section, may file a petition in the circuit court of the county in which the person resides or in the circuit court of the county in which the alleged offense was committed or in Franklin Circuit Court to review the final order of revocation or denial by the secretary within twenty (20) days after the final order has been issued. *The perfected appeal suspends the order of revocation pending a final determination of the review. If the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the appeal was perfected. The department of transportation shall file with its answer a copy of the secretary's ruling and a transcript of evidence. The court's review is limited to whether the secretary's ruling is supported by substantial evidence and whether his action is arbitrary or capricious. An appeal to the Court of Appeals suspends the order of revocation pending a final determination of the review. If the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the appeal was perfected.* [The appeal does not suspend the order of revocation unless a stay thereof is allowed by the court pending a final determination of the review. If a stay is allowed, and the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the stay was granted. The department of public safety shall file with its answer a copy of the commissioner's ruling and a transcript of evidence. The court's review is limited to whether the commissioner's ruling is supported by substantial evidence and whether his action is arbitrary or capricious. An appeal to the Court of Appeals does not suspend the order of revocation unless a stay thereof is allowed by the court pending a final determination of the review. If a stay is allowed, and the final judgment of the court finds against the person appealing, the period of revocation is determined by taking into account the period of time during which the revocation was effective before the stay was granted.]

(6) When it has been finally determined that a nonresident's privilege to operate a motor vehicle in this state has been revoked, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he has a license.

The provisions of this Act shall not apply to a person who refuses to submit to a chemical test of his blood, breath, urine or saliva if that person has enrolled in a driver's education program under the terms and conditions of KRS 186.560(4) and rules and regulations adopted thereunder.

Section 2. Whereas the constitutionality of KRS 186.565 has been successfully challenged in the courts, an emergency is declared to exist and this Act shall become effective upon passage and approval by the Governor.

(c) A hearing is ordered within such time and upon such hearing the director adjudicates that the offeror proposes to make fair, full, and effective disclosure to offerees of all information material to a decision to accept or reject the offer.

(2) No offeror shall make a take-over bid if he owns five percent or more of the issued and outstanding equity securities of any class of the target company, any of which were purchased within one year before the proposed take-over bid, and the offeror, before making any such purchase, or before the thirtieth day following the effective date of this Act, whichever is later, failed to publicly announce his intention to gain control of the target company, or otherwise failed to make fair, full, and effective disclosure of such intention to the persons from whom he acquired such securities.

(3) The information to be filed with the director of securities and the target company pursuant to Section 2 (1) of this Act shall include:

Any hearing pursuant to this Act shall be held within forty days of the date a filing is made pursuant to Section 2 (1) of this Act. Adjudications made pursuant to this Act shall be made within sixty days after such filing and pursuant to KRS 292.490. The preceding sentence applies to securities deposited within ten days after notice of an increase in the consideration offered to security holders, as described in the next sentence, is first published or sent or given to security holders. If the terms of a take-over bid are changed before its expiration by increasing the consideration offered to offerees, the offeror shall pay the increased consideration for all equity securities taken up, whether the same are deposited or taken up before or after the change in the terms of the take-over bid.

Section 5. A new section of KRS Chapter 292 is created to read as follows:

SECTION 7. A NEW SECTION OF KRS CHAPTER 307 IS CREATED TO READ AS FOLLOWS:

(1) Whenever any person, except a religious society, municipal corporation, fraternal or non-profit burial association, shall accept money in connection with a sale, a contract for sale or a series of contracts or agreements for the sale of cemetery merchandise, that person shall deposit in a trust fund established for that purpose with a bank or trust company authorized by law to administer trust funds, within ninety days following the close of that person's fiscal year an amount equal to the procurement cost of the cemetery merchandise plus 10 percent of that cost, divided by a denominator equal to the number of years of the term of the sale contract; provided, however, any sale, contract or agreement for the sale of cemetery merchandise, the terms of which require payment in full within twenty-four months or less and delivery of the cemetery merchandise within ninety days of the final payment thereon shall be excluded from the requirements of this section.

$$\frac{\text{procurement cost} + (.10 \text{ x procurement cost})}{\text{number of years of contract}} = \begin{matrix}\text{Trust}\\ \text{Deposit}\end{matrix}$$

(2) In any year in which any cemetery merchandise shall be paid for in full, the person making the sale shall deposit in the trust fund an amount which, when added to previous deposits, is sufficient to equal 110 percent of procurement cost as computed in the year in which such final payment is received.

(3) The person making the sale shall determine and substantiate by wholesale price list of a manufacturer or supplier of the cemetery merchandise sold by that person, or by a cost analysis of cemetery merchandise manufactured by that person, which cost in any case, shall be adjusted and verified annually to the department, to reflect any change in procurement cost.

(4) When the person making the sale shall certify in detail to the trustee that an item of cemetery merchandise has been delivered to the purchaser, the trustee shall disburse the then procurement cost of that item to the person making the sale.

(5) For purposes of this section, procurement cost shall be determined to be the cost of the item of cemetery merchandise as of January 1 of the year in which the sale occurs or in which the contract for sale is entered into, and for the purposes of paragraph 1 of this section, shall be the basis for the annual deposits required, except that in the year in which final payment is received upon any contract for sale, the person making the sale shall deposit an amount sufficient, when added to previous deposits, to equal the procurement cost in that year plus 10 percent of that cost.

(6) The principal and net income deposited to the merchandise trust fund shall remain therein and be reinvested and compounded.

(7) In any year in which the total of funds held in a merchandise trust fund shall exceed procurement cost plus 10% of such cost of all items of cemetery merchandise sold and undelivered, the trustee shall, upon written request of the person making the sales, disburse to such person such excess funds to the extent only of interest earned on such fund.

(8) Every trustee under this section shall be authorized to invest the funds deposited with him as a prudent man and in accordance with the powers, duties and authority conferred upon such trustee under the laws of Kentucky.

Written instruction to the trustee to refund the amount of money on deposit, or an affidavit by either the purchaser or one of his heirs or assigns or duly authorized representative, stating that the cemetery merchandise was not provided shall be sufficient authority for the trustee to make refund of the deposit moneys to the person submitting the affidavit. The trustee shall not be held responsible for any such refunds made on account of the person's written direction or an affidavit submitted in accord with this section. However, nothing herein contained shall relieve any person from any liability for nonperformance of the contract terms. Except, however, in the event such person cannot deliver the cemetery merchandise sold because of a national emergency, the provisions of this paragraph shall not apply.

(10) The person creating the fund shall, within 105 days following the close of his fiscal year, file a financial report of the merchandise trust fund with the department, setting forth the principal, the investments and payments made, and the income earned and disbursed.

SECTION 8. A NEW SECTION OF KRS CHAPTER 307 IS CREATED TO READ AS FOLLOWS:

Failure to so commence or complete construction shall entitle any purchaser, on demand, to recover all sums paid on the purchase price, plus interest thereon at the rate of six percent per annum; provided, however, that any delay caused by strike, shortage of materials, civil disorder, natural disaster or any like occurrence beyond the control of such person shall extend the time of such commencement and completion by the length of such delay.

Such resolution shall set forth in detail, or shall incorporate by reference a detailed study in respect of, the mass transportation program proposed for submission to such electorate or electorates, together with the proposed source or sources of funding thereof, subject to the limitations of KRS 96A.310 to 96A.370.

(2) Upon receipt of any such resolution of the board of any such transit authority, the governing body of each public body to which such resolution is directed shall cause such resolution and the study for *public or regional* [mass] transportation program contained therein to be carefully reviewed. The public body or public bodies may cause further studies to be made with respect to such request of such transit authority, and may require such transit authority to submit such further and additional date, statistics and information as may be required by such public body or public bodies in order to enable same to make a proper decision regarding any proposed *public or regional* [mass] transportation program.

(3) In the event the governing body of any such public body shall determine that the public welfare requires the establishment of the *public or regional* [mass] transportation program as proposed by such transit authority, the governing body of such public body may by resolution or ordinance determine that a proposal for the establishment of such *public or regional* [mass] transportation program shall be submitted to the electorate of such public body. In such event, the election on the proposition regarding such mass transportation program shall be held simultaneously within such transit area by all such public bodies and the notice of the election shall be uniform.

Section 20. KRS 96A.340 is amended to read as follows:

Thereafter, such public body or public bodies shall cause the proposition to be prepared for submission to the electorate of either such public bodies or such transit area of the transit authority, as the case may be, at an election to be called and held for such purpose. Such election may be held upon any date stipulated by the public body or public bodies and shall be held pursuant to notice as prescribed in KRS 424.130. (2) In the event any such *public or regional* [mass] transportation program proposal is submitted to the electorate of any individual public body, such proposition and the source of funding therefor shall be approved if a majority of those voting on the proposal within the public body shall vote "yes".

(3) In the event any such *public or regional* [mass] transportation program proposal is submitted to the electorate of any transit area of any such transit authority by simultaneous submission by all public bodies who are at the time of such submission members of such transit authority, such proposition and the source of funding therefor shall be approved if a majority of those voting on the proposal within the transit area of such transit authority shall vote "yes".

(4) Any additional voted levies of ad valorem taxes approved by electorates pursuant to KRS 96A.310 to 96A.370, shall in the case of individual public bodies, be added to and constitute legal tax levies of such individual public bodies within the meaning of the constitution of Kentucky, and shall, in the case of votes taken in transit areas of transit authorities, constitute legal tax levies of each and every individual public body which is a member of any such transit authority within the meaning of the constitution of Kentucky.

Section 21. KRS 96A.350 is amended to read as follows:

(1) The elections herein authorized shall, in the case of any individual public body, be called and held by the particular public officials of said public body responsible for the calling and holding of general elections. All ad valorem tax receipts, occupational tax receipts and *public or regional* [mass] transit license fee receipts derived in respect of any such elections shall be collected by the public officials of such public body statutorily responsible for such collection, and shall pending disbursement be held in a separate and special trust fund identified as the *public or regional* [mass] transit trust fund by said public body to be used solely and only for purposes of the mass transportation program approved by the electorate of such public body, as hereinafter provided. Moneys therefrom shall be disbursed only upon order of the chief financial officer of such public body.

(2) In the event any election authorized by KRS 96A.310 to 96A.370 is, pursuant to the provisions of KRS 96A.310 to 96A.370, to be submitted to the electorate of any transit area of a transit authority by all of the public bodies which are members of any such transit authority, and if one of such public bodies is a county which encompasses one or more additional public bodies, the clerk of the county court of such county (or the clerk of each county court in the event more than one county shall be a member of such transit authority) shall cause such election proposition to appear on the ballots or voting machine slips used in respect of the election on such proposition. All ad valorem tax receipts, occupational tax receipts and *public or regional* [mass] transit license fee receipts derived in respect of any such elections shall be collected by the proper public officials of such county or counties statutorily responsible for such collection, and shall pending disbursement be held in a separate and special trust fund identified as the *public or regional* [mass) transit trust fund to be used solely and only for purposes of the *public or regional* [mass] transportation program approved by the electorate of such transit area, as hereinafter provided. Said *public or regional* [mass] transit trust fund shall in such case be held in the custody of all public bodies which are members of such transit authority and moneys therefrom shall be disbursed only upon orders of the chief financial officers of all such public bodies.

Section 22. KRS 96A.360 is amended to read as follows:

Not less than annually any transit authority for the benefit of which a *public or regional* [mass] transportation program has been approved by the electorate of any public body, or by the electorate of its transit area in the event all public bodies comprising the membership of such transit authority have submitted such *public or regional* [mass] transportation program to the electorate of such transit area as provided by KRS 96A.310 to 96A.370, shall file with such public body or public bodies an annual budget of current expenses and an annual report, together with such other periodic reports and data as such public bodies may reasonably require and prescribe. Such annual budget may be approved or disapproved by such public body or public bodies, or may be caused by such public body or public bodies to be revised, amended, or otherwise altered in the sound discretion of such public body or public bodies. Provided, however, that no disbursement of any funds within any *public or regional* [mass] transit trust fund shall be made until such annual budget shall in its final form be approved by the governing bodies of all such public bodies.

Section 23. KRS 96A.370 is amended to read as follows:

(1) In addition to all other powers and rights granted by KRS chapter 96A, public bodies are expressly authorized and empowered to enter into joint agreements and multi-municipal compacts with transit authorities, and all other units of government, both federal and state, for the acquisition, maintenance and operation of *public or regional* [mass] transportation facilities. Any such agreements may provide for proportionate payments by such public bodies for transit purposes based upon any reasonable criteria, including, but not by way of limitation, population and actual *public or regional* [mass] transit services rendered.

(2) Any such joint agreement or multi-municipal compact may provide by its terms that notwithstanding the fact that a *public or regional* [mass] transportation program, together with the source of funding therefor, has been approved by the electorate or electorates of one or more of such public bodies, any such public body

may, in any annual period, in lieu of utilizing such source of funding as approved by the electorate of any such public body, use and apply for purposes of making payments or contributions under such joint agreement or multi-municipal compact any other funds of such public body legally available therefor. Provided, however, that any source of funding approved by the electorate in connection with the approval of such a *public or regional* [mass] transportation program shall not, as a result of such permissive funding by any such public body from other legally available sources, be rendered void or nugatory.

The member accused may have subpoenaed any witnesses he may desire, upon furnishing their names to the clerk. The action and decision of the body on the charges shall be reduced to writing and entered in a book kept for that purpose, and the written charges filed in the matter shall be attached to the book containing the decision.

(5) When the appointing authority or the head of the department has probable cause to believe a member of the police or fire department has been guilty of conduct justifying dismissal or punishment, he or it may suspend the member from duty or from both pay and duty, pending trial, and the member shall not be placed on duty, or allowed pay, until the charges are heard. *If the member is suspended, there shall be no continuances granted without the consent of the member accused.*

(6) The legislative body shall fix the punishment of a member of the police or fire department found guilty, by a reprimand, suspension for any length of time not to exceed six (6) months, by reducing the grade if the accused is an officer, or by combining any two or more of those punishments, or by dismissal from the service.

Section 2. KRS 95.460 is amended to read as follows:

(1) Any member of the police or fire department in cities of the second and third classes or urban-county governments found guilty by the legislative body of any charge, as provided by KRS 95.450, may appeal to the circuit court of the county in which the city or urban-county government is located, [if the punishment is a suspension of more than ten (10) consecutive calendar days, a reduction in grade, or dismissal,] but the enforcement of the judgment of the body shall not be suspended pending appeal.

(2) Upon request of the accused the clerk of the legislative body shall file a certified copy of the charges and the judgment of that body in the circuit court. Upon the transcript being filed the case shall be docketed in the circuit court and tried de novo.

(3) If the clerk fails to certify the transcript to the circuit court within five (5) days after the request is made, the party aggrieved may file an affidavit in the circuit court setting out as fully as possible the charges made, the time of the hearing, and the judgment of the legislative body, together with a statement that demand for transcript was made upon the clerk more than five (5) days before the filing of the affidavit. Upon the filing of the affidavit in the circuit court the case shall be docketed and the circuit court may compel the filing of the transcript by the clerk by entering the proper mandatory order, and by fine and imprisonment for contempt. The appeal shall have precedence over other business, and be determined speedily.

(4) An appeal will lie from the judgment of the circuit court to the Court of Appeals as in other cases [if the punishment fixed by the legislative body was suspension for more than sixty (60) days, reduction in grade or dismissal].

Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

The amount to be included for the 1976-77 school year in the Foundation Programs of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$ 9,513	$ 8,913	$ 8,313	$6,609	$5,917
4-9 years	10,683	10,083	9,513	6,609	5,917
10 years & over	11,363	10,763	10,183	6,609	5,917

Beginning with the school year 1977-78, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank Experience	I	II	III	IV	V

10 years & over	12,068	11,468	10,888	7,314	6,620

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the Foundation Program allotment for that rank, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Department of Revenue. Said department shall then determine whether or not there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Department of Revenue shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budget or salary schedule for local boards of education for the school years 1976-77 and 1977-78 in which the total amount budgeted per foundation unit for teachers' salaries is not equal to the amount budgeted for teachers' salaries in 1975-76 plus the additional amount for teachers' salaries received by the district under this appropriation.

The allotment to any school district of classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

Entitlement for basic classroom units obtained in schools of one classification shall not be allocated to schools of another classification. For the purposes of determining such entitlement, classification shall be as follows:

(1) One-teacher schools;

(2) Schools, other than one-teacher schools, with less than one hundred pupils in average daily attendance; and

(3) Schools, other than one-teacher schools, with more than one hundred pupils in average daily attendance.

In the determination of allotments pursuant to KRS 157.360(2), there shall not be allotted a full classroom unit for any non-isolated one-teacher school with fewer than 27 pupils in average daily attendance, or for any isolated one-teacher school which has fewer than 12 pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

PART V
GENERAL PROVISIONS

1.

Nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1976, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42 and 45 of the Kentucky Revised Statutes pertaining to the duties and powers of the Commissioner of the Executive Department for Finance and Administration. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Commissioner for Finance and Administration in accordance with the detailed estimates embodied in the Executive Budget 1976-78 and supporting work papers, as considered by the General Assembly, and the decision of the Commissioner of the Executive Department for Finance and Administration shall be final and conclusive.

2.

In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3.

The Commissioner of the Executive Department for Finance and Administration is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Department of Personnel, Executive Department for Finance and Administration, Treasury, and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs. Any reimbursements received from Federal Funds under this system or formula shall accrue to the General Fund and any system or formula for the proration shall be developed pursuant to the provisions of KRS 18.330.

4.

All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act, notwithstanding any provisions of the Kentucky Revised Statutes to the contrary, except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5.

At such time as the Congress of the United States may enact into law a provision increasing or extending coverage of Federal minimum wage requirements now in effect, the Commissioner of the Executive Department for Finance and Administration with the approval of the Governor, shall be authorized to pay, out of any available General Fund Surplus, to those state employees affected by such increase, an amount necessary to raise their respective compensation to a level consistent with the requirements of any such newly enacted provision increasing minimum wage requirements.

6.

Funds necessary to continue existing revolving accounts are appropriated for each fiscal year of the 1976-78 biennium. Any surplus funds in any such account at the closing of books for the fiscal year shall lapse. If any revolving account is abolished, or funds therein are lapsed during the 1976-78 biennium, such funds shall lapse to the General Fund if such General Funds were in part or in whole used to establish or sustain the revolving fund. If no general funds were involved, funds shall be returned to the original source.

9.

Whereas, inasmuch as the finances of the Commonwealth cannot be ascertained with absolute certainty at this time, and since the actual needs of each officer, cabinet, department, board, commission, institution, agency or other activity or subdivision of state government can only be anticipated and not finally determined by the General Assembly, and since the total amount of revenue accruing to the General Fund and to the Transportation Fund and accruing from various fees or from Federal funds from which appropriations are made can only be anticipated as being produced through existing laws and those that may hereafter be enacted, and recognizing the complex nature of the economy, it is the purpose and intention of this Act that the expenditures for each fiscal year shall not exceed the total financial resources accruing to any Fund, as defined in KRS Chapter 45, for the same fiscal year. As the conditions cannot be fully determined until after the adjournment of the 1976 General Assembly, and as the needs of each officer, cabinet, department, board, agency, commission, institution, subdivision or activity of state government, together with the total financial resources accruing to the General Fund and the Transportation Fund cannot be fully determined at this time, it is the intention and purpose of this General Assembly that the Commissioner of the Executive Department for Finance and Administration, with the advice of the Commissioner of the Department of Revenue, upon approval of the Governor of the Commonwealth, is authorized, empowered and directed to ascertain and determine the needs of each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government and to ascertain the total financial resources anticipated to be accrued to the General Fund and the Transportation Fund of the Commonwealth, and upon the ascertainment and determination of said facts, he, the Commissioner of the Executive Department for Finance and Administration, in the manner set forth as provided by general law, is authorized, empowered, and directed by the General Assembly to prevent an overdraft or deficit in any fiscal year for which appropriations are herein made, by equitably reducing, according to needs, without discrimination, the appropriations herein made from the General Fund and Transportation Fund to each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity in state government, provided, however, that the power invested shall not permit any reduction of the appropriations of any officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government that will actually impair the necessary constitutional functions of such agency or activity, the operations and functions of which are determined to be necessary constitutional functions of state government.

The Committee Substitute for **HB 261** is as follows:

HB 261, AN ACT relating to child custody.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 403.260 is amended to read as follows:

(1) A court of this state competent to decide child custody matters has jurisdiction to make a child custody determination by initial or modification decree if:

(a) This state *is*[:

1. Is] the home state of the child at the time of commencement of the proceeding; or

[2. Had been the child's home state within 6 months before commencement of the proceeding and the child is absent from this state because of his removal or retention by a person claiming his custody or for other reason, and a parent or person acting as parent continues to live in this state; or]

(b) It is in the best interest of the child that a court of this state assume jurisdiction because:

1. The child and his parents, or the child and at least one contestant, have a significant connection with this state; and

2. There is available in this state substantial evidence concerning the child's present future care, protection, training, and personal relationships; or

(c) The child is physically present in this state; and

1. Has been abandoned; or

2. It is necessary in an emergency to protect him because he has been subjected to or threatened with mistreatment or abuse or is neglected or dependent; or

(d) 1. No other state has jurisdiction under prerequisites substantially in accordance with paragraphs (a), (b) or (c) of subsection (1), or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine custody of the child; and

2. It is in his best interest that the court assume jurisdiction.

(2) Except under paragraphs (c) and (d) of subsection (1), physical presence in this state of the child, or of the child and one of the contestants, is not alone sufficient to confer jurisdiction on the court of this state to make a child custody determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine his custody.

(4) A child custody proceeding is commenced in the circuit court:

(a) By a parent, by filing a petition:

1. For dissolution or legal separation; or

2. For custody of the child in the county in which he is permanently resident or found; or

(b) By a person other than a parent, by filing a petition for custody of the child in the county in which he is permanently resident or found, but only if he is not in the physical custody of one of his parents.

(5) Notice of a child custody proceeding shall be given to the child's parent, guardian, and custodian, who may appear, be heard, and file a responsive pleading. The court, upon a showing of good cause, may permit intervention of other interested parties.

SR 6, A CONCURRENT RESOLUTION memorializing the President, the Congress, and the U.S. International Trade Commission to increase the tariff on imported burley tobacco or to otherwise reduce the quantity of burley tobacco imported into the United States.

WHEREAS, imports into the United States of burley and flue-cured tobaccos for consumption have increased from about 6 million pounds in 1973 to 42 million pounds in 1975, an increase of 600 percent in two years; and

WHEREAS, burley and flue-cured tobaccos were imported into this country in 1975 at a total cost of about 67¢ per pound compared to an equivalent cost of about $1.20 per pound for dried, domestically grown burley tobacco; and

WHEREAS, the average selling price per pound of domestically grown burley tobacco in 1975 was about 7¢ less than in 1974, while the expense of growing burley increased by about five percent during that year; and

WHEREAS, the wage paid to the foreign laborer growing tobacco in competition with domestic burley is about $2.50 per day compared to about $3.00 per hour in this country; and

WHEREAS, the tariff policy of this country should not encourage foreign sweatshop labor in competition with domestic burley production; and

WHEREAS, the Federal Trade Act of 1974 provides for relief from injury caused by competition from imports; and

WHEREAS, Section 201(b)(1) of the Trade Act of 1974 provides that, upon the request of the President, or the Special Representative for Trade Negotiations, or the Committee on Finance of the U.S. Senate, or the Committee on Ways and Means of the U.S. House of Representatives, the U.S. International Trade Commission "...shall promptly make an investigation to determine whether an article is being imported into the United States in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to the domestic industry producing an article like or directly competitive with the imported article"; and

WHEREAS, the Trade Act of 1974 provides that the International Trade Commission shall report to the President within 6 months after the request is filed and that the President shall make a determination within 60 days after receiving the Commission's report; and

WHEREAS, if the President determines to provide import relief, he may proclaim an increase in the duty on the article causing or threatening to cause serious injury to the industry, or the President may impose any quantitative restriction on the import, or the President may negotiate orderly marketing agreements with foreign countries limiting the import into this country;

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:

Section 1. That the Committee on Finance of the U.S. Senate and the Committee on Ways and Means of the U.S. House of Representatives resolve that the U.S. International Trade Commission investigate whether the importation of burley tobacco into the United States is a substantial cause of serious injury, or the threat thereof, to the domestic production of burley tobacco.

Section 2. In the event that import relief under the terms of the Trade Act of 1974 cannot be provided the domestic burley industry, that the Congress take appropriate action to intercede in the General Agreement on Tariffs and Trade to either increase the tariff on imported burley tobacco or to otherwise reduce the quantity of burley tobacco imported into this country.

Section 3. That copies of this resolution be sent to the President, to Kentucky's congressional delegation, to the chairman of the Committee on Ways and Means of the U.S. House of Representatives, to the chairman of the Committee on Finance of the U.S. Senate, to the Special Representative for Trade Negotiations, to the chairman of the U.S. International Trade Commission, and to the Secretary of Agriculture.

(2) The executive department for finance and administration shall inform the appropriate purchasing agent of each political subdivision, interested in participating under this section, of *all state agency* contracts in effect between the commonwealth and vendors [setting forth the contract items and price per unit. (2) In making such rules and regulations the commissioner shall establish minimum fire prevention and protection requirements, including but not limited to requirements for design, construction, installation, operation, storage, handling, maintenance or use of the following: structural requirements for the various types of construction; building restrictions within congested districts; exit facilities from structures; fire alarm systems and fire extinguishing systems; fire emergency drills; requirements for buildings of public assembly; flue and chimney construction; heating devices; electrical wiring and equipment; air conditioning, ventilating and other duct systems; refrigeration systems; flammable liquids, oil and gas wells; garages, repair and service shops; application of flammable finishes, explosives, acetylene, liquefied petroleum gas and similar products; calcium carbide and acetylene generators; dry cleaning and dyeing plants; flammable motion picture film; combustible fibres; airports and airport buildings; hazardous chemicals; rubbish, open flame devices; parking of vehicles; dust explosions; lightning protection; and other special fire hazards.

(3) For the purpose of integrating the need for safety from hazards of fire with the other safety needs of infants or preschool children under institutional care, the commissioner shall allow persons who own, manage or are employed by institutions which provide care or education for infants or preschool children to participate in drafting the standards of safety as they apply to such institutions. Such participation shall be by representation of professional associations relating to infant and preschool care, and by representation from other individuals licensed to provide infant and preschool care, on a committee chaired by the state fire marshal or his designate. Such participation shall occur prior to the publication of proposed regulations in the administrative register pursuant to KRS 13.085 and 13.096, but shall not limit any individual's right to use those procedures set forth in KRS Chapter 13 concerning comment on or protest of proposed regulations.

The Committee Amendment to **HB 489** is as follows:

Amend printed copy of House Bill 489 on page 3, line 4 by adding at the end of the sentence ending with the word "*regulations.*" the following sentence: "*All professional associations relating to infant and preschool care shall be notified by the commissioner when the drafting of standards of safety relating to such institutions is commenced and all such professional associations shall be regularly notified of the time and place of any meetings conducted by authorized employes of the department for the purpose of drafting such standards.*"

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 337.285 is amended to read as follows:

No employer shall employ any of his employes for a work week longer than forty hours, unless such employe receives compensation for his employment in excess of forty hours in a work week at a rate of not less than one and one-half times the hourly wage rate at which he is employed. This provision does not apply to employes of retail stores engaged in work connected with selling, purchasing and distributing merchandise, wares, goods, articles or commodities or to employes of restaurant, hotel and motel operations or to employes as defined and exempted from the overtime provision of the Fair Labor Standards Act in section 213(6) *and 213(a)(b)(17)* of Title 29, U.S.C.

HB 450, AN ACT relating to workmen's compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.316 is amended to read as follows:

(1) (a) The employer liable for compensation for occupational disease shall be the employer in whose employment the employe was last exposed to the hazard of the occupational disease during any period in which this section is applicable to a coal mine, an operator who acquired it or substantially all of its assets from a person who was its operator on and after January 1, 1973 shall be liable for, and secure the payment of, the benefits which would have been payable by the prior operator under this section with respect to miners previously employed in the mine if it had not been acquired by such later operator. At the same time, however, this subsection does not relieve the prior operator of any liability under this section. Also, it does not affect

whatever rights the later operator might have against the prior operator. Said employer shall have the right to contribution from each previous employer, as determined in an independent civil action, wherein the employe was similarly exposed to the hazard of said occupational disease, in a sum equal to the ratio that each exposure employment time bears to the total exposure employment time except as otherwise provided in paragraph (a) of subsection (13) of this section.

(b) The time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later.

(2) (a) The procedure with respect to the giving of notice and determination of claims in occupational disease cases and the compensation and medical benefits payable for disability or death due to such disease shall be the same as in cases of accidental injury or death under the general provisions of this chapter except that notice of claim shall be given to the employer as soon as practicable after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted such disease, or a diagnosis of such disease is first communicated to him, whichever shall first occur.

(b) The procedure with respect to filing of claims shall be as follows:

1. The application shall set forth the work history of the applicant with a concise description of injurious exposure to a specific occupational disease together with the names and addresses of employer or employers with the approximate date of employment and shall also include with the application two written medical reports supporting his claim. These medical reports shall be made on the basis of comprehensive clinical examinations and shall contain full and complete statements of the results thereof. The reports shall be made by duly licensed physicians. The clinical examinations shall include x-ray examinations. However, the failure of an x-ray examination to disclose the presence of an occupational disease shall not affect the legal presumption referred to in subsection (5) of this section.

2. The filing of a properly executed application for adjustment of claim, accompanied by the two medical reports described in subparagraph 1. of this paragraph, shall satisfy the requirements of the presumptive clause set out in subsection (5) of this section and the burden of proof shall immediately thereafter shift to the employer and the special fund.

3. Immediately upon receipt of said application for adjustment of claim, the board shall notify the affected employer, the special fund and any other interested party of such claim and shall furnish them with a full and complete copy of the claim.

4. Upon receipt of notice of claim the employer, the special fund, and any other interested party shall have the right to have the claimant examined by competent medical experts, at their expense, including a reasonable sum for travel. After said examination, the claimant or his representative, shall be furnished a copy of said medical report within a reasonable time.

5. Within sixty (60) days of the filing of the claim the employer, the special fund, and any other interested party shall notify the board and the claimant whether or not the claim will be resisted. If the claim is not resisted, then the board shall within ten (10) days enter an order and award for the claimant. If the claim is resisted, the board shall set a date for a hearing and shall notify all parties thereof. In litigated claims the regular procedures prescribed by the workmen's compensation board shall be followed.

(3) The right to compensation under this chapter for disability resulting from an occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within three (3) years after the last injurious exposure to the occupational hazard or after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted the disease, whichever shall last occur; and if death results from the occupational disease within said period, unless a claim therefor be filed with the workmen's compensation board within three (3) years after such death; provided, however, that notice of such claim shall be deemed waived in case of disability or death where the employer, or his insurance carrier, voluntarily makes payment therefor, or, if the incurrence of the disease or the death of the employe, and its cause was known to the employer. Provided, however, that the right to compensation for any occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within five (5) years from the last injurious exposure to the occupational hazard, except that, in cases of radiation disease, a claim must be filed within 20 years from the last injurious exposure to the occupational hazard.

(4) The amount of compensation payable for disability due to occupational disease or for death from such disease, and the time and manner of its payment, shall be the same as provided for accidental injury or death under the general provisions of the workmen's compensation act, but in no event to exceed such amounts as were in effect at the time of the last injurious exposure, and provided further, that the time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later, and provided further, that in case of death where the employe has been awarded compensation or made timely claim within the period provided for in this section, an employe has suffered continuous disability to the date of his death occurring at any time within 20 years from the date of disability, his dependents, if any, shall be awarded compensation for his death

as provided for under the general provisions of the workmen's compensation act and in this section.

(5) Where the occupational disease is a compensable pneumoconiosis and there has been employment exposure for 10 years or more to an industrial hazard sufficient to cause the disability of pneumoconiosis there shall be a rebuttable presumption that the disability or death was due to the compensable pneumoconiosis.

(6) Where the employe is suffering or suffered from a chronic dust disease of the lung which (a) when diagnosed by chest roentgenogram, yields one or more large opacities (greater than one (1) centimeter in diameter) and would be classified in category A, B, or C in the international classification of radiographs of the pneumoconioses by the international labor organization, (b) when diagnosed by biopsy or autopsy, yields massive lesions in the lung, or (c) when diagnosis is made by other means, would be a condition which could reasonably be expected to yield results described in paragraph (a) or (b) if diagnosis had been made in the manner prescribed in paragraph (a) or (b), then there shall be an irrebuttable presumption that he is totally disabled due to pneumoconiosis or that his death was due to pneumoconiosis, as the case may be.

(7) In case of disability or death from silicosis, coal workers' pneumoconiosis, or any other compensable pneumoconiosis, complicated with tuberculosis of the lungs, pulmonary emphysema or other pulmonary dysfunction and there has been employment exposures to harmful dust or industrial hazards reasonably competent to produce such accompanying disease or dysfunction, there is a rebuttable legal presumption that all resultant disability therefrom is work related and compensable, and compensation shall be payable as for the uncomplicated disease, provided, however, that the disease or dysfunction was an essential factor in causing such disability or death.

(8) If an autopsy has been performed, no testimony relative thereto shall be competent unless the employer or his representative has available findings and reports of the pathologist or doctor who performed the autopsy examination.

(9) No compensation shall be payable for occupational disease if the employe at the time of entering the employment of the employer by whom compensation would otherwise be payable, falsely represented himself, in writing, as not having been previously disabled, laid off, or compensated in damages or otherwise, because of such disease, or failed or omitted truthfully to state to the best of his knowledge, in answer to written inquiry made by the employer, the place, duration and nature of previous employment, or, to the best of his knowledge, the previous state of his health.

(10) No compensation for death from occupational disease shall be payable to any person whose relationship to the deceased, which, under the provisions of this chapter would give right to compensation, arose, subsequent to the beginning of the first compensable disability, save only to after-born children of a marriage existing at the beginning of such disability.

(11) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the general provisions of this chapter and it is subsequently discovered, at any time before the final disposition of such cause, that the claim for injury, disability or death which was the basis for such application should properly have been made under the provisions of this section, then the application so filed may be amended in form or substance, or both, to assert a claim for such injury, disability or death under the provisions of this section, and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this chapter. When such amendment is submitted, further or additional evidence may be heard by the board when deemed necessary. Nothing this section contains shall be construed to be or permit a waiver of any of the provisions of this chapter with reference to notice of time for filing of a claim, but notice of filing a claim, if given or done, shall be deemed to be a notice of filing of a claim under provisions of this chapter, if given or done within the time required herein.

(12) When an employe has an occupational disease that is covered by this chapter, the employer in whose employment he was last injuriously exposed to the hazard of the disease, and the employer's insurance carrier, if any, at the time of the exposure, shall alone be liable therefor, without right to contribution from any prior employer or insurance carrier; except as otherwise provided herein.

(13) (a) The employer liable for compensation for occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for silicosis and any other compensable pneumoconiosis, shall be the employer in whose employment the employe was last exposed to the hazard of such occupational disease. In those cases where disability or death are not conclusively proven to be the result of such last exposure all compensation shall be paid out of the special fund for all claims filed prior to January 1, 1973; and 75 percent shall be paid by the Special Fund and 25 percent by the employer for all claims filed thereafter. In all other cases of occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for silicosis and any other compensable pneumoconiosis, the compensation for disability or death due to such diseases shall be paid jointly by the employer and the special fund, and the employer shall be liable for sixty percent (60%) of the compensation due and the special fund shall be liable for forty percent (40%) of the compensation due. Provided, however, that when there is a joint award against the carrier or self-insured employer and the special fund under this

section, all of the compensation awarded shall be paid from the special fund and the special fund shall be reimbursed by the carrier or self-insured employer on a quarterly basis and under such regulations as the Board may provide for such purpose. *Where more than five percent (5%) of disbursements from the special fund in a single fiscal year are traceable to a single classification of employment as established in the Classifications Code of the National Council on Compensation Insurance, but not to a single employer, such disbursements shall be reimbursed to the special fund by an assessment against all workmen's compensation premiums written to cover said classification of employment in the manner set forth in 342.122(2) and by an assessment against the "adjusted costs" of self-insured employers. The commissioner of labor may combine two or more classifications in order to discharge the intent of this Act.*

(b) In all claims for compensation partially payable by the special fund the commissioner of labor, as custodian of said fund, shall be designated as codefendant.

(c) In all agreements for the payment of compensation and awards the amount payable by the employer and the amount payable out of the special fund shall be separately stated. An award against the employer shall be for only the percentage of the total compensation which the employer is obligated to pay. A separate award shall be made against the special fund for the balance of the compensation payable. Nothing in this section shall prohibit the commissioner of labor, as custodian of the special fund, from entering into agreements to pay the compensation for which it is liable; provided, however, that where compensation is payable by both the employer and the special fund, the commissioner shall not enter into an agreement unless the employer is a party to the agreement.

HB 477, AN ACT relating to workmen's compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.270 is amended to read as follows:

(1) If the parties fail to reach an agreement in regard to compensation under this chapter, either party may make written application to the board for a hearing in regard to the matter at issue and for a ruling thereon. Such application must be filed within two years after the accident, or, in case of death, within two years after such death, or within two years after the cessation of voluntary payments, if any have been made.

(2) Except with respect to uncontested claims for disability or death by reason of occupational diseases *within thirty (30) days,* [as soon as possible] after the application has been received the board shall *conduct* [set the date for] a hearing [, to be held as soon as practicable in view of the matter involved,] and shall *at least ten (10) days prior to the hearing* notify the parties at issue of the time and place of such hearing.

(3) Unless otherwise agreed to by the parties and authorized by the board, the hearing shall be held at or convenient to the place where the injury was sustained or the ground for disagreement occurred. Before directing a hearing, the board, a member thereof, the director or a hearing officer authorized by the board, may confer informally with the parties at issue in an attempt to assist in adjusting their differences, but may not delay the granting of a hearing, over the objection of either party, for such purpose.

(4) If the parties have previously filed an agreement which has been approved by the board and compensation has been paid or is due in accordance therewith and the parties thereafter disagree either party may invoke the provisions of KRS 342.125 which remedy shall be exclusive.

(5) An application for adjustment of claim shall be held in abeyance by the board during any period voluntary payments of compensation are being made under any benefit sections of this chapter to the maximum which the employe's wages shall entitle him, unless it shall be shown that the prosecution of the employe's claim would be prejudiced by delay.

Section 2. KRS 342.275 is amended to read as follows:

Except with respect to uncontested claims for disability or death by reason of occupation diseases, the board, or any of its members, the director or any hearing officer directed by the board shall *within thirty (30) days after the filing of the application* hear the parties at issue and their representatives and witnesses and the full board shall determine the dispute in a summary manner. The award, order or decision shall be made within thirty (30) days after final submission, except in cases involving large or complicated records or unusual questions of law, and shall be made within sixty (60) days after final submission in any event. However, if the award, order or decision is not rendered within thirty (30) days the board shall notify the parties in dispute setting out the reasons for such delay. The award, order or decision, together with a statement of the findings of fact, rulings of law and any other matters pertinent to the question at issue shall be filed with the record of proceedings, and a copy of the award, order or decision shall immediately be sent to the parties in dispute.

If the injury causes death, income benefits shall be payable in the amount and to or for the benefit of the persons following, subject to the maximum limits specified in subsections (3) and (4) of this section:

(1) (a) If there is a widow or widower and no children of the deceased, to such widow or widower 50 percent of the average weekly wage of the deceased, during widowhood or widowerhood.

(b) To the widow or widower, if there is a child or children living with the widow or widower, 45 percent of the average weekly wage of the deceased, or 40 percent, if such child is not or such children are not living with a widow or widower, and in addition thereto, 15 percent for each child. Where there are more than two such children, the indemnity benefits payable on account of such children shall be divided among such children, share and share alike.

(c) Two years' indemnity benefits in one lump sum shall be payable to a widow or widower upon remarriage.

(d) To the children, if there is no widow or widower, 50 percent of such wage for one child, and 15 percent for each additional child, divided among such children share and share alike.

(e) The income benefits payable on account of any child under this section shall cease when he dies, marries, or reaches the age of eighteen, or when a child over such age ceases to be physically or mentally incapable of self-support, or if actually dependent ceases to be actually dependent, or, if enrolled as a full-time student in any accredited educational institution, ceases to be so enrolled or reaches the age of 22. A child who originally qualified as a dependent by virtue of being less than 18 years of age may, upon reaching age 18, continue to qualify if he satisfies the tests of being physically or mentally incapable of self-support, actual dependency, or enrollment in an educational institution.

(f) To each parent, if actually dependent, 25 percent.

(g) To the brothers, sisters, grandparents, and grandchildren, if actually dependent, 25 percent to each such dependent. If there should be more than one of such dependents, the total income benefits payable on account of such dependents shall be divided share and share alike.

(h) The income benefits of each beneficiary under paragraphs (f) and (g) above shall be paid until he, if a parent or grandparent, dies, marries, or ceases to be actually dependent, or, if a brother, sister, or grandchild, dies, marries, or reaches the age of eighteen or if over that age ceases to be physically or mentally incapable of self-support, or ceases to be actually dependent.

(i) A person ceases to be actually dependent when his income from all sources exclusive of workmen's compensation income benefits is such that, if it had existed at the time as of which the original determination of actual dependency was made, it would not have supported a finding of dependency. In any event, if the present annual income of an actual dependent person including workmen's compensation income benefits at any time exceeds the total annual support received by the person from the deceased employe, the workmen's compensation benefits shall be reduced so that the total annual income is no greater than such amount of annual support received from the deceased employe. In all cases, a person found to be actually dependent shall be presumed to be no longer actually dependent three years after each time as of which the person was found to be actually dependent. This presumption may be overcome by proof of continued actual dependency as defined in this subsection, but full payments shall not be suspended during the pendency of any proceeding to determine dependency.

(j) If there are no dependents there shall be paid to the estate of the decendent a single lump sum payment of ten thousand dollars in lieu of all compensation other than weekly benefits to which the deceased was entitled to the date of his death, his reasonable medical and hospital expenses and the burial benefits provided in this chapter.

(2) Upon the cessation of income benefits under this section to or on account of any person, the income benefits of the remaining persons entitled to income benefits for the unexpired part of the period during which their income benefits are payable shall be that which such persons would have received if they had been the only persons entitled to income benefits at the time of the decedent's death.

(3) For the purposes of this section, the average weekly wage of the employe shall be taken as not more than the average weekly wage of the state as determined in KRS 342.740. In no case shall the aggregate weekly income benefits payable to all beneficiaries under this section exceed the maximum income benefit that was or would have been payable for total disability to the deceased, including benefits to his dependents.

(4) The maximum weekly income benefits payable for all beneficiaries in case of death shall not exceed 75 percent of the average weekly wage of the deceased as calculated under KRS 342.140, subject to the maximum limits in subsection (3) above. The maximum aggregate limitation shall not operate in case of payment of two years' income benefits to the widow or widower upon remarriage as provided under paragraph

(c) of subsection (1) of this section, to prevent the immediate recalculation and payments of benefits to the remaining beneficiaries as provided under subsection (2) of this section, but the weekly income benefits as to such remaining beneficiaries shall not exceed the weekly income benefit that was or would have been payable for total disability to the deceased. The classes of beneficiaries specified in paragraphs (a), (b) and (d) of subsection (1) shall have priority over all other beneficiaries in the apportionment of income benefits. If the provisions of this subsection should prevent payment to other beneficiaries of the income benefits to the full extent otherwise provided for by this section, the gross remaining amount of income benefits payable to such other beneficiaries shall be apportioned by class, proportionate to the interest of each class in the remaining amount. Parents shall be considered to be in one class and those specified in paragraph (f) of subsection (1) in another class.

(5) All relations of dependency referred to in this section shall mean dependency existing at the time of the accident to the employe or at the time his disability from an occupational disease began.

(2) Neither employers or their agents nor employes or associations, organizations or groups of employes shall engage or be permitted to engage in unfair or illegal acts or practices or resort to violence, intimidation, threats or coercion.

(3) The employes and their agents shall not be restrained or enjoined from exercising the rights granted them in subsection (1) of this section without a hearing first being held and findings made pursuant to the Rules of Civil Procedure in the Commonwealth of Kentucky relating to motions for a temporary injunction, unless the employes or their agents are engaged in a strike in violation of a "no strike" clause in their labor contract.

HB 568, AN ACT relating to workmen's compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(1) Upon the filing of a claim the director shall ascertain whether the employer, or any other person against whom a claim is filed and who is not exempt by KRS 342.630 or KRS 342.650, has secured payment of compensation by either securing insurance coverage or qualifying as a self insurer pursuant to KRS 342.340. Upon determination that any employer under this chapter has failed to comply with the provisions of KRS 342.340, the director shall record, as provided by subsection (2), a certificate prepared and furnished him by a representative of the Uninsured Employers' Fund showing the date on which such claim was filed, the date of the injury alleged, the name and last known address of the employer against whom it was filed, and the fact that the employer has not secured the payment of compensation as required. Upon recordation, such certificate constitutes a valid lien against the assets of the employer in favor of the Uninsured Employers' Fund for the whole amount which may be due as compensation. Such lien shall be superior to the lien of any mortgage or other encumbrance thereafter created and shall continue for 10 years from the time of such recording unless sooner released or otherwise discharged. A copy of such certificate shall be served upon the employer by the director.

(2) The certificate constituting a lien in favor of the Uninsured Employers' Fund shall be filed in the following offices:

(a) The office of the County Court Clerk of the county in which the defendant employer resides.

(b) The office of the County Court Clerk of the county in which the defendant employer has its principal place of business.

(c) The office of the County Court Clerk in the counties where such employers' property is located.

SECTION 2. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

A claimant may, in the original application for benefits, or any party may, by motion accompanied by proper allegations while the case is still pending, and the Board shall, upon its own motion at any time before the rendition of the final award, cause the Uninsured Employers' Fund to be made a party to the proceedings if it should appear that the named defendant has failed to secure the payment of compensation as required by KRS 342.340. A failure to timely join the Uninsured Employers' Fund as a party before the board shall constitute a waiver of claim against said Fund.

SECTION 3. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

When an award is made against an employer who (1) has not secured payment of compensation by either securing insurance coverage or qualifying as a self insurer, and (2) has not made a deposit of security, indemnity or bond acceptable to the board to secure the payment of compensation liability and (3) has failed to make payment of compensation according to the terms of such award, the award shall constitute a liquidated claim for damages against such employer in an amount commuted to a lump sum which will equal the present value of the total sum of the probable future payments discounted at four percent (4%) true discount compounded annually on each payment, which amount is to be ascertained and fixed by the board, and the director shall certify the same to the Attorney General who shall forthwith institute a civil action against such employer in the name of the state for the collection of such award. In such action it shall be sufficient for plaintiff to set forth a copy of the award of the board relative to such claim as certified by the director and to state that there is due to plaintiff on such account of such opinion, order or award of the board a specified sum which plaintiff claims with interest. A certified copy of such award in such claim shall be attached to the complaint and constitutes prima facie evidence of the truth of the facts therein contained.

HB 11, AN ACT relating to state purchasing.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 45.390 is amended to read as follows:

(1) All persons, firms, or corporations who desire to bid on and furnish any of the materials, supplies, or equipment usually purchased by the executive department for finance and administration may at any time file with the department its or their name or names; together with the character and kind of such materials, supplies, and equipment which it or they may desire to bid on and furnish, and such names shall be placed on the list of bidders applicable to such commodities as they desire to bid on and furnish. For identification purposes, the executive department for finance and administration may use any code system to identify prospective bidders which the executive department for finance and administration finds is necessary and in the best interest of the commonwealth of Kentucky. Prior to such listing, however, the commissioner of the executive department for finance and administration shall verify the qualifications of prospective bidders in terms of:

(a) Ability, capacity, and skill of the bidder to perform on a timely basis under contract for goods and services which he desires to bid on and furnish;

(b) Character, integrity, reputation, and experience of the bidder;

(c) Performance in previous dealings with the commonwealth of Kentucky and other governmental agencies or private business concerns; and

(d) Compliance with the health rules and regulations of the commonwealth of Kentucky.

(2) Subject to the right of appeal by the prospective bidder to the commissioner of the executive department for finance and administration, the commissioner may remove any bidder for any one (1) of the following reasons:

(a) Failure to meet minimum qualifications;

(b) Failure to post bid or performance bonds as the commissioner of the executive department for finance and administration may require either at the time of submission of bids or prior to award of contract;

(c) Substitution of commodities or equipment without approval in writing from the executive department for finance and administration;

(d) Failure to meet delivery conditions specified in the bid;

(e) Failure to replace inferior or defective materials, equipment, or supplies immediately;

(f) Failure to respond to three (3) invitations received;

(g) Falsifying invoices;

(h) Collusion or collaboration on commonwealth invitations to bid;

(i) Falsifying information on the "Application to be Placed on Vendor's List";

(j) Refusal to accept a contract award as provided in the bid;

(k) Failure to submit the Kentucky sales-use tax reports or failure to remit sales-use or income taxes assessed by the department of revenue.

(3) The executive department for finance and administration and using agencies shall employ the lists of bidders and other sources of information in such a way as to foster the highest level of sound competition when invitations to bid are issued as required by this section. In the event that there are more than ten (10) bidders on the list applicable to a given commodity, at least ten (10) of those listed shall be issued invitations when competitive bidding is required by this section in the purchase of said commodity, and any additional qualified bidders, whether or not they were issued invitations, may request invitations and shall be afforded the opportunity to submit a bid. In addition, the division shall solicit bids by publication in two (2) newspapers of general circulation in the state to be determined and designated by the commissioner of the executive department for finance and administration. The notice to be published shall contain a general description

items to be purchased or sold; the date, time and location on and at which bids will be opened; and the location from which the list of items, terms, and specifications can be obtained. For purposes of advertising in newspapers, a detailed listing of items shall not be necessary.

(4) The executive department for finance and administration shall require the formal invitation of sealed written bids on all purchases, except as provided in KRS 42.061, 45.360, and 45.400, for which the gross amount is estimated to exceed *five thousand dollars ($5,000)* [one thousand dollars ($1,000)] for building renovation and repair (inclusive projects) or *two thousand five hundred dollars ($2,500)* [$500] for other transactions. The department shall designate by regulation the manner, which manner may include the taking of sealed competitive bids, in which all purchases less than these amounts shall be made. In all cases where the department requires competitive quotations, a record shall be kept of all quotations solicited and received.

(5) An agency shall not split or parcel purchases over a period of time for the purpose of evading competitive bidding. In any case in which purchases are so split or parceled, the agency head shall be personally liable for the amount by which the total amount purchased exceeds the amount authorized to be purchased.

(6) For any purchase in which the estimated price exceeds *five thousand dollars ($5,000)* [two thousand dollars ($2,000)], invitations to bid shall be postmarked at least fourteen (14) days before the day set for opening. For any purchase in which the estimated price does not exceed *five thousand dollars ($5,000)* [two thousand dollars ($2,000)], invitations to bid shall be postmarked at least seven (7) days before the day set for opening. Said invitations shall state the time and place of receiving and opening of bids and any other information the department deems in the best interest of the state. Wherever possible items should be described by standard specifications. All said bids shall be made in writing and sealed and shall be opened and read publicly at the stated time. After due consideration and a reasonable time the department shall award the contract to the lowest qualified bidder, unless in the discretion of the said division no satisfactory bid had been received, in which event all bids may be rejected and new bids requested as provided by this section. Time discounts shall not be considered, except where fair trade commodities are involved.

The Committee Amendment to **HB 11** is as follows:

Amend printed copy of House Bill 11 page 4, lines 18 and 19 by deleting the words "*two thousand five hundred dollars ($2500)*" and inserting in lieu thereof the words "*one thousand dollars ($1000)*".

HB 517, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

PART I

Section 1. KRS 141.020 is amended to read as follows:

(1) An annual tax shall be paid for each taxable year by every resident individual of this state upon his entire net income as defined in this chapter. The tax shall be determined by applying the rates in subsection (2) to net income and subtracting allowable tax credits provided in subsection (3).

(2) The following rates shall be applied to net income:

(a) Two percent of the amount of net income not exceeding three thousand dollars;

(b) Three percent of the amount of net income in excess of three thousand dollars but not in excess of four thousand dollars;

(c) Four percent of the amount of net income in excess of four thousand dollars but not in excess of five thousand dollars;

(d) Five percent of the amount of net income in excess of five thousand dollars but not in excess of eight thousand dollars;

(e) Six percent of the amount of net income in excess of eight thousand dollars.

(3) The following tax credits, when applicable, shall be deducted from the result obtained under subsection (2) to arrive at the annual tax;

(a) Twenty dollars for an unmarried individual;

(b) Twenty dollars for a married individual filing a separate return and an additional twenty dollars for the spouse of taxpayer if a separate return is made by the taxpayer and if the spouse, for the calendar year in which the taxable year of the taxpayer begins, had no Kentucky gross income and is not the dependent of another taxpayer; or forty dollars for married persons filing a joint return, provided neither spouse is the dependent of another taxpayer. The determination of marital status for the purpose of this section shall be made in the manner prescribed in section 153 of the Internal Revenue Code;

(c) Twenty dollars credit for each dependent. No credit shall be allowed for any dependent who has made a joint return with his spouse;

(d) An additional *forty* [twenty] dollars credit if the taxpayer has attained the age of sixty-five before the close of the taxable year;

(e) An additional *forty* [twenty] dollars credit for taxpayer's spouse if a separate return is made by the taxpayer and if the taxpayer's spouse has attained the age of sixty-five before the close of the taxable year, and, for the calendar year in which the taxable year of the taxpayer begins, has no Kentucky gross income and is not the dependent of another taxpayer;

(f) An additional *forty* [twenty] dollars credit if the taxpayer is blind at the close of the taxable year;

(g) An additional *forty* [twenty] dollars credit for taxpayer's spouse if a separate return is made by the taxpayer and if the taxpayer's spouse is blind, and, for the calendar year in which the taxable year of the taxpayer begins, has no Kentucky gross income and is not the dependent of another taxpayer;

(h) In the case of nonresidents, the tax credits allowable under this subsection shall be that proportion of those permitted therein that is represented by the ratio of the taxpayer's Kentucky adjusted gross income as determined by KRS 141.010 (10), without the adjustments contained in (a) and (b) of that subsection, to his adjusted gross income as defined in section 62 of the Internal Revenue Code. However, in the case of a married nonresident taxpayer with income from Kentucky sources, whose spouse has no income from Kentucky sources, the taxpayer shall determine allowable tax credit(s) by either:

1. the method contained above applied to his tax credit(s), excluding credits for a spouse and dependents, or

2. prorating his tax credit(s) plus the tax credits for his spouse and dependents by the ratio of his Kentucky adjusted gross income as determined by KRS 141.010 (10), without the adjustments contained in (a) and (b) of that subsection, to the total joint federal adjusted gross income of the taxpayer and his spouse;

(i) In the case of an individual who becomes a resident of Kentucky during the taxable year, the tax credits allowable under this subsection shall be that portion of those permitted therein that is represented by the ratio of the taxpayer's Kentucky adjusted gross income as determined by subsection (10) of KRS 141.010, without the adjustments contained in paragraphs (a) and (b) of that subsection, to his adjusted gross income as defined in section 62 of the Internal Revenue Code;

(j) In the case of a fiduciary, other than an estate, the allowable tax credit shall be two dollars;

(k) In the case of an estate, the allowable tax credit shall be twenty dollars;

(l) An additional twenty dollars credit if the taxpayer is a member of the Kentucky national guard at the close of the taxable year.

(4) An annual tax shall be paid for each taxable year as specified in this section upon the entire net income except as herein provided, from all tangible property located in this state, from all intangible property that has acquired a business situs in this state, and from business, trade, profession, occupation or other activities carried on in this state, by natural persons not residents of this state. A nonresident individual shall be taxable only upon the amount of income received by him from labor performed, business done or from other activities in this state, from tangible property located in this state, and from intangible property which has acquired a business situs in this state; provided, however, that the situs of intangible personal property shall be at the residence of the real or beneficial owner and not at the residence of a trustee having custody or possession thereof. The remainder of the income received by such nonresident shall be deemed nontaxable by this state.

(5) Subject to the provisions of KRS 141.081 [and KRS 141.082], any individual may elect to pay the annual tax imposed by *Section 2 of this Act* [KRS 141.025] in lieu of the tax levied under this section.

(6) An individual who becomes a resident of Kentucky during the taxable year is subject to taxation as prescribed in subsection (4) of this section prior to establishing such residence and as prescribed in subsection (1) of this section following the establishment of such residence.

(7) An individual who becomes a nonresident of Kentucky during the taxable year is subject to taxation, as prescribed in subsection (1) of this section, during that portion of the taxable year that he is a resident and, as prescribed in subsection (4) of this section, during that portion of the taxable year when he is a nonresident.

SECTION 2. A NEW SECTION OF THE KENTUCKY REVISED STATUTES IS CREATED TO READ AS FOLLOWS:

Any individual whose adjusted gross income for the taxable year for which the return is filed does not exceed eight thousand dollars ($8,000) may elect to compute his annual tax under this section. This annual tax shall be determined by deducting the tax credits authorized by KRS 141.020(3) from the amount indicated by the following table which gives effect to a standard deduction of five hundred dollars ($500):

SECTION 2. A NEW SECTION OF KRS CHAPTER 139 IS CREATED TO READ AS FOLLOWS:

(1) The taxes imposed by this chapter shall apply to resident, nonprofit educational, charitable, and religious institutions as follows:

(a) Tax does not apply to sales of tangible personal property or services to such institutions provided the property or service is to be used solely within the educational, charitable, or religious function.

(b) Sales made by such institutions are taxable and the tax may be passed on to the customer as provided in KRS 139.210. However, where cafeterias or lunchrooms operated by educational institutions are not open to the public, tax does not apply to sales of food to students.

SECTION 3. A NEW SECTION OF KRS CHAPTER 139 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any other provisions of this chapter, the taxes imposed herein do not apply to the first $500 of sales made in any calendar year by individuals or nonprofit organizations not engaged in the business of selling. (b) Fund raising events held by nonprofit civic, governmental, or other nonprofit organizations;

(2) The exemption does not apply to activities in which all or substantially all the household goods of a person are offered for sale or where nonprofit organizations conduct regular selling activities in competition with private business.

Section 4. Sections 1 and 3 of Part III of this Act shall become effective July 1, 1976.

Section 5. Whereas increasing costs due to inflation have placed many institutions in a difficult financial position, an emergency is declared to exist, and Section 2 of Part III of this Act shall become effective upon this Act's passage and approval by the Governor.

HB 549, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 134.580 is amended to read as follows:

(1) When money has been paid into the state treasury in payment of any state taxes, except ad valorem taxes, whether payment was made voluntarily or involuntarily, the department of revenue shall authorize refunds or credits, to the person who paid the tax, or to his heirs, personal representatives or assigns, of any overpayment of tax and any payment where no tax was due. When a bona fide controversy exists between the department and the taxpayer as to the liability of the taxpayer for the payment of tax claimed to be due by the department, the taxpayer may pay the amount claimed by the department to be due, and if an appeal is taken by the taxpayer from the ruling of the department within the time provided by KRS 131.340 and it is finally adjudged that the taxpayer was not liable for the payment of the tax or any part thereof, the department shall authorize such refund or credit as the Kentucky board of tax appeals or courts may direct.

(2) In the event refunds or credits result from clerical error of the department or its agents, but not otherwise, refunds or credits shall be authorized with interest at the rate of *8* [6] per cent per annum. The refunds authorized by this section shall be made in the same manner as other claims on the state treasury are paid. They shall not be charged against any appropriation; but shall be deducted from tax receipts for the current fiscal year.

(3) Nothing in this section shall be construed to authorize the department to make or cause to be made any refund except within *four (4)* [two (2)] years from the date the money was paid into the state treasury. [Notwithstanding the foregoing limitation, in any case where money has been paid into the state treasury on or after January 1, 1966, the department may authorize a refund or credit of such money within four (4) years from the date the money was paid into the state treasury.] Nothing in this section shall be construed as requiring the department to authorize any refund or credit to a taxpayer without demand from the taxpayer, if in the opinion of the department the cost to the state of authorizing the refund or credit would be greater than the amount that should be refunded or credited.

(4) The terms "overpayment" and "payment where no tax was due" as used in this section shall be construed as referring to tax liability under the terms of the applicable statute without reference to the constitutionality of the statute. It is not intended that this section shall apply to any case wherein the statute may be held unconstitutional, either in whole or in part.

(5) In cases in which a statute has been held unconstitutional, taxes paid thereunder may be refunded to the extent provided by KRS 134.590, and by the statute held unconstitutional.

Section 2. KRS 138.140 is amended to read as follows:

(1) A tax shall be paid on the sale of cigarettes within the state at a proportionate rate of three cents(3¢) on each twenty (20) cigarettes. This tax shall be paid only once, regardless of the number of times the cigarettes may be sold in this state.

[(2) The burden of paying such tax shall be passed, through subsequent sales of the cigarettes taxed, to the ultimate purchasers and consumers of such cigarettes, and such tax so passed shall be deemed a direct tax paid by the said ultimate purchasers and consumers.]

Section 3. KRS 138.460 is amended to read as follows:

(1) On and after July 1, 1972 a tax levied upon its retail price at the rate of five percent shall be paid on the use in this state of every motor vehicle, except those exempted by KRS 138.470, at the time and in the manner provided in this section. In the case of trucks of gross weight in excess of ten thousand pounds (10,000 lbs.) the tax shall be levied upon ninety percent of the retail price of the vehicle.

(2) The tax shall be collected by the county court clerk or other officer with whom the vehicle is required to be registered:

(a) When he collects the registration fee for registering and licensing a motor vehicle the first time it is offered for registration in this state,

(b) Or upon the transfer of ownership of any motor vehicle previously registered in this state.

(3) The tax collected by the county clerk under this section shall be reported and remitted to the department of revenue on forms provided by the department. The county clerk shall for his services in collecting the tax be entitled to retain an amount equal to two percent of the tax collected and accounted for.

(4) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, or transfer the ownership of any motor vehicle previously registered in this state, unless the owner or his agent pays the tax levied under this section in addition to the transfer, registration and license fees.

(5) When a resident of this state offers a motor vehicle for registration for the first time in this state which was registered in another state that levied a tax substantially identical to the tax levied under this section, such person shall be entitled to receive a credit against the tax imposed by this section equal to the amount of tax paid to the other state. No credit shall be given under this subsection for taxes paid in another state if that state does not grant similar credit for substantially identical taxes paid in this state.

(6) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, unless the seller or his agent delivers to the county clerk or other officer a certified or photostat copy of the manufacturer's price label for passenger cars or a certified or photostat copy of the itemized billing to the customer in the case of all other motor vehicles; and the clerk shall attach the certified or photostat copy to the copy of the certificate of registration and ownership mailed to the department.

(7) When a manufacturer replaces for the original purchaser within ninety (90) days a new motor vehicle because of malfunction or defect, the purchaser shall be entitled to a refund of the amount of motor vehicle usage tax received by the Department of Revenue as a result of the first registration. No person shall be entitled to a refund unless he shall have filed with the Department of Revenue an affidavit from the manufacturer identifying the vehicle that was replaced and stating the date of replacement.

Section 4. KRS 138.470 is amended to read as follows:

There is expressly exempted from the tax imposed by KRS 138.460:

(1) Motor vehicles sold to the United States, or to the commonwealth of Kentucky or any of its political subdivisions;

(2) Motor vehicles sold to institutions of purely public charity and institutions of education not used or employed for gain by any person or corporation;

(11) [(12)] Motor vehicles repossessed by a secured party who has filed a financing statement as required by KRS 186.045(2) and a repossession affidavit as required by KRS 186.045(6). The repossessor must hold the vehicle for resale only and not for personal use unless he has previously paid the motor vehicle usage tax on said vehicle.

(12) Motor vehicles transferred to an insurance company to settle a claim. Such vehicles shall be junked or held for resale only.

Section 5. KRS 136.070 is amended to read as follows:

(1) [With respect to taxable years beginning after December 31, 1965, every] *Every corporation organized under the laws of this state, every corporation having its commercial domicile in this state, and every foreign corporation owning or leasing property located in this state or having one or more individuals receiving compensation in this state, except state and national banks and trust companies, savings and loan associations organized under the laws of this state and under the laws of the United States and making loans to members only, production credit associations, insurance companies, including farmers' or other mutual hail, cyclone, windstorm or fire insurance companies, insurers and reciprocal underwriters, public service companies subject to taxation under KRS 136.120, those corporations exempted by Section 501 of the Internal Revenue Code,* and *any other* religious, educational, charitable *or* [and] like corporations not organized or conducted for pecuniary profit, shall pay to the state an annual license tax of seventy cents on each one thousand dollars of the capital employed in the business as computed under the provisions of subsections (2) and (3) of this section.

(2) *(a)* [The corporation shall determine its total capital, both within and without Kentucky.] The term "capital" as used in this section *means* [includes, but is not limited to,] capital stock, surplus, [monies borrowed for purposes other than current operating expenses and used in lieu of or in addition to invested capital and earned surplus,] advances by affiliated companies, intercompany accounts, *borrowed monies* or any other *accounts* [items] representing additional capital used and employed in the business. [The term "capital stock" as used in this section, shall be deemed to have such value as is reflected on the books of the corporation whether having par value or not.] *Accounts properly defined as "capital" in this section shall be reported at the value reflected on financial statements prepared for book purposes as of the last day of the calendar or fiscal year.*

(b) "Capital employed," in the case of corporations having property or payroll only in this state means "capital" as defined above.

(c) "Capital employed," in the case of corporations having property or payroll both within and without this state means "capital" as defined above and as apportioned under Section 3 of this section.

(d) Property means either real property or tangible personal property which is either owned or leased. Payroll means compensation, paid to one or more individuals, as described in subsection (3) of this section. Property and payroll are deemed to be entirely within this state if all other states are prohibited by Public Law 86-272, as it existed on December 31, 1975, from enforcing income tax jurisdiction.

(3) The total capital, as determined under subsection (2) of this section, shall be apportioned as follows:

(a) The total capital shall be multiplied by a fraction, the numerator of which is the property factor plus the payroll factor, plus the sales factor, and the denominator of which is three (3).

(b) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.850 shall be excluded from the property factor.

1. Property owned by the taxpayer is valued at its original cost. If the original cost of any property is not determinable or is nominal or zero such property shall be valued by the department under regulations promulgated by the department. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals, provided that such rental and such subrentals are reasonable. If the department determines that the annual rental or subrental rate is unreasonable, or if nominal or zero rate is charged, the department may determine and apply such rental rate as will reasonably reflect the value of the property rented by the taxpayer.

2. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the department may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(c) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid or payable everywhere during the tax period. Compensation is paid or payable in this state if:

1. The individual's service is performed entirely within the state; or

2. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

3. Some of the service is performed in the state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(d) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. Sales of tangible personal property are in this state if:

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale; or

2. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government.

3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(4) If the apportionment provisions of this section do not fairly measure the taxpayer's capital in this state, the taxpayer may petition for or the department may require:

(a) The exclusion of any one or more of the factors;

(b) The inclusion of one or more additional factors which will fairly measure the taxpayer's capital in this state; or

(c) The employment of any other method to produce an equitable apportionment of the taxpayer's capital.

(5) No corporation required to pay an annual license tax under this section shall pay less than ten dollars.

Section 6. KRS 136.990 is amended to read as follows:

(1) Any county clerk who fails to comply with the provisions of subsection (2) of KRS 136.020 shall be fined not less than ten dollars ($10.00) nor more than twenty-five dollars ($25.00).

(2) Any corporation that fails to pay its taxes, penalty and interest as provided in subsection (2) of KRS 136.050, after becoming delinquent, shall be fined fifty dollars ($50.00) for each day the same remains unpaid, to be recovered by indictment or civil action, of which the Franklin Circuit Court shall have jurisdiction.

(3) Any public service corporation, or officer thereof, that wilfully fails or refuses to make reports as required by KRS 136.130 and 136.140 shall be fined one thousand dollars ($1,000), and fifty dollars ($50.00) for each day the reports are not made after March 31 of each year.

(4) Any superintendent of schools or county clerk who fails to report as required by KRS 136.190, or who makes a false report, shall be fined not less than fifty dollars ($50.00) nor more than one hundred dollars ($100) for each offense.

(5) Any company or association that fails or refuses to return the statement or pay the taxes required by KRS 136.330 or 136.340 shall be fined one thousand dollars ($1,000) for each offense.

(6) Any insurance company that fails or refuses for thirty (30) days to return the statement required by KRS 136.330 or 136.340, under the oath of some principal officer or general agent or manager of this state, and to pay the tax required by KRS 136.330 or 136.340, shall forfeit one hundred dollars ($100) for each offense. The commissioner of insurance shall revoke the authority of the company or its agents to do business in this state, and shall publish the revocation pursuant to KRS chapter 424.

(7) Any person who violates subsection (3) of KRS 136.390 shall be fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500) for each offense.

(8) Where no other penalty is mentioned for failing to do an act required, or for doing an act forbidden, by this chapter, the penalty shall be not less than ten dollars ($10.00) nor more than five hundred dollars ($500).

(9) The Franklin Circuit Court shall have jurisdiction of all prosecutions under subsections (5) to (7), of this section.

(10) If any taxpayer fails to make or file a return as required by KRS 136.090 on or before the due date of the return, then, unless it is shown to the satisfaction of the department that the failure is due to reasonable cause, five per cent (5%) of the tax found to be due by the department shall be added to the tax for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which it was filed, but the total penalty shall not exceed twenty-five per cent (25%) of the tax provided, however, that in no case shall a penalty be less than ten dollars ($10.00).

(11) If the tax imposed by KRS 136.070, whether assessed by the department or the taxpayer, or any instalment or portion of the tax, is not paid on or before the date prescribed for its payment, it shall be collected as a part of the tax, interest upon the nonpaid amount at the rate of *eight* [six] per cent *(8%)* [(6%)] per annum from the date prescribed for its payment until payment is actually made to the department. [If the assessment made by the department is not paid within the time prescribed, or protested in accordance with KRS 131.110, the taxpayer shall pay as a penalty, in addition to the amount of tax and other applicable penalties, one per cent (1%) of the tax for each month that the tax remains nonpaid.]

(c) For taxable years beginning in 1971 and ending in 1972, the tax shall be the sum of the following taxes determined as follows:

1. Five percent of the first twenty-five thousand dollars and seven percent of the excess, multiplied by the ratio of the number of days from the first day of the taxable year through December 31, 1971, to the number of days of the taxable year, and

2. Four percent of the first twenty-five thousand dollars and five and eight-tenths percent of the excess, multiplied by the ratio of the number of days from January 1, 1972, through the last day of the taxable year, to the number of days of the taxable year.]

Section 9. KRS 141.044 is amended to read as follows:

(1) The estimated tax provided for in KRS 141.042 shall be paid as follows:

(a) If the declaration is filed on or before June 15 of the taxable year, the estimated tax shall be paid in three (3) instalments. The first instalment, in an amount equal to fifty per cent (50%) of the estimated tax, shall be paid at the time of the filing of the declaration. The second and third instalments, each in an amount equal to twenty-five per cent (25%) of the estimated tax, shall be paid on September 15 and December 15, respectively, of the taxable year;

(b) If the declaration is filed after June 15 and not after September 15 of the taxable year and is not required by KRS 141.042 to be filed on or before June 15 of the taxable year, the estimated tax shall be paid in two (2) instalments. The first instalment, in an amount equal to seventy-five per cent (75%) of the estimated tax, shall be paid at the time of the filing of the declaration and the second instalment, in an amount equal to twenty-five per cent (25%) of the estimated tax, on December 15 of the taxable year;

(c) If the declaration is filed after September 15 of the taxable year and is not required to be filed on or before September 15 of the taxable year, the estimated tax shall be paid in full at the time of the filing of the declaration;

(d) If the declaration is filed after the time prescribed in KRS 141.042, including cases where extensions of time have been granted, paragraphs (a), (b), and (c) of this subsection shall not apply, and there shall be paid at the time of such filing all instalments of estimated tax which would have been payable on or before such time if the declaration had been filed within the time prescribed in KRS 141.042, and the remaining instalments shall be paid at the times at which, and in the amounts in which, they would have been payable if the declaration had been so filed.

(2) In the case where the tax computed under this chapter is less than the amount which has been declared and paid as estimated tax for the same taxable year, a refund shall be made upon the filing of a return, together with interest on such overpayment at the rate of *eight* [six] per cent *(8%)* [(6)] per annum from the fifteenth day of the seventh month following the close of the taxable year for which the return is filed, or from the fifteenth day of the fourth month following the filing of the return if the return is filed later than the normal filing date.

(3) (a) Overpayment resulting from the payment of estimated tax in excess of the amount determined to be due upon the filing of a return for the same taxable year may be credited against the amount of

estimated tax determined to be due on any declaration filed for the next succeeding taxable year or for any deficiency or nonpayment of tax for any previous taxable year.

(b) No refund shall be made of any estimated tax paid unless a complete return is filed as required by this chapter.

(4) At the election of the taxpayer, any instalment of the estimated tax may be paid prior to the date prescribed for its payment.

(5) In the application of this section and KRS 141.042 to the case of a taxable year beginning on any date other than January 1, there shall be substituted for the months specified therein the relative months and dates which correspond thereto.

Section 10. KRS 141.120 is amended to read as follows:

(1) As used in this section, unless the context requires otherwise:

(a) "Business income" means income arising from transactions and activity in the regular course of a trade or business of the taxpayer and includes income from tangible and intangible property if the acquisition, management, or disposition of the property constitutes integral parts of the taxpayer's regular trade or business operations;

(b) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is managed;

(c) "Compensation" means wages, salaries, commissions, and any other form of remuneration paid or payable to employes for personal services;

(d) "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, investment company, or any type of insurance company;

(e) "Nonbusiness income" means all income other than business income;

(f) "Public service company" means any business entity subject to taxation under KRS 136.120;

(g) "Sales" means all gross receipts of the taxpayer not allocated under subsections *(3)* [(4)] through *(7)* [(8)] of this section;

(h) "State" means any state of the United States, the District of Columbia, the commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(2) Any corporation *which is required by KRS 141.010(14)(b) to allocate and apportion its net income* [having income from business activity which is taxable both within and without this state] shall allocate and apportion its net income as provided in this section.

[(3) For purposes of allocation and apportionment of income under this section, a corporation is taxable in another state if, in that state it is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or corporate stock tax; or that state has jurisdiction to subject the corporation to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or corporate stock tax, regardless of whether, in fact, the state does or does not.]

(3) [(4)] Rents and royalties from real or tangible personal property, capital gains and losses, interest, [dividends,] or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in subsections *(4)* [(5)] through *(7)* [(8)] of this section.

(4) [(5)] (a) Net rents and royalties from real property located in this state are allocable to this state.

(b) Net rents and royalties from tangible personal property are allocable to this state if and to the extent that the property is utilized in this state; or in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(c) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, the tangible personalty is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(5) [(6)] (a) Capital gains and losses from sales or other dispositions of real property located in this state are allocable to this state.

(b) Capital gains and losses from sales or other dispositions of tangible personal property are allocable to this state if the property had a situs in this state at the time of the sale, or the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(c) Capital gains and losses from sales or other dispositions of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

(6) [(7)] Interest *is* [and dividends are] allocable to this state if the taxpayer's commercial domicile is in this state.

(7) [(8)] (a) Patent and copyright royalties are allocable to this state if and to the extent that the patent or copyright is utilized by the payer in this state; or if and to the extent that the patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(b) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(c) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(8) [(9)] All business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three (3).

(a) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.850 shall be excluded from the property factor.

1. Property owned by the taxpayer is valued at its original cost. If the original cost of any property is not determinable or is nominal or zero such property shall be valued by the department under regulations promulgated by the department. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from sub-rentals, provided that such rental and such sub-rentals are reasonable. If the department determines that the annual rental or sub-rental rate is unreasonable, or if a nominal or zero rate is charged, the department may determine and apply such rental rate as will reasonably reflect the value of the property rented by the taxpayer.

2. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the department may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(b) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid or payable everywhere during the tax period. Compensation is paid or payable in this state if:

1. The individual's service is performed entirely within the state; or

2. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

3. Some of the service is performed in the state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(c) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. Sales of tangible personal property are in this state if:

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale; or

2. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government.

3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(9) [(10)] If the allocation and apportionment provisions of this section do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the department may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(a) separate accounting;

(b) the exclusion of any one or more of the factors;

(c) the inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or

(d) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(10) [(11)] Public service companies and financial organizations *required by KRS 141.010(14)(b) to allocate and apportion net income shall allocate and apportion* [having income from business activity which is taxable both within and without this state shall allocate] such income as follows:

(a) Nonbusiness income shall be allocated to this state as provided in subsections *(4)* [(5)] through *(7)* [(8)] of this section;

(b) Business income shall be *apportioned* [allocated] to this state by multiplying the business income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor and the denominator of which is three (3). The payroll factor shall be determined as provided in subsection *(8)* [(9)](b) of this section. The property factor and sales factor shall be determined as provided by regulations promulgated by the department.

Section 11. KRS 141.205 is amended to read as follows:

(1) The department may require either a consolidated return or a combined return from any or all corporations conducting inter-corporate transactions whenever the department finds that such inter-corporate transactions reduce taxable net income, as defined in KRS 141.010(14), of the corporation(s) below the amount which would result if the transactions were at arms-length.

(2) The department is authorized and empowered to assess the tax against any of the corporations whose income is included in the consolidated or combined return in such manner as it may determine necessary to prevent the avoidance of income tax.

(3) In the case of corporations not required to file a consolidated or combined return under subsection (1) of this section that carried on transactions with stockholders or affiliated corporations directly or indirectly, the department shall adjust the net income of such corporations to an amount that would result if such transactions were carried on at arm's length.

[(4) Notwithstanding subsection (8) of KRS 141.010, for taxable years beginning after December 31, 1969, any corporation which participates in filing a consolidated federal income tax return under Internal Revenue Code section 1501 shall determine the federal income tax deduction as provided in this subsection. That deduction shall be the lesser of the two amounts computed under paragraphs (a) and (b) of this subsection, and shall be adjusted to reflect only federal income tax applicable to income taxed under the provisions of this chapter:

(a) The federal income tax liability shown on the consolidated federal income tax return for the taxable year, minus any federal tax credits actually utilized by the consolidated group, apportioned by a fraction, the numerator of which is the federal taxable income of the separate corporation and the denominator of which is the federal taxable income of the consolidated group before reduction for losses sustained by members of the group;

(b) The federal income tax liability of the consolidated group which would result from the application of the income tax rates contained in the Internal Revenue Code in effect December 31, 1967 to the consolidated federal income for the taxable year, minus any federal tax credits actually utilized by the consolidated group, apportioned by a fraction, the numerator of which is the federal taxable income of the separate corporation and the denominator of which is the federal taxable income of the consolidated group before reduction for losses sustained by members of the group;

(c) Notwithstanding the above provisions, no federal income tax deduction shall be allowed for taxable years beginning after December 31, 1971. Any corporation whose taxable year begins in 1971 and ends in 1972 shall determine the federal income tax deduction as follows:

1. Compute a federal income tax deduction, on the basis of the entire taxable year, by the provisions of this subsection, and

2. Multiply such federal income tax deduction by the ratio of the number of days of the taxable year in 1971 to the total number of days in the taxable year.]

Section 12. KRS 141.215 is amended to read as follows:

Members of [Every person on active service with] the [United States] army, navy, marines, air force, or *public health* [nursing] service of the United States government who *serve in an area designated as a combat zone by Presidential Proclamation and who are* [is] required by law to file an income tax return and pay income taxes to the state of Kentucky shall not be required to file such return and pay such taxes, which would otherwise become due during such period of service, until twelve (12) months after *such combat zone service* [the termination of the national emergency, or twelve (12) months after the termination of his period of military service, whichever is the earlier].

Section 13. KRS 141.235 is amended to read as follows:

(1) No suit shall be maintained in any court to restrain or delay the collection or payment of the tax levied by this chapter.

(2) [Any tax collected prior to January 1, 1966, pursuant to the provisions of KRS chapter 141, may be refunded in the manner provided in KRS 134.580, provided that the claim for refund is made within three (3) years of the due date of the return or date the tax was paid, whichever is the later.] Any tax collected [on or after January 1, 1966,] pursuant to the provisions of KRS chapter 141, may be refunded or credited in the manner provided in KRS 134.580, provided that the claim for refund or credit is made within four (4) years of the due date of the return or the date the tax was paid, whichever is the later, except that, in any case where the assessment period contained in KRS 141.210 has been extended by an agreement executed after December 31, 1965 between the taxpayer and the department, the limitation contained in this subsection shall be extended accordingly.

(3) Overpayments of taxes collected pursuant to KRS 141.300, 141.310, or 141.315 shall be refunded or credited with interest at *eight* [six] per cent *(8)* [(6)] per annum. The interest shall not begin to accrue until ninety (90) days after the overpayment is made, the return is filed, or the due date of the return, whichever is later.

(4) Exclusive authority to refund or credit overpayments of taxes collected pursuant to this chapter is vested in the commissioner or his authorized agent. Amounts directed to be refunded shall be paid out of the general fund.

Section 14. KRS 141.300 is amended to read as follows:

(1) Every individual shall, at the time prescribed in subsection (3), make a declaration of his estimated tax for the taxable year if his gross income from sources other than wages upon which Kentucky income tax will be withheld can reasonably be expected to exceed one thousand dollars ($1,000) for the taxable year and his gross income can reasonably be expected to be an amount not less than the amount for which a return is required under KRS 141.180.

(2) In the declaration required under subsection (1) the individual shall state:

(a) The amount which he estimates as the amount of tax under KRS 141.020 for the taxable year;

(b) The amount which he estimates as the credits for the taxable year under KRS 141.310 and KRS 141.315;

(c) The excess of the amount estimated under paragraph (a) over the amount estimated under paragraph (b), which excess for purposes of this chapter shall be considered the estimated tax for the taxable year;

(d) Such other information as may be prescribed in regulations promulgated by the department.

(3) The declaration required under subsection (1) shall be filed with the department on or before April 15 of the taxable year, except that if the requirements of subsection (1) are first met:

(a) After April 1 and before *June* [July] 2 of the taxable year, the declaration shall be filed on or before *June* [July] 15 of the taxable year; or

(b) After *June* [July] 1 and before *September* [November] 2 of the taxable year, the declaration shall be filed on or before *September* [November] 15 of the taxable year; or

(c) After *September* [November] 1 of the taxable year, the declaration shall be filed on or before *January* [February] 15 of the succeeding taxable year.

(4) An individual may make amendments of a declaration filed during the taxable year under subsection (3), under regulations prescribed by the department.

(5) If on or before *January 31* [February 15] of the succeeding taxable year the taxpayer files a return for the taxable year for which the declaration is required and pays in full the amount computed on the return as payable then, under regulations prescribed by the department:

(a) If the declaration is not required to be filed during the taxable year, but is required to be filed on or before such *January* [February] 15, such return shall, for the purposes of this section, be considered as such declaration; and

(b) If the tax shown on the return, reduced by the credits under KRS 141.350, is greater than the estimated tax shown in a declaration previously made or, in the last amendment thereof, such return shall, for the purposes of this section, be considered as the amendment of the declaration permitted by subsection (4) to be filed on or before such *January* [February] 15.

(6) The department shall promulgate regulations governing reasonable extensions of time for filing declarations and paying the estimated tax. Except in the case of taxpayers who are abroad, no such extension shall be for more than six (6) months.

(7) If the taxpayer is unable to make his own declaration, the declaration shall be made by a duly authorized agent or by the guardian or other person charged with the care of the person or property of such taxpayer.

(8) For the purposes of KRS 131.190, a declaration of estimated tax shall be held and considered a return of income under this chapter.

(1) The estimated tax provided for in KRS 141.300 shall be paid as follows:

(a) If the declaration is filed on or before April 15 of the taxable year, the estimated tax shall be paid in *four (4)* [three (3)] equal installments. The first installment shall be paid at the time of the filing of the declaration, [and] the second and third on *June* [July] 15 and *September* [November] 15, respectively, of the taxable year, *and the fourth on January 15 of the succeeding taxable year;*

(b) If the declaration is filed after April 15 and not after *June* [July] 15 of the taxable year and is not required by subsection (3) of KRS 141.300 to be filed on or before April 15 of the taxable year, the estimated tax shall be paid in *three (3)* [two (2)] equal installments. (d) If the declaration is filed after *September* [November] 15 of the taxable year, and is not required by subsection (3) of KRS 141.300 to be filed on or before *September* [November] 15 of the taxable year, the *declaration shall be filed and* estimated tax shall be paid *on or before January 15 of the succeeding taxable year* [in full at the time of the filing of the declaration];

(2) If any amendment of a declaration is filed, the remaining installments, if any, shall be ratably increased or decreased as the case may be, to reflect the respective increase or decrease in the estimated tax by reason of such amendment. and if any amendment is made after *September* [November] 15 of the taxable year any increase in the estimated tax by reasons thereof shall be paid at the time of making such amendment.

(6) The application of this section, KRS 141.300, and subsection (8) of KRS 141.990, to taxable years of less than twelve months shall be as prescribed in regulations promulgated by the department.

(7) In the application of this section and KRS 141.300 to taxpayers reporting income on a fiscal year basis, there shall be substituted for the date specified therein, the months corresponding thereto.

Section 16. KRS 141.990 is amended to read as follows:

(1) If any taxpayer fails or refuses to file a return or furnish any information requested in writing by the department, the department may make an estimate of the net income from any information in its possession, assess the tax at not more than twice the amount estimated to be due and add a penalty of twenty-five percent of the amount of any deficiency tax assessed concerning such failure or refusal to file a return or furnish any information. This penalty shall be in addition to all other applicable penalties in this section.

(2) If any taxpayer fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the department, *or fails to pay the tax imposed by this chapter within the time prescribed,* then, unless it is shown to the satisfaction of the department that the failure is due to reasonable cause, five percent of the tax found to be due by the department shall be added to the tax for each thirty days or fraction thereof *that either filing the return or paying the tax is beyond the time prescribed or extended* [elapsing between the due date of the return and the date on which filed], but the total penalty shall not exceed twenty-five percent of the tax.

(3) If any part of any deficiency is due to negligence, or intentional disregard of rules and regulations but without intent to defraud, five percent of the total amount of the deficiency, in addition to the deficiency and other penalties provided in this section, shall apply.

(4) If any part of any deficiency is due to fraud with intent to evade tax fifty percent of the total amount of the deficiency, in addition to the deficiency and other penalties provided in this section, shall apply.

(5) [(a)] If the tax imposed by this chapter, whether assessed by the department, or the taxpayer, or any installment or portion of the tax is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the tax, interest upon the unpaid amount at the rate of eight percent per annum from the date prescribed for its payment until payment is actually made to the department. [If any assessment made by the department is not paid within the time prescribed, or protested in accordance with KRS 131.110, the department may assess and the taxpayer shall pay as a penalty, in addition to the amount of the tax and other applicable penalties, one percent of the tax for each month the tax remains unpaid.

(b) If any taxpayer fails to pay the tax imposed by this chapter within the time prescribed, unless it is shown to the satisfaction of the department that the failure is due to reasonable cause, the department may assess a penalty of ten percent of the tax due, plus interest on the tax and penalty from the due date at one percent a month or fraction thereof until paid.]

(6) Any person required under the provisions of KRS 141.150 or 141.335 to furnish a statement required under that section who willfully furnishes a false or fraudulent statement, or who willfully fails to furnish a statement in the manner at the time and showing the information required under KRS 141.150 and 141.335, may for each such failure be subject to a civil penalty of ten dollars. Such penalty may be assessed and collected by the department, and the assessment of such penalty may be reviewed only in the manner provided in KRS 131.110.

(7) (a) Any employer required under the provisions of KRS 141.310, 141.315 or 141.330 to withhold taxes on wages, file returns, and make payment of amounts withheld to the department, who fails to withhold such taxes, or to file such returns when due, or who fails to remit amounts collected to the department when due, or when filing the returns understates the amount due shall, unless such failure to comply is shown to the satisfaction of the department to be due to reasonable cause, be subject to a civil penalty equal to five percent per month or fraction thereof not to exceed twenty-five percent, of the amount of taxes that should have been properly withheld and paid over to the department, or *ten dollars ($10)* [five dollars ($5)], whichever is greater, for each such failure. However, where such failure is shown to be due to reasonable cause the department may reduce the penalty provided herein to an amount equal to five percent of the amount of taxes that should have been properly withheld and paid over to the department but not to exceed one hundred dollars, or *ten dollars ($10)* [five dollars ($5)], whichever is greater, for each such penalty. Each penalty shall be assessed and collected by the department and the assessment of such penalty may be reviewed only in the manner provided in KRS 131.110. The penalty may be waived if the return and payment are received within thirty days after the due date and the employer has no previous record of late filing or late payment within two years next preceding such due date.

(b) Any employer required to file a return under the provisions of KRS 141.330 (1) when no tax should have been properly withheld, and who fails to file the same when due, shall be subject to a civil penalty of *ten dollars ($10)* [five dollars ($5)] for each violation. Such penalty shall be assessed and collected by the department and the assessment of such penalty may be reviewed only in the manner provided in KRS 131.110. The penalty may be waived if the return is received within thirty days after the due date and the employer has no previous record of late filing within two years next preceding such due date.

(8) Any individual required by KRS 141.300 to file a declaration of estimated tax and required by KRS 141.305 to pay such declaration of estimated tax may be subject to a penalty of ten percent of any underpayment or any late payment. Underpayment, for purposes of this subsection, is determined by subtracting applicable credits allowed by KRS 141.070, 141.300 and 141.310 from seventy percent of the tax liability as shown on the return for the taxable year. This subsection shall not apply to the taxable year in which the death of the taxpayer occurs nor in the case of a farmer exercising an election under subsection (5) of KRS 141.305.

(9) Any corporation required by KRS 141.042 to file a declaration of estimated tax and required to pay such declaration of estimated tax by the installment method prescribed by subsection (1) of KRS 141.044, may be subject to a penalty of ten percent of any installment underpayment or any installment not paid on time. Installment underpayment is the installment determined by subsection (1) of KRS 141.044, less the installment actually paid, based upon seventy percent of the income tax shown to be due on the final return for the year reduced by $5,000. Provided, however, that no corporation which filed declarations on the basis of its taxable income for the immediately preceding fiscal year and pays the amount thus computed when due shall be liable for any penalty under this subsection [; and provided further that the levy of any penalty under this subsection shall preclude the levy of the penalty under paragraph (b) of subsection (5) of this section].

(10) Any penalty imposed by subsections (1), (2), (3), (4), (5), (6), (7), (8) or (9) of this section shall be assessed, collected, and paid in the same manner as if it were a deficiency.

(11) Every tax imposed by this chapter, and all increases, interest and penalties thereon, shall become, from the time it is due and payable, a personal debt to the state from the taxpayer or other person liable therefor.

(12) In addition to the penalties herein prescribed, any taxpayer or employer, who willfully fails to make a return or willfully makes a false return, or who willfully fails to pay taxes owing or collected, with intent to evade payment of the tax or amount collected, or any part thereof, shall upon conviction thereof be fined not less than five hundred dollars nor more than five thousand dollars, or confined in the penitentiary for not less than twelve months or more than five years, or both.

(13) Any person who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under, or in connection with any matter arising under KRS Chapter 141 of a return, affidavit, claim, or other document, which is fraudulent or is false as to any material matter, whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such return, affidavit, claim, or document shall be guilty of a felony and, upon conviction thereof, shall be fined not more than five thousand dollars, or imprisoned not more than three years, or both, together with the costs of prosecution.

(14) A return for the purpose of this section shall mean and include any return, declaration or form prescribed by the department and required to be filed with the department by the provisions of this chapter, or by the rules and regulations of the department or by written request for information to the taxpayer by the department.

Section 17. The provisions of Sections 5 through 16 of this Act shall apply to taxable years beginning after December 31, 1975, except Sections 14 and 15 shall be effective for taxable years beginning after December 31, 1976.

(3) The limitations herein provided apply regardless of the type of security placed with the department.

(4) The amount of the security may be increased or decreased by the department subject to the limitations herein provided.

(5) (a) The department may sell the security at public auction if it becomes necessary to do so in order to recover any tax, interest or penalty due. (2) Prior to the filing of the affidavit, required under subsection (1), the plaintiff (including counterclaimants or crossclaimants) shall, by first-class mail, serve upon the department a copy of the affidavit. Within fifteen (15) days from the date of the filing of the affidavit the department may file a counteraffidavit. In such event no judgment shall be entered or garnishment or attachment issued until proof has been taken concerning the matters at issue in the affidavit and counteraffidavit.

(3) In the event the use tax levied by this chapter is found to be due and unpaid the plaintiff may elect to pay the tax to the department, and the amount of the tax paid by the plaintiff shall be recovered as a part of any judgment entered. If the plaintiff does not elect to pay the use tax found to be due and unpaid, judgment for the amount of the tax shall be awarded to the commonwealth.

(4) Any judgment awarded to the commonwealth under this section shall constitute a prior claim to any judgment obtained by the plaintiff.

This penalty shall be in addition to all other applicable penalties in this chapter.

(2) If any taxpayer fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the department, then, unless it is shown to the satisfaction of the department that the failure is due to reasonable cause, five percent of the tax found to be due by the

department shall be added to the tax for each thirty days or fraction thereof elapsing between the due date of the return and the date on which filed, but the total penalty shall not exceed twenty-five percent of the tax, provided, however, that in no case shall the penalty be less than ten dollars.

(3) If any part of any deficiency is due to negligence, or intentional disregard of rules and regulations but without intent to defraud, five percent of the total amount of the deficiency, in addition to the deficiency and other penalties provided in this chapter shall apply.

(4) If the tax imposed by this chapter, whether assessed by the department, or the taxpayer, or any installment or portion of the tax is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the tax, interest upon the unpaid amount at the rate of *eight* [six] percent *(8%)* [(6%)] per annum from the date prescribed for its payment until payment is actually made to the department. If any assessment made by the department is not paid within the time prescribed, or protested in accordance with KRS 131.110, the taxpayer shall pay as a penalty, in addition to the amount of the tax and other applicable penalties, one percent of the tax for each month the tax remains unpaid.

The property valuation administrator shall publish pursuant to KRS chapter 424, a notice as to the time of the inspection period. The cost of such notice shall be paid by the fiscal court of the county. Such notice shall also be posted at the courthouse door. Failure to publish or post notices when the inspection period is at the regular time as provided in this section shall not invalidate assessments made by the property valuation administrator and recorded on the tax roll prior to the inspection period.

(2) The tax roll shall be available to the public at reasonable times, other than that provided in subsection (1), and in a manner not unduly interfering with proper operation of the custodian's office and so long as the inspection of the roll or disclosure of information contained therein would not be detrimental to public interest or used for commercial or business purposes unrelated to property valuation and assessment.

If a person files an action in court claiming any property which has been reported under the provisions of this chapter, the person reporting or holding such property shall be under no duty while any such action is pending to turn the

For attending meetings between sessions, whether regular or special, of the general assembly, the members of the commission, or any subcommittee thereof, shall be paid their necessary traveling expenses and in addition thereto *sixty-five dollars ($65.00)* [twenty-five dollars ($25.00)] per day except as provided in KRS 6.225 *and in Section 8 of this Act.*

(3) The commission shall appoint a director, who shall have had graduate training in government in a recognized university or college or practical experience in governmental administration, and who shall hold office at the pleasure of the commission. (4) Any professional, clerical or other employes required by any committee appointed by the general assembly shall be provided to the committee by the legislative research commission. The chairman of the committee shall advise the director of the legislative research commission of his need for such personnel. (1) The commission or any member thereof, or an employe duly authorized by the commission or the chairman thereof, shall have access to all records of every agency, division or department of state government, and of any agency or institution, public or private, which has been the recipient of public funds. The commission or any member thereof, or any employe duly authorized by the commission or the chairman thereof, may require information on oath of any person touching any matter which he is instructed to investigate, study or audit, and shall have the power to subpoena witnesses and records for such purpose, and otherwise compel the giving of evidence of any matter under study. If any person fails or refuses to testify or furnish documentary evidence concerning any matter with respect to which the commission desires information pertaining to the studies in which it is engaged, the Franklin Circuit Court, on application of the commission, may compel obedience by proceedings for contempt as in the case of disobedience of a subpoena issued from the circuit court or a refusal to testify therein. Every witness so subpoenaed under this section shall receive for his attendance the fee and mileage provided for witnesses in civil cases in circuit court, which shall be audited and paid upon the presentation of proper vouchers sworn to by the witness and approved by the commission.

(2) All state agencies and institutions shall cooperate with the commission to effectuate the purposes of KRS 7.090 to 7.110 and shall submit copies of their annual or biennial reports to the commission.

(3) The commission shall encourage and arrange conferences with officials of other states and of other units of government; carry forward the participation of this state as a member of the council of state governments, both regionally and nationally, and formulate proposals for cooperation between this state and other states. The legislative research commission shall function as Kentucky's commission on interstate cooperation in carrying out the program of the council of state governments as it relates to Kentucky.

(4) The commission shall designate persons to represent Kentucky at the national conference of commissioners on uniform state laws. The commission shall report the findings and recommendations of the national conference to the general assembly. Any funds appropriated to the commissioners on uniform state laws shall be paid out on vouchers approved by the director of the commission.

(5) The commission may establish such subcommittees and advisory citizens' committees as may be convenient or desired for the proper and efficient performance of its functions. Members of the general assembly designated to serve on subcommittees shall receive the same travel allowances and compensation for attending meetings as *they do for attending meetings during a session of the general assembly* [commission members receive for attending meetings of the commission], *except that each general assembly member who is a chairman of a joint interim committee of the legislative research commission shall be paid sixty dollars ($60.00) per day for each committee meeting that he chairs.*

(6) The commission shall report its findings, either with or without recommendations, to the governor of the commonwealth, and to each member of the general assembly at least thirty (30) days prior to the convening of each regular session of the general assembly.

Section 13. KRS 64.640 is amended to read as follows:

(1) Except as otherwise provided in subsection (2) of this section, and excepting officers elected by popular vote, [commissioners of the Court of Appeals,] employes of the general assembly, including employes of the legislative research commission, members of boards and commissions, and presidents and employes of the state universities and the state colleges, the department of personnel shall prepare a schedule of compensation, payable out of the state treasury, with a minimum and maximum salary rate, and such intermediate salary rates as are deemed necessary or advisable, for the office or position of employment of every state officer and employe, including specifically the offices and positions of employment in every

constitutional administrative department, statutory administrative department, independent agency, or other unit of state government. Such schedules shall be based upon studies of the duties and responsibilities of the offices and positions and upon a comparison with rates being paid for similar or comparable services elsewhere, and in the preparation of such schedules, the department of personnel shall ascertain and record the duties, responsibilities and authority pertaining to the various offices and positions in the state service, and classify such positions in the manner provided in KRS 18.190 to 18.230. No such schedule shall become effective until it has been approved by the governor.

(2) The governor shall set the compensation payable out of the state treasury to each officer or position in the state service, which officer or position heads a statutory administrative department, independent agency, or other unit of state government except for those excluded under subsection (1). Such compensation shall be based upon studies of the duties and responsibilities and classification of the positions by the governor and upon a comparison with compensation being paid for similar or comparable services elsewhere, provided, however, such compensation shall not exceed *the amount provided for compensation to the governor in KRS 64.480* [$27,500 a year], the provisions of KRS 64.660 to the contrary notwithstanding.

(3) The compensation payable out of the state treasury to officers and employes subordinate to any office or position covered by subsection (2) of this section shall not exceed the maximum rate established pursuant to subsection (2) of this section for such office or position, except with respect to physicians as provided in KRS 64.655 and employes of the public service commission of Kentucky whose compensation shall be fixed, within constitutional limits, by the department of personnel with the approval of the governor as provided in subsection (1) of this section.

(4) Nothing in this section shall preclude the allowance of maintenance to officers and employes of the state.

Section 14. KRS 439.320 is amended to read as follows:

(1) The Governor shall appoint a parole board consisting of five members, one of whom he shall name as chairman of the board. He shall make each appointment from a list of three names given to him by the commission on correction and community service. Each member appointed to the board must have had at least five years of actual experience in the field of penology, correction work, law enforcement, sociology, law, education, social work, medicine or a combination thereof, or have served at least five years previously on the parole board. No more than three board members may be of the same political party. The board shall be attached to the department for administrative purposes only; the department shall provide such clerical, stenographic, administrative and expert staff assistance as the board deems necessary to carry out its duties.

(2) The members of the board shall give full time to the duties of their office and shall receive necessary traveling expenses and a salary *to be determined pursuant to KRS 64.640 (2)* [equivalent to a circuit judge], except the chairman of the board shall receive additional compensation of one thousand dollars ($1,000) per year for his services. Their term of office shall be four (4) years and until their successors are appointed and have qualified, except that the first appointments shall be for terms of two (2) years for two (2) members, and four (4) years for three (3) members. Their successors shall be appointed thereafter as provided in this section for terms of four (4) years, and a vacancy occurring before expiration of the term of office shall be similarly filled for the unexpired term. The chairman of the board shall serve as such until the expiration of his term at which time the governor shall name his successor and designate the chairman of the board. If a vacancy occurs in the chairmanship of the board before the expiration of the term the governor may name a successor to serve for the remainder of the unexpired term.

(3) Three (3) members of the board shall constitute a quorum. The organization of the board shall be determined by the chairman.

(4) The governor may not remove any member of the board except for disability, inefficiency, neglect of duty, or malfeasance in office. Before such removal he shall give the member a written copy of the charges against him and shall fix the time when he can be heard in his defense, which shall not be less than ten days thereafter. Upon removal the governor shall file in the office of the secretary of state a complete statement of all charges made against the member and the findings thereupon with a record of the proceedings.

(5) Present members of the board shall be deemed to have vacated their appointment and successors shall be appointed as provided in subsection (2). The governor may reappoint present members if they meet the qualifications set forth in subsection (1).

Section 15. KRS 64.480 is amended to read as follows:

(1) Effective, with respect to the offices of governor *on December 4, 1979, and the lieutenant governor* on the fifth Tuesday following the regular November election in 1975 and with respect to the other offices named in this section, on the first Monday in January, *1976* [1972], the compensation of the following named officers, payable monthly out of the state treasury, shall be the sum per annum designated for the respective offices, as follows: governor *$39,500* [$35,000]; lieutenant governor, an amount sufficient, when added to any per diem received during sessions of the general assembly while serving in the capacity of president of the

senate, to equal *$27,900* [$22,500] per annum, plus any compensation received while acting in the place of the governor; attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, and clerk of the *supreme court of Kentucky elected in November, 1975, as clerk of the* court of appeals, *$27,900* [$22,500].

(2) In order to equate or adjust the compensation of the lieutenant governor, attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, and clerk of the supreme court of Kentucky with the purchasing power of the 1949 dollar, the department of commerce of Kentucky shall compute by the second Friday in February of every year, beginning in 1977, the maximum permissible compensation of the officials mentioned in subsection (2) hereof based precisely upon the Consumer Price Index formula approved in Matthews v. Allen, Kentucky, 360 S.W. 2d 135 (1962). Thus the maximum permissible compensation effective for the entire year of 1977 and subsequent years will be the actual compensation to be paid said officials. The year of adjustment will be the particular full calendar year involved.

(3) It is the intention of the legislature that the constitutionally permissible adjustment of salaries of these officials be framed around equating current salaries with the purchasing power of the dollar in 1949 when Section 246 of the Kentucky Constitution was amended. Section 246 of the Constitution, as amended, established a monetary level of $12,000 per annum for said officials. The formula merely effects an adjustment of the constitutional monetary level in terms of the current Consumer Price Index.

Section 16. KRS 64.497 is amended to read as follows:

The salary of each judge of the Court of Appeals, payable out of the state treasury, shall be *thirty-seven thousand dollars ($37,000)* [thirty-one thousand and five hundred dollars ($31,500)] per annum, *with the exception of the chief judge of the court of appeals who shall receive a salary of thirty-seven thousand five hundred dollars ($37,500).* [The salary of each commissioner of the Court of Appeals appointed pursuant to KRS 21.150, payable out of the state treasury, shall be twenty-seven thousand and five hundred dollars ($27,500) per annum.]

Section 17. KRS 64.499 is amended to read as follows:

The salary of each circuit judge, payable out of the state treasury, shall be *thirty-five thousand dollars ($35,000)* [twenty-six thousand dollars ($26,000)] per annum. [The compensation payable under KRS 21.305 for services as a special commissioner of the Court of Appeals shall be included therein.]

SECTION 18. A NEW SECTION OF KRS CHAPTER 64 IS CREATED TO READ AS FOLLOWS:

The salary for each justice of the supreme court, payable out of the state treasury, shall be thirty-nine thousand dollars($39,000) per annum, except for the salary of the chief justice of the supreme court which shall be thirty-nine thousand five hundred dollars ($39,500) per annum.

Section 19. KRS 64.500, 64.502, and 64.505 are repealed.

Section 20. In order to effectuate the purposes of this Act, there is appropriated as follows:

(1) To the general assembly out of the general fund in the state treasury the sum of $415,000 for January 1, 1976, through June 30, 1976, the sum of $380,000 for the 1976-1977 fiscal year, and the sum of $949,000 for the 1977-1978 fiscal year. These amounts shall supplement amounts appropriated to the general assembly for compensation consistent with levels existing prior to passage of this Act.

(2) To the court of justice out of the general fund in the state treasury the sum of $1,264,120 for the fiscal year 1976-1977 and $1,264,120 for the fiscal year 1977-1978.

Section 21. Whereas, increases in the cost of living have resulted in the need for an immediate increase in the emoluments for public officials, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the governor, and shall be retroactive to include any and all days during the 1976 regular session of the general assembly which may have elapsed as of the date of passage and approval of this Act.

(3) "Real property" includes all lands within this state and improvements thereon.

(4) "Personal property" includes every species and character of property, tangible and intangible, other than real property.

(5) "Resident" means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.

(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent per one hundred dollars of assessed value and applied to the 1972 assessment of the property subject to taxation by a taxing district, excluding net assessment growth, as defined in KRS 132.425, produces an amount of revenue approximately equal to that produced in 1971.

(7) "Agricultural land" means any tract of land of at least ten contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government, where such activities produced an average gross income including payments under a state or federal program of at least $1,000 per year during the two years immediately preceding the tax year or there is evidence of anticipated yearly gross income of this amount. Land devoted exclusively to the growing of merchantable timber is excluded from the gross income provisions.

(8) "Horticultural land" means any tract of land of at least five contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits, vegetables, flowers or ornamental plants, where such activities produced an average gross income of at least $1,000 per year during the two years immediately preceding the tax year or there is evidence of anticipated yearly gross income of this amount.

This does not include an apartment or duplex but does include a condominium unit owned and occupied on an individual basis.]

(13) "Special benefits" are those which are provided by public works not financed through the general tax levy but through special assessments against the benefited property.

Section 2. KRS 132.810 is amended to read as follows:

(1) To qualify under the homestead exemption provision of the Constitution, each person claiming the exemption shall file an application with the property valuation administrator of the county in which the applicant resides, on forms prescribed by the department of revenue. The assessed value of property on which homestead exemption is claimed shall not be increased because of valuation expressed on the application form filed with the property valuation administrator, and whenever it becomes known that the valuation of property subject to the homestead tax exemption has been increased because of valuation expressed on the application form, adjustment shall be made the following year so that the total tax paid by the taxpayer is the same as if the increase had not been made.

(2) (a) Every person filing an application for exemption under the homestead exemption provision must be sixty-five (65) years of age or older during the year for which application is made.

(b) Every person filing an application for exemption under the homestead exemption provision must own and maintain the property for which the exemption is sought as his personal residence.

Every two (2) years thereafter, if the cost of living index of the United States department of labor has changed as much as one (1) per cent, the maximum exemption shall be adjusted accordingly.

(d) *The real property may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years. The exemption shall apply only to the value of the real property assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which his interest in the corporation bears to the assessed value of the property.* [When a homestead is owned by more than one (1) person as joint tenants, tenants by the entirety, or tenants in common, the exemption applies only when all owners are sixty-five (65) years of age or older and the homestead is maintained as a residence of all of the owners, or the joint owner is the spouse of an eligible applicant. When a duplex is owned jointly by two (2) persons, each of whom is sixty-five (65) or older or has a spouse who is sixty-five (65) or older, and when each of the owners lives in a separate apartment in the duplex, the exemption shall apply to each of them as if they each owned a homestead.]

[(e) The renting of a room or rooms in a residence that otherwise qualifies for the homestead exemption does not constitute violation of the single unit residence restriction where such renting of rooms is merely incidental to use of the premises as a single family residence.]

(e) [(f)] A mobile home may qualify as a *residential unit* [single unit residence] for purposes of the homestead exemption provision provided the mobile home is classified as real property as defined in KRS 132.750.

WHEREAS, the ratio of residency positions to medical school graduates is inadequate; and

WHEREAS, there is a need to expand and improve the training of providers of primary care for non-hospitalized patients; and

WHEREAS, there are inadequate numbers of primary care faculty and post-graduate education positions available; and

WHEREAS, the necessity of providing legislation to increase the number of primary care residency positions is unquestionable;

(3) The number of the residency positions to be established at the University of Kentucky and at the University of Louisville shall be determined by the Council on Public Higher Education, using the policies and procedures for determining the allocation of these new residency positions as provided in Section 3(2) of this Act.

Section 3. A new section of KRS Chapter 164 is created to read as follows:

(1) All new residency positions shall be located at the University of Kentucky, the University of Louisville, but not less than one-third of the total man months per year, for the residency positions created in this Act, shall be spent practicing in a community facility which has been recommended by the University of Kentucky or the University of Louisville and approved by the council on public higher education.

(2) The University of Kentucky and the University of Louisville shall recommend policies and procedures for determining the allocation of new residency positions for approval by the council on public higher education using the following criteria:

(e) Regional needs for the manpower trained under the provisions of this Act;

Of the eleven (11) members first appointed, three (3) shall serve for one (1) year, four (4) for two (2) years and four (4) for three (3) years. Thereafter all members of the commission shall be appointed for three (3) years, *and shall continue to serve until reappointed or replaced.* In the event of the death or resignation of a member, his successor shall be appointed to serve the unexpired term for which such member had been appointed.

Section 2. KRS 344.200 is amended to read as follows:

(1) An individual claiming to be aggrieved by an unlawful practice, a member of the commission, or the attorney general may file with the commission a written sworn complaint stating that an unlawful practice has been committed, setting forth the facts upon which the complaint is based, and setting forth facts sufficient to enable the commission to identify the persons charged (hereinafter the respondent). The commission staff or a person designated pursuant to its rules shall promptly investigate the allegations of unlawful practice set forth in the complaint and shall within five (5) days furnish the respondent with a copy of the complaint. The complaint must be filed within one hundred eighty (180) days after the alleged unlawful practice occurs.

(2) The commission *or an individual designated pursuant to its rules* shall determine within thirty (30) days after the complaint has been filed whether there is probable cause to believe the respondent has engaged in an unlawful practice. If it is determined that there is no probable cause to believe that the respondent has engaged in an unlawful practice, the commission shall issue an order dismissing the complaint and shall furnish a copy of the order to the complainant, the respondent, the attorney general, and such other public officers and persons as the commission deems proper.

(3) The complainant, within ten (10) days after receiving a copy of the order dismissing the complaint, may file with the commission an application for reconsideration of the order. Upon such application, the commission or an individual designated pursuant to its rules shall make a new determination within ten (10) days whether there is probable cause to believe that the respondent has engaged in an unlawful practice. If it is determined that there is no probable cause to believe that the respondent has engaged in an unlawful practice, the commission shall issue an order dismissing the complaint and furnishing a copy of the order to the complainant, the respondent, the attorney general, and such other public officers and persons as the commission deems proper.

(4) If the staff determines, after investigation, or if the commission determines after the review provided for in subsection (3) that there is probable cause to believe that the respondent has engaged in an unlawful practice, the commission staff shall endeavor to eliminate the alleged unlawful practice by conference, conciliation and persuasion. The terms of a conciliation agreement reached with a respondent may require him to refrain from the commission of unlawful discriminatory practices in the future and make such further provisions as may be agreed upon between the commission or its staff and the respondent. If a conciliation agreement is entered into, the commission shall issue and serve on the complainant an order stating its terms. A copy of the order shall be delivered to the respondent, the attorney general, and such other public officers and persons as the commission deems proper. Except for the terms of the conciliation agreement, neither the commission nor any officer or employe thereof shall make public, without the written consent of the complainant and the respondent, information concerning efforts in a particular case to eliminate an unlawful practice by conference, conciliation, or persuasion whether or not there is a determination of probable cause or a conciliation agreement.

(5) At the expiration of one (1) year from the date of a conciliation agreement, and at other times in its reasonable discretion, the commission staff may investigate whether the terms of the agreement have been and are being complied with by the respondent. Upon a finding that the terms of the agreement are not being complied with by the respondent, the commission shall take such action as it deems appropriate to assure compliance.

(6) At any time after a complaint is filed, the commission may file an action in the circuit court in a county in which the subject of the complaint occurs, or in a county in which a respondent resides or has his

principal place of business, seeking appropriate temporary relief against the respondent, pending final determination of proceedings under KRS 344.160, 344.190 to 344.210, and 344.230 to 344.260, including an order or decree restraining him from doing or procuring any act tending to render ineffectual any order the commission may enter with respect to the complaint. The court shall have power to grant such temporary relief or restraining order as it deems just and proper.

(2) Cities and counties may adopt and enforce ordinances, orders and resolutions prohibiting discrimination; no ordinance, order or resolution shall attempt to exempt more transactions from its coverage than are exempted by KRS 344.365.

The General Assembly intends to exercise fully its power to affect and regulate commerce in order to effectuate the purposes of this Act; toward this end, an antitrust division of the department of law is hereby created for the purpose of aiding in the development of preventive and remedial antitrust programs and enforcing antitrust statutes.

(2) The power to issue investigative demands shall not abate or terminate by reason of the bringing of any action or proceeding under this Act. The attorney general may issue successive investigative demands to the same person in order to obtain additional information pertinent to an ongoing investigation.

(3) An investigative demand may be served by (a) delivering a duly executed copy to the person to be served, or if the person is not a natural person, to its principal place of business in this commonwealth; or (b) mailing by certified mail, return receipt requested, a duly executed copy addressed to the person to be served at his principal place of business in this commonwealth, or if he has no place of business in this commonwealth, to his principal office.

(4) At any time before the return date specified in an investigative demand or within twenty (20) days after the investigative demand has been served, whichever period is shorter, a petition to extend the return date, or to modify or set aside the demand, stating good cause, may be filed in the circuit court where the person served with the demand resides or has his principal place of business in the Franklin Circuit Court.

(5) Any person required to attend and give testimony or to submit documentary material or physical evidence pursuant to this section shall be entitled to retain, or on payment of a reasonable charge to procure, a copy of any document he produces and of his own statements as transcribed. (2) Any person may apply to a circuit court for an appropriate order to protect such person from any unreasonable investigative action taken pursuant to this Act.

SECTION 10. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Whenever the attorney general believes or has reason to believe that a person has engaged in, or is engaging in, any practice declared by this Act to be unlawful and whenever the attorney general has reason to believe that information will not be obtainable pursuant to this Act during the course of any investigation, he may apply to a circuit court ex parte for an order impounding any documentary material which is material to the practice under investigation. Such motion shall state in writing the grounds which the attorney general believes constitute reason to believe a violation of this Act has occurred. The circuit court shall specify by order the length of time for copying or inspection of such documentary material.

SECTION 11. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Any natural persons who shall neglect or refuse to attend and give testimony or to answer any lawful inquiry or to produce documentary material, if in his power to do so, in obedience to an investigative demand or subpoena pursuant to this Act, shall be guilty of a class A misdemeanor and upon conviction thereof by a court of competent jurisdiction shall be punished by a fine of not more than five thousand dollars ($5,000), or by imprisonment for not more than one (1) year, or both such fine and imprisonment. Any natural person who commits perjury or false swearing in response to an investigative demand or subpoena pursuant to this Act shall be subject to the provisions of KRS 523.020-040.

SECTION 12. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) If, in any investigation brought by the attorney general pursuant to this Act, any individual shall refuse to attend or to give testimony or to produce documentary material or to answer a written interrogatory in obedience to an investigative demand or subpoena or under order of court on the ground that the testimony or material required of him may tend to incriminate him, that person may be ordered to attend and to give testimony or to produce documentary material or to answer the written interrogatory, or to do an applicable combination of these. The order as aforesaid shall be an order of court given after a hearing in which the attorney general has established a need for a grant of immunity, as hereinafter provided.

(2) The attorney general may petition the circuit court of the county in which the investigative demand is returnable for an order as described in subsection (1) of this section, which petition may be joined in by the commonwealth attorney. Such petition shall set forth the nature of the investigation and the need for the immunization of the witness.

(3) Testimony so compelled shall not be used against the witness as evidence in any criminal proceeding against him in any court. However, the grant of immunity shall not immunize the witness from civil liability arising from the transactions about which testimony is given, and he may nevertheless be prosecuted or subjected to penalty or forfeiture for any perjury, false swearing or contempt committed in answering or in failing to answer or in producing evidence or failing to do so in accordance with the order. If a person refuses to testify after being granted immunity from prosecution and after being ordered to testify as aforesaid, he may be adjudged in civil contempt by a court of competent jurisdiction and committed to the county jail until such time as he purges himself of contempt by testifying, producing documentary material or presenting written answers as ordered. The foregoing shall not prevent the attorney general from instituting other appropriate contempt proceedings against any person who violates any of the above provisions.

SECTION 13. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

It shall be the duty of all officials of this commonwealth and its public bodies, their deputies, assistants, clerks, subordinates or employees, to render and furnish to the attorney general when so requested, all information and assistance in their possession or within their power.

SECTION 14. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Whenever the attorney general believes or has reason to believe that any person is using, has used or is about to use any method, act or practice declared by this Act to be unlawful, and that proceedings hereunder would be in the public interest, he may immediately move in the name of the commonwealth in a circuit court for a restraining order or temporary or permanent injunction to prohibit the use of such method, act or practice. The action may be brought in the circuit court of the county in which such person resides or has his principal place of business or in the circuit court of the county in which the method, act or practice declared by this Act to be unlawful has been committed or is about to be committed, or with consent of the parties may be brought in the Franklin Circuit Court.

(2) Upon application of the attorney general, a restraining order shall be granted whenever it reasonably appears that any person will suffer immediate harm, loss or injury from a method, act or practice prohibited by this Act. If the defendant moves for the dissolution of a restraining order issued under this section, the court shall hold a hearing within five business days of the date of service of the defendent's motion to dissolve, unless a delay in hearing the cause is requested by, or otherwise caused by the defendant. If such a hearing is not held within five business days, the restraining order will automatically be dissolved.

(3) In order to obtain a temporary or permanent injunction in an action brought by the attorney general or the commonwealth attorney, it shall not be necessary to allege or prove that an adequate remedy at law does not exist. Further, it shall not be necessary to allege or prove that irreparable injury, loss or damage will result if the injunctive relief is denied.

(4) The commonwealth attorney with prior approval of the attorney general, may institute and prosecute actions hereunder in the same manner as provided for the attorney general; provided that if an action is prosecuted by a commonwealth attorney alone, he shall make a full report thereon to the attorney general, including the final disposition of the matter.

(5) Any person may institute proceedings for injunctive relief, temporary or permanent, as provided in subsection (1) of this section, against threatened loss or damage to his property or business by a violation of this Act. A temporary injunction in actions brought by persons other than the attorney general or commonwealth attorney may be issued upon a showing that the danger of irreparable loss or damage is immediate. It shall be within the court's discretion whether or not to require a bond against damages for an injunction. The plaintiff, if successful, shall be awarded reasonable attorney's fees, filing fees, and reasonable costs of the suit. Reasonable costs for the suit shall include but not be limited to the expenses of discovery and document reproduction.

(6) In any action for damages under this Act in which a court finds that a class action is maintainable pursuant to Rule 23.02(3) of the Kentucky Rules of Civil Procedure, and in which the cost of individual notice to all members who can be identified through reasonable effort would exceed the damages of any one member, the court may allow notice by publication in order to satisfy the notice requirements of CR 23.03(2).

SECTION 15. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Any person or public body who shall be injured in his business or property by reason of a violation of the provisions of this Act may sue therefor and shall recover threefold the damages sustained by him, together with reasonable attorneys' fees, filing fees and reasonable costs of suit. Reasonable cost of suit shall include, but not be limited to, the expenses of discovery and document reproduction.

(2) The attorney general shall be permitted to bring suit under this Act, and in proper federal court for violations of the federal antitrust laws or of both this Act and the federal antitrust laws, to recover treble damages and secure other proper relief, on behalf of this commonwealth and the other public bodies of this commonwealth or of any of the public bodies of this commonwealth that have been injured.

(3) The attorney general shall be permitted to bring suit under this Act, and in a proper federal court for violations of the federal antitrust laws or of both this Act and the federal antitrust laws, to recover damages and secure other proper relief:

(a) as parens patriae of the citizens and residents of this commonwealth, for damages personally sustained by them or alternatively in the discretion of the court if it finds that the interests of justice so require, as representative member of the class consisting of the citizens and residents of this commonwealth who have been personally injured; and

(b) as parens patriae, respecting damages to the general economy of this commonwealth.

(4) In any action brought under either subsection (2) or (3) of this section or under both of them, the attorney general may recover aggregate damages sustained by the public bodies and by the citizens and residents of this commonwealth, as respectively their interests shall appear in the case, without separately proving the claims of each of them; and his proof of such damages may be based upon statistical sampling methods, the pro rata allocation of excess profits to sales or other transactions occurring wholly or partially within this commonwealth, or such other reasonable system of estimating aggregate damages as the court in its discretion may permit.

(5) In any action brought under either subsection (2) or (3) of this section or under both of them, whenever the attorney general receives funds in connection therewith, he shall pay the following into the state treasury for the use of the "Antitrust Trust and Agency Account:"

(a) An amount attributable to the recovery of the commonwealth and its public agencies, including the amount of any recovery pursuant to subsection (3)(b) of this section; and

(b) The greater of

(i) any amount awarded to the attorney general as attorneys' fees or

All moneys in such separate fund, from time to time, are hereby specifically appropriated to the department of law and may be expended for the aforesaid purpose; provided, however, that if at the end of any fiscal year the balance in the antitrust enforcement fund should exceed one million dollars ($1,000,000.00) the state treasurer shall thereupon withdraw such excess from the antitrust enforcement fund and deposit same in the general fund.

SECTION 22. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

For purposes of this section, a cause of action for a continuing violation is deemed to arise at any time during the period of such violation.

SECTION 23. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Whenever any civil or criminal proceeding shall be commenced by the commonwealth to prevent, restrain, or punish a violation of this Act, but not including an action brought by the commonwealth under Section 10 of this Act, the running of the statute of limitations in respect of every private right of action arising under this Act and based in whole or in part on any matter complained of in said proceeding shall be suspended during the pendency thereof and for one (1) year thereafter, provided, however, that whenever the running of the statute of limitations in respect of a cause of action arising under either Sections 14(5) or 15(1) or both shall be suspended hereunder, any action to enforce such cause of action shall be forever barred unless commenced either within the period of suspension or within four (4) years after the cause of action accrued, whichever is later.

The provisions of this Act shall be interpreted to supersede the jurisdiction of all state regulatory agencies, commissions and bodies except where there is a plain repugnancy between this Act and the regulatory scheme in issue. Such repugnancy exists only where the regulatory scheme is so pervasive that it indicates the General Assembly's intent to substitute governmental supervision for the regulatory effects of competition.

(d) The attorney general and the commonwealth attorneys may petition the court for entry of a consent decree dismissing any criminal prosecution hereunder, but the court shall review the proceeding to determine whether entry thereof is in the public interest.

(4) In determining the method for consolidating inspections under subsection (3) of this Section, the Attorney General shall select the method that he determines will best protect the public health, safety and welfare, taking into consideration the relative qualifications and past performance of the inspecting agencies involved.

Section 4. A new section of KRS Chapter 15 is created to read as follows:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.36-080 is amended to read as follows:

(1) The association shall:

(a) Be obligated to the extent of the covered claims existing prior to the determination of insolvency and arising within thirty (30) days after the determination of insolvency, or before the policy expiration date if less than thirty (30) days after the determination, or before the insured replaces the policy or on request effects cancellation, if he does so within thirty (30) days of the determination, but such obligation shall include only that amount of each covered claim which is in excess of $200 and is less than $50,000, except that the association shall pay the full amount of any covered claim arising out of a workmen's compensation policy. In no event shall the association be obligated to a policyholder or claimant in an amount in excess of the face amount of the policy from which the claim arises.

(b) Be deemed the insurer to the extent of its obligation on the covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent.

(c) Assess insurers amounts necessary to pay the obligations of the association under paragraph (a) subsequent to an insolvency, the expenses of handling covered claims subsequent to an insolvency, and the cost of examinations under KRS 304.36-130 and other expenses authorized by this subtitle. The assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the calendar year preceding the assessment bears to the net direct written premiums of all member insurers for the calendar year preceding the assessment. Each member insurer shall be notified of the assessment not later than thirty (30) days before it is due. No member insurer may be assessed in any year an amount greater than one percent (1%) of that member insurer's net direct written premiums for the calendar year preceding the assessment. If the maximum assessment, together with the other assets of the association, does not provide in any one (1) year an amount sufficient to make all necessary payments, the funds available shall be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. The association shall pay claims in any order which it may deem reasonable including the payment of claims as such are received from the claimants or in groups or categories of claims. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance; Provided, however, That during the period of deferment no dividends shall be paid to shareholders or policyholders. Deferred assessments shall be paid when such payment will not reduce capital and surplus below required minimums. Such payments shall be refunded to those companies receiving larger assessments by virtue of such deferment, or at the election of any such company, credited against future assessments. Each member insurer serving as a servicing facility may set off against any assessment, authorized payments made on covered claims and expenses incurred in the payment of such claims by such member insurer.

(d) Issue to each insurer paying an assessment under this section a certificate of contribution, in appropriate form and terms as prescribed by the commissioner, for the amount so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue.

1. A certificate of contribution shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve; provided that, unless a longer period has been allowed by the commissioner the insurer shall in any event at its option have the right to so show a certificate of contribution as an admitted asset at percentages of origianl face amount for calendar years as follows:

A. One hundred percent for the calendar year of issuance;

B. Eighty percent for the first calendar year after the year of issuance;

C. Sixty percent for the second calendar year after the year of issuance;

D. Forty percent for the third calendar year after the year of issuance;

E. Twenty percent for the fourth calendar year after the year of issuance which shall be the last year each such certificate shall be carried as an asset.

2. The insurer shall offset the amount written off by it in a calendar year under subparagraph A above, against its premium tax liability to this state accrued with respect to business transacted in such year. The provisions of this section shall not apply to the extent that any such amounts, written off in any such calendar year, have been recouped by the insurer pursuant to the provisions of KRS 304.36-160.

3. Any sums recovered by the association representing sums which have theretofore been written off by contributing insurers and offset against premium taxes as provided in subparagraph B above, shall be paid by the association to the commissioner of revenue who shall handle such funds in the same manner as if such funds were taxes produced by KRS 136.340.

(e) (d) Investigate claims brought against the association and adjust, compromise, settle, and pay covered claims to the extent of the association's obligation and deny all other claims.

(f) (e) Notify such persons as the commissioner directs under KRS 304.36-100 (2) (a).

(g) (f) Handle claims through its employes or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the commissioner, but such designation may be declined by a member insurer.

(h) (g) Reimburse each servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this subtitle.

(2) The association may:

(a) Appear in, defend, and appeal any action on a claim brought against the association.

(b) Employ or retain such persons as are necessary to handle claims and perform other duties of the association.

(c) Borrow funds necessary to effect the purposes of this subtitle in accord with the plan of operation.

(d) Sue or be sued.

(e) Negotiate and become a party to such contracts as are necessary to carry out the purpose of this subtitle.

(f) Perform such other acts as are necessary or proper to effectuate the purpose of this subtitle.

(g) Refund to the member insurers in proportion to the contribution of each member insurer to the association that amount by which the assets of the association exceed the liabilities, if, at the end of any calendar year, the board of directors finds that the assets of the association exceed the liabilities of the association as estimated by the board of directors for the coming year.

As used herein, the term "motor vehicle" shall have the meaning ascribed by KRS 186.010(7)(a).

Section 2. KRS 96A.330 is amended to read as follows:

(1) Any transit authority created pursuant to the provisions of KRS chapter 96A may, by resolution duly adopted by its board in the manner prescribed by KRS 96A.060, request one or more of the public bodies which, upon the date of adoption of such resolution constitute members of such transit authority, either (i) to submit to their respective electorates, or (ii) to jointly submit to the electorate of the entire transit area encompassed by such transit authority a proposal for the approval or disapproval of a mass transportation project. Such resolution shall set forth in detail, or shall incorporate by reference a detailed study in respect of, the mass transportation program proposed for submission to such electorate or electorates, together with the proposed source or sources of funding thereof, subject to the limitations of KRS 96A.310 to 96A.370.

(2) Upon receipt of any such resolution of the board of any such transit authority, the governing body of each public body to which such resolution is directed shall cause such resolution and the study for mass transportation program contained therein to be carefully reviewed. The public body or public bodies may cause further studies to be made with respect to such request of such transit authority, and may require such transit authority to submit such further and additional data, statistics and information as may be required by such public body or public bodies in order to enable same to make a proper decision regarding any proposed mass transportation program.

(3) In the event the governing body of any such public body shall determine that the public welfare requires the establishment of the mass transportation program as proposed by such transit authority, the governing body of such public body may by resolution or ordinance determine that a proposal for the establishment of such mass transportation program shall be submitted to the electorate of such public body. Such resolution or ordinance of such public body shall describe the mass transportation program to be submitted to such electorate, together with the proposed source of funding therefor, which shall be expressed as either: (i) an ad valorem tax levy expressed as a certain maximum number of cents per each one hundred dollars ($100) of assessed valuation, subject to constitutional limits; (ii) an occupational license tax, subject to the limitations of KRS 96A.310 to 96A.370; or (iii). *A sales tax upon all retailers at a rate not to exceed one-half of one percent of the gross receipts of any retailer derived from "retail sales" or "sales at retail" as defined in KRS Chapter 139.* an annual motor vehicle license tax, subject to the limitations of KRS 96A.310 to 96A.370.

(4) In the event the membership of any such transit authority consists of more than one public body, and in the event the resolution of the board of such transit authority is directed to all such public bodies, all such public bodies may, by adoption of appropriate resolutions or ordinances determine that the proposition for the establishment of such mass transportation program, together with the identified funding source therefor, shall be submitted to the electorate of the transit area of such transit authority rather than to the separate electorates of such public bodies. In such event, the election on the proposition regarding such mass transportation program shall be held simultaneously within such transit area by all such public bodies and the notice of the election shall be uniform.

Section 3. KRS 96A.340 is amended to read as follows:

(1) The resolution or ordinance of each public body determining that a proposition for the establishment of a mass transportation program be submitted to the electorate of such public body or to the electorate of the transit area of such transit authority, as the case may be, shall in each case be published *as provided in KRS Chapter 424* in full in the newspaper or newspapers of bona fide circulation for such public bodies as provided by KRS 424.130 . Thereafter, such public body or public bodies shall cause the proposition to be prepared for submission to the electorate of either such public bodies or such transit area of the transit authority, as the case may be, at an election to be called and held for such purpose. Such election may be held upon any date stipulated by the public body or public bodies and shall be held pursuant to notice as prescribed in KRS 424.130. Said election may, but need not, be held in conjunction with a regularly scheduled November election or a primary election as otherwise provided by law. The proposal to be submitted to the electorate of such public body or public bodies, or transit area of such transit authority, as the case may be, shall be so framed that any voter who wishes to vote in favor of the mass transportation program and the financing source therefor may signify his approval by voting "yes", and any voter who wishes to vote against the mass transportation program and the funding therfor may do so by voting "No".

(2) In the event any such mass transportation program proposal is submitted to the electorate of any individual public body, such proposition and the source of funding therefor shall be approved if a majority of those voting on the proposal within the public body shall vote "yes".

(3) In the event any such mass transportation program proposal is submitted to the electorate of any transit area of any such transit authority by simultaneous submission by all public bodies who are at the time of such submission members of such transit authority, such proposition and the source of funding therefor shall be approved if a majority of those voting on the proposal within the transit area of such transit authority shall vote "yes".

(4) Any additional voted levies of ad valorem taxes approved by electorates pursuant to KRS 96A.310 to 96A.370, shall in the case of individual public bodies, be added to and constitute legal tax levies of such individual public bodies within the meaning of the constitution of Kentucky, and shall, in the case of votes taken in transit areas of transit authorities, constitute legal tax levies of each and every individual public body which is a member of any such transit authority within the meaning of the constitution of Kentucky.

Section 4. KRS 96A.350 shall be amended to read as follows:

(1) The elections herein authorized shall, in the case of any individual public body, be called and held by the particular public officials of said public body responsible for the calling and holding of general elections.

All ad valorem tax receipts, occupational tax receipts and *public transportation sales tax* mass transit license fee receipts derived in respect of any such elections shall be collected by the public officials of such public body statutorily responsible for such collection, and shall pending disbursement be held in a separate and special trust fund identified as the mass transit trust fund by said public body to be used solely and only for purposes of the mass transportation program approved by the electorate of such public body, as hereinafter provided. Moneys therefrom shall be disbursed only upon order of the chief financial officer of such public body.

(2) In the event any election authorized by KRS 96A.310 to 96A.370 is, pursuant to the provisions of KRS 96A.310 to 96A.370, to be submitted to the electorate of any transit area of a transit authority by all of the public bodies which are members of any such transit authority, and if one of such public bodies is a county which encompasses one or more additional public bodies, the clerk of the county court of such county (or the clerk of each county court in the event more than one county shall be a member of such transit authority) shall cause such election proposition to appear on the ballots or voting machine slips used in respect of the election on such proposition. All ad valorem tax receipts, occupational tax receipts and *public transportation sales tax* mass transit license fee receipts derived in respect of any such elections shall be collected *or received* by the proper public officials of such county or counties statutorily responsible for such collection *or receipt*, and shall pending disbursement be held in a separate and special trust fund identified as the mass transit trust fund to be used solely and only for purposes of the mass transportation program approved by the electorate of such transit area, as hereinafter provided. Said mass transit trust fund shall in such case be held in the custody of all public bodies which are members of such transit authority and moneys therefrom shall be disbursed only upon orders of the chief financial officers of all such public bodies.

Section 5. KRS 96A.370 shall be amended to read as follows:

(1) In addition to all other powers and rights granted by KRS chapter 96A, public bodies are expressly authorized and empowered to enter into joint agreements and multi-municipal compacts with transit authorities, and all other units of government, both federal and state, for the acquisition, maintenance and operation of mass transportation facilities. Any such agreements may provide for proportionate payments by such public bodies for transit purposes based upon any reasonable criteria, including, but not by way of limitation, population and actual mass transit services rendered, *or percentage of funding.*

(2) Any such joint agreement or multi-municipal compact may provide by its terms that notwithstanding the fact that a mass transportation program, together with the source of funding therefor, has been approved by the electorate or electorates of one or more of such public bodies, any such public body may, in any annual period, in lieu of utilizing such source of funding as approved by the electorate of any such public body, use and apply for purposes of making payments or contributions under such joint agreement or multi-municipal compact any other funds of such public body legally available therefor. Provided, however, that any source of funding approved by the electorate in connection with the approval of such a mass transportation program shall not, as a result of such permissive funding by any such public body from other legally available sources, be rendered void or nugatory.

The Committee Substitute for **HB 716** is as follows:

HB 716, AN ACT relating to public transportation.

WHEREAS, the 1974 General Assembly enacted legislation providing financing for "mass transportation programs" including among other measures, an annual motor vehicle license fee; and

WHEREAS, Section 230 of the Kentucky Constitution would prohibit using said motor vehicle license tax for mass transportation programs; and

WHEREAS, transit authorities require additional legislative authorization for financing transportation programs;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 96A.320 is amended to read as follows:

(1) As used in KRS 96A.310 to 96A.370, the term "mass transportation program" shall mean the provision of necessary funds by public bodies to transit authorities created pursuant to KRS chapter 96A with which to acquire, operate and preserve mass transportation facilities. *A "mass transportation program" may also include a method for the public body or public bodies to finance principle and interest payments on any general obligation bonds issued pursuant to KRS 96A.120, or to finance transportation related facilities to promote the movement of vehicles and people.*

(2) Public bodies which have been parties to the creation and establishment of transit authorities, or who constitute the membership of such transit authorities, may, acting either individually or jointly, submit to either (i) the electorates of such public bodies, or (ii) the electorate of the transit area encompassed by any such transit authority, but only in the manner and pursuant to the procedures set forth in KRS 96A.310 to 96A.370, one or more proposals for the approval of a mass transportation program to be financed by additional voted levies of ad valorem taxes upon all taxable property in such public body or public bodies. Such additional voted levies of ad valorem taxes upon all taxable property in any such public body shall never exceed in the aggregate the limits prescribed by the constitution of Kentucky for any such public body.

(3) Public bodies which have been parties to the creation and establishment of transit authorities, or who constitute the membership of such transit authorities, may, acting either individually or jointly, submit to either (i) the electorates of such public bodies, or (ii) the electorate of the transit area encompassed by any such transit authority, but only in the manner and pursuant to the procedures set forth in KRS 96A.310 to 96A.370, one or more proposals for the approval of a mass transportation program to be financed by voted levies of occupational license fees. Such voted levies of occupational license fees shall not exceed one percent (1%) of (a) salaries, wages, commissions and other compensation earned by persons for work done and services performed or rendered, and (b) the net profits of businesses, trades, professions or occupations from activities conducted in the public body, or the transit area, except public service companies, banks, trust companies, combined banks and trust companies, combined trust, banking and title companies, and in all other cases where a public body is prohibited by law from imposing a license fee.

(4) Public bodies which have been parties to the creation and establishment of transit authorities, or who constitute the membership of such transit authorities, may, acting either individually or jointly, submit to either (i) the electorates of such public bodies, or (ii) the electorate of the transit area encompassed by any such transit authority, but only in the manner and pursuant to the procedures set forth in KRS 96A.310 to 96A.370, one or more proposals for the approval of a mass transportation program to be financed by the voted levy of *a sales tax upon all retailers at a rate not to exceed one-half of one percent of the gross receipts of any retailer derived from "retail sales" or "sales at retail" made within the public body or public bodies. Any sales tax levied for said purpose shall be in addition to the sales tax authorized by Chapter 139 of the Kentucky Revised Statutes. Said public transportation sales tax shall be collected and administered under the provisions of Chapter 139 of the Kentucky Revised Statutes and the rules and regulations of the Kentucky Department of Revenue. The Kentucky Department of Revenue shall refund that portion of the sales tax collected as a public transportation tax to the public body or bodies imposing said tax. Notwithstanding any other provision contrary hereto, a mass transportation program financed by a public body or public bodies from said sales tax shall be restricted by the following order of priorities, to wit: first, the annual payment of principle, interest and sinking fund requirements on any general obligation bonds issued pursuant to KRS 96A.120; second, appropriations to the transit authority to provide local matching funds for any available federal or state capital, operating or planning and demonstration grant projects in accordance with the annual approved budget; and third, any excess funds in the control of each public body receiving said tax shall be transferred to the general fund of each such public body for public transportation and traffic improvement projects at any location within a city or county, in any manner which said public body or public bodies determine will improve transportation, road or traffic conditions, or in general will promote the movement of people and vehicles.* an annual motor vehicle license fee with respect to each and every motor vehicle which is legally registered within either the geographical boundaries of such public body, or the transit area of such transit authority, as appropriate, such annual motor vehicle license fee not to exceed fifteen dollars ($15) in the case of any transit authority which includes in its membership a city of the first class, and seven dollars and fifty cents ($7.50) in all other cases. As used herein, the term "motor vehicle" shall have the meaning ascribed by KRS 186.010(7)(a).

Section 2. KRS 96A.330 is amended to read as follows:

(1) Any transit authority created pursuant to the provisions of KRS chapter 96A may, by resolution duly adopted by its board in the manner prescribed by KRS 96A.060, request one or more of the public bodies which, upon the date of adoption of such resolution constitute members of such transit authority, either (i) to submit to their respective electorates, or (ii) to jointly submit to the electorate of the entire transit area encompassed by such transit authority a proposal for the approval or disapproval of a mass transportation project. Such resolution shall set forth in detail, or shall incorporate by reference a detailed study in respect of, the mass transportation program proposed for submission to such electorate or electorates, together with the proposed source or sources of funding thereof, subject to the limitations of KRS 96A.310 to 96A.370.

(2) Upon receipt of any such resolution of the board of any such transit authority, the governing body of each public body to which such resolution is directed shall cause such resolution and the study for mass transportation program contained therein to be carefully reviewed. The public body or public bodies may cause further studies to be made with respect to such request of such transit authority, and may require such transit authority to submit such further and additional data, statistics and information as may be required by such

public body or public bodies in order to enable same to make a proper decision regarding any proposed mass transportation program.

(3) In the event the governing body of any such public body shall determine that the public welfare requires the establishment of the mass transportation program as proposed by such transit authority, the governing body of such public body may by resolution or ordinance determine that a proposal for the establishment of such mass transportation program shall be submitted to the electorate of such public body. Such resolution or ordinance of such public body shall describe the mass transportation program to be submitted to such electorate, together with the proposed source of funding therefor, which shall be expressed as either: (i) an ad valorem tax levy expressed as a certain maximum number of cents per each one hundred dollars ($100) of assessed valuation, subject to constitutional limits; (ii) an occupational license tax, subject to the limitations of KRS 96A.310 to 96A.370; or (iii). *A sales tax upon all retailers at a rate not to exceed one-half of one percent of the gross receipts of any retailer derived from "retail sales" or "sales at retail" as defined in KRS Chapter 139.* an annual motor vehicle license tax, subject to the limitations of KRS 96A.310 to 96A.370.

(4) In the event the membership of any such transit authority consists of more than one public body, and in the event the resolution of the board of such transit authority is directed to all such public bodies, all such public bodies may, by adoption of appropriate resolutions or ordinances determine that the proposition for the establishment of such mass transportation program, together with the identified funding source therefor, shall be submitted to the electorate of the transit area of such transit authority rather than to the separate electorates of such public bodies. In such event, the election on the proposition regarding such mass transportation program shall be held simultaneously within such transit area by all such public bodies and the notice of the election shall be uniform.

Section 3. KRS 96A.340 is amended to read as follows:

(1) The resolution or ordinance of each public body determining that a proposition for the establishment of a mass transportation program be submitted to the electorate of such public body or to the electorate of the transit area of such transit authority, as the case may be, shall in each case be published *as provided in KRS Chapter 424* in full in the newspaper or newspapers of bona fide circulation for such public bodies as provided by KRS 424.130 . Thereafter, such public body or public bodies shall cause the proposition to be prepared for submission to the electorate of either such public bodies or such transit area of the transit authority, as the case may be, at an election to be called and held for such purpose. Such election may be held upon any date stipulated by the public body or public bodies and shall be held pursuant to notice as prescribed in KRS 424.130. Said election may, but need not, be held in conjunction with a regularly scheduled November election or a primary election as otherwise provided by law. The proposal to be submitted to the electorate of such public body or public bodies, or transit area of such transit authority, as the case may be, shall be so framed that any voter who wishes to vote in favor of the mass transportation program and the financing source therefor may signify his approval by voting "yes", and any voter who wishes to vote against the mass transportation program and the funding therfor may do so by voting "No".

(2) In the event any such mass transportation program proposal is submitted to the electorate of any individual public body, such proposition and the source of funding therefor shall be approved if a majority of those voting on the proposal within the public body shall vote "yes".

(3) In the event any such mass transportation program proposal is submitted to the electorate of any transit area of any such transit authority by simultaneous submission by all public bodies who are at the time of such submission members of such transit authority, such proposition and the source of funding therefor shall be approved if a majority of those voting on the proposal within the transit area of such transit authority shall vote "yes".

(4) Any additional voted levies of ad valorem taxes approved by electorates pursuant to KRS 96A.310 to 96A.370, shall in the case of individual public bodies, be added to and constitute legal tax levies of such individual public bodies within the meaning of the constitution of Kentucky, and shall, in the case of votes taken in transit areas of transit authorities, constitute legal tax levies of each and every individual public body which is a member of any such transit authority within the meaning of the constitution of Kentucky.

Section 4. KRS 96A.350 shall be amended to read as follows:

(1) The elections herein authorized shall, in the case of any individual public body, be called and held by the particular public officials of said public body responsible for the calling and holding of general elections. All ad valorem tax receipts, occupational tax receipts and *public transportation sales tax* mass transit license fee receipts derived in respect of any such elections shall be collected by the public officials of such public body statutorily responsible for such collection, and shall pending disbursement be held in a separate and special trust fund identified as the mass transit trust fund by said public body to be used solely and only for purposes of the mass transportation program approved by the electorate of such public body, as hereinafter provided. Moneys therefrom shall be disbursed only upon order of the chief financial officer of such public body.

(2) In the event any election authorized by KRS 96A.310 to 96A.370 is, pursuant to the provisions of KRS 96A.310 to 96A.370, to be submitted to the electorate of any transit area of a transit authority by all of the public bodies which are members of any such transit authority, and if one of such public bodies is a county which encompasses one or more additional public bodies, the clerk of the county court of such county (or the clerk of each county court in the event more than one county shall be a member of such transit authority) shall cause such election proposition to appear on the ballots or voting machine slips used in respect of the election on such proposition. All ad valorem tax receipts, occupational tax receipts and *public transportation sales tax* mass transit license fee receipts derived in respect of any such elections shall be collected *or received* by the proper public officials of such county or counties statutorily responsible for such collection *or receipt*, and shall pending disbursement be held in a separate and special trust fund identified as the mass transit trust fund to be used solely and only for purposes of the mass transportation program approved by the electorate of such transit area, as hereinafter provided. Said mass transit trust fund shall in such case be held in the custody of all public bodies which are members of such transit authority and moneys therefrom shall be disbursed only upon orders of the chief financial officers of all such public bodies.

Section 5. KRS 96A.370 shall be amended to read as follows:

(1) In addition to all other powers and rights granted by KRS chapter 96A, public bodies are expressly authorized and empowered to enter into joint agreements and multi-municipal compacts with transit authorities, and all other units of government, both federal and state, for the acquisition, maintenance and operation of mass transportation facilities. Any such agreements may provide for proportionate payments by such public bodies for transit purposes based upon any reasonable criteria, including, but not by way of limitation, population and actual mass transit services rendered, *or percentage of funding.*

(2) Any such joint agreement or multi-municipal compact may provide by its terms that notwithstanding the fact that a mass transportation program, together with the source of funding therefor, has been approved by the electorate or electorates of one or more of such public bodies, any such public body may, in any annual period, in lieu of utilizing such source of funding as approved by the electorate of any such public body, use and apply for purposes of making payments or contributions under such joint agreement or multi-municipal compact any other funds of such public body legally available therefor. Provided, however, that any source of funding approved by the electorate in connection with the approval of such a mass transportation program shall not, as a result of such permissive funding by any such public body from other legally available sources, be rendered void or nugatory.

Section 1. KRS 161.152 is amended to read as follows:

(1) For the purpose of this section, "school personnel" shall mean any person employed as a full time employe in the public schools.

(2) Each district board of education may allow each person employed as a full-time employe in the public schools not to exceed *five (5)* three (3) emergency days per school year for reasons designated by the district board of education, without loss of salary to the employe and without affecting his sick leave.

(3) Personal leave granted under this section shall not be treated as having effect on the provisions of KRS 161.155.

(4) Payments made by a district board of education under the provisions of this section are presumed to be for services rendered and for the benefit of the common schools and the payments do not affect the eligibility of any school district to participate in the foundation program as established in KRS chapter 157.

HB 281, AN ACT relating to suspension of contracts of certified public school employes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. A new section of KRS Chapter 161 is created to read as follows:

As used in this Act, unless the context otherwise requires:

(1) "Board" means a school district board of education, as established by KRS 160.160.

(2) "Teacher" means a board employe for whom certification is required as a condition of employment with the exception of the superintendent of schools and assistant superintendents appointed under KRS 160.360.

(3) "Suspended or suspension," as it relates to a teacher's contract of employment with a board, means a status caused by board action, under KRS 161.750, not to reemploy a teacher where the reasons for such non-reemployment are among those set forth in Section (2) of this Act or by displacement; and, does not relate to contract termination or suspension under KRS 161.790, or KRS 156.132, et. seq., contract termination by reason of resignation or retirement, or to a contract that has not been renewed for cause under KRS 161.750. The status herein defined will terminate when a teacher is reinstated under provisions of this Act, when written resignation by the teacher has been accepted by the board, or when a teacher refuses an offer of reinstatement that has been served by the board in writing.

(4) "Seniority" as it relates to a teacher means a period of time beginning on the date the board currently employing the teacher took action to hire the teacher, said date to be determined by reference to official board minutes, and ending at the present time; said period of time is not diminished or reduced by any form of leave, vacation, time off between school terms or periods of contract suspension. If there is a consolidation, merger or combination of school districts, either whole or partial, resulting in teachers being employed by a different board, the period of time calculated under this subsection, as it applies to said teachers, shall begin on the date said teachers were hired by the board employing them immediately prior to said consolidation, merger or combination of school districts.

(5) "Certified or certification" means the procedures established by KRS 161.010 to KRS 161.126 and State Board of Education regulations adopted under authority of said statutes for determining eligibility of teachers to hold various positions and to teach certain grade levels or courses in the public schools of Kentucky.

(6) "Displace or displacement" means a process by which a teacher exercises an option to assume a position held by another teacher who has less seniority. Said option shall be exercised only if:

(a) The teacher is certified to hold the position held by the teacher with less seniority; and

(b) Failure to do so will cause the teacher to become a suspended teacher or will cause the teacher to receive a lower salary than will otherwise be paid.

Section 2. A new section of KRS Chapter 161 is created to read as follows:

If it is necessary for a board to reduce the number of its teachers by reason of:

(a) Decreased enrollment of pupils;

(b) Merger, centralization, consolidation or any other combination of school districts;

(c) Merger, centralization, consolidation or any other change in status of schools, departments or operations, within a school district;

(d) Whole or partial suspension or elimination of operations within a school district;

(e) Elimination or decrease of funding for all or any part of school programs or operations;

(f) Budgetary or financial deficiencies, either actual or prospective;

(g) Increase in the ratio of pupils to each teacher in the school district, grouping of schools, individual school, department, program or course of study; or

(h) Any combination of reasons provided in subsections (a) to (g) of this section;

The board shall accomplish such reduction by suspending, on recommendation of the superintendent, the contracts of teachers who have the least seniority.

Section 3. A new section of KRS Chapter 161 is created to read as follows:

(1) In the event a teacher holds a position with the board that has been eliminated for reasons stated in Section 2 of this Act, if a teacher's contract has not been renewed for reasons stated in said section, or if a teacher has been displaced, that teacher may elect to displace another teacher only if the conditions set forth in subsection (6) of Section 1 of this Act are met. If one teacher elects to displace another, said election may only be exercised to displace the teacher with least seniority in the school system, who holds a position which would not require a salary deduction to the displacing teacher; however, if no positions for which the same salary would be paid are available, the teacher may displace the least senior teacher in the next lower salary category, and so on.

(2) When a position to be filled by a teacher becomes available in a school district, the board shall fill that position with a teacher from the suspension list, who is certified to hold the position, order of seniority.

(3) The board shall maintain a current roster of teachers employed in its school district which will show the seniority and general areas of certification for each teacher. A similar suspension roster shall be maintained. A copy of such rosters shall be furnished to teachers, or their representative, on request and specific information relating to certification of teachers shall likewise be furnished to teachers who have been notified of suspension or displacement under provisions of this Act.

Section 4. A new section of KRS Chapter 161 is created to read as follows:

(1) Notice by the board of suspension and displacement under this section shall be presented to the teacher in the same manner as notice of board intent not to reemploy a teacher under KRS 161.750. Notices of suspension and displacement required subsequent to first such notices served upon teachers need not comply with time limitations established by KRS 161.750; teachers who are displaced shall likewise be deemed exceptions for time limitations imposed by KRS 161.760. Displacement shall not be considered as demotion for purposes of KRS 161.720 and KRS 161.765.

(2) Notice of intent to displace another teacher in accordance with this section shall be presented, on a form prepared by the board, to the superintendent of schools within one working day from the time the teacher has been furnished specific information on certification of teachers under subsection (3) of Section 3 of this Act, or from the time preference of a teacher is determined under subsection (1) of Section 5 of this Act, whichever may be later.

Section 5. A new section of KRS Chapter 161 is created to read as follows:

(1) Preference in suspension displacement and reinstatement from suspension shall be given to teachers with greatest seniority. Where teachers have equal seniority, preference, wherever required, shall be determined as follows:

(a) Initial preference shall be given to teachers with highest rank as determined by KRS 157.390 or KRS 157A.080 or subclassifications of said rank as reflected in the board's teacher salary schedule;

(b) If preference is not determined by the above method, the superintendent of schools will conduct a drawing at hazard with the teachers affected having opportunity to participate in the drawing procedure and preference shall be given to the persons determined by said drawing.

(2) Determinations of preference, in accordance with this section, shall be made by the board whenever the rosters referred to in subsection (3) of Section 3 of this Act show teachers with equal seniority.

Section 6. A new section of KRS Chapter 161 is created to read as follows:
If a board of education adopts an affirmative action program for the purpose of taking positive steps to offset the continuing effects of discrimination against minority persons and women that may have existed in the past, and to eliminate the occurrence of such discriminatory employment practices in the future, and, as a result of said affirmative action program, policies or regulations governing the employment or assignment minority persons or women to schools, departments, bureaus, personnel categories or any program operated by a board, the provisions of this Act notwithstanding; seniority, and teacher rank, as it may operate to give preference in suspension or displacement of teachers, and seniority, as it affects reinstatement from suspension, shall be waived if failure to so waive will result in violation of policies or regulations adopted under the affirmative action program.

Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (3).

(3) Where the survivor is a child age eighteen or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death the benefit shall be one hundred *seventy-five* sixty dollars per month, payable for the life of such child or until such time as the mental or physical condition creating the dependency no longer exists. Benefits under this subsection and subsection (2) shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one year prior to the death of the member. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (2) and shall be in addition to such benefits.

The benefit shall not be paid during the time the survivor, other than a child is receiving an annuity, pension or allowance in excess of three hundred dollars per month from a retirement or pension system in the state of Kentucky financed in whole or part by public contributions, excluding old age and survivors insurance.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating thereto, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems such action necessary.

(8) No payments of benefits shall be made unless the board of trustees shall have authorized such payments. The board shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amounts of benefit payable.

(9) In the event that there are no eligible survivors as defined in subsections (1), (2), (3), (4), and (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). In exercising this right the spouse or legal dependent shall be limited to selecting an option providing either a straight life *annuity* with refundable balance or ten years certain payment. *A* Nothing in this section shall prevent a spouse *may receive* from receiving the annuity provided herein at the same time as children are qualifying for survivors benefits under the provisions of KRS 161.520*, however, a legal dependent, other than a spouse may not receive such payments if children have qualified for benefits under that section.*

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:
It is the intention of the General Assembly in adopting this Act to encourage local supplement of the funds distributed from the public common school foundation program fund by providing districts with substantially equal power to generate funds for this purpose through a program of district power equalization.

SECTION 2. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:
(1) There is hereby established a public common school district power equalization program fund consisting of appropriations for distribution to districts in accordance with the provisions of this Act.
(2) The resources of the public common school district power equalization program fund shall be paid into the state treasury, and shall be drawn out or appropriated only in aid of public schools as provided by statute.

SECTION 3. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:
On or before January 1 of each year, the Department of Revenue shall determine the equalized fair cash value, as of the previous January 1, of all property subject to taxation for school purposes in each district, and shall certify such information to the superintendent of public instruction for use in determining the amount of state power equalization support for each district.

SECTION 4. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:
(1) The superintendent of public instruction shall calculate the amount of state power equalization support for each district in the following manner:
(a) Determine the equalized fair cash value of property per pupil in each district by dividing the district's equalized fair cash value of property by its average daily attendance.
(b) Determine the current maximum local discretionary revenue yield per pupil in each district by multiplying the district's equalized fair cash value of property per pupil by the district's total school tax rate, less that rate of local tax effort required for participation in the foundation program, and less any special voted building fund tax rate and any sinking fund tax rate. The net rate used in this calculation shall not exceed the supported rate as provided for in Section 5 of this Act.
(c) Determine the guaranteed local discretionary revenue yield per pupil in each district by multiplying the equalized fair cash value of property per pupil of the county district with the highest equalized fair cash value of property per pupil in the state by each district's total school tax rate, less that rate of local tax effort required for participation in the foundation program, and less any special voted building fund tax rate and any sinking fund tax rate. The net rate used in this calculation shall not exceed the supported rate as provided for in Section 5 of this Act.
(d) Multiply the difference between each district's current maximum local discretionary revenue yield per pupil (as determined in subparagraph (b) of this section) and its guaranteed local discretionary revenue yield per pupil (as determined in subparagraph (c) of this section) by its average daily attendance. The result shall be the amount of state power equalization support for each district.
(2) Equalized fair cash value of property, school tax rates, and average daily attendance as used in this section shall be the prior year's equalized fair cash value of property, school tax rates and average daily

The rate to be supported by the district power equalization program shall always be an identical rate for all districts.

SECTION 6. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any statutory provisions to the contrary, the board of education of any district in any year in which the total school tax rate, less the rate required by KRS 157.380 for local effort, and less any special voted building fund tax rate and any sinking fund tax rate, is less than the maximum rate supported by the district power equalization program as provided for in Sections 4 and 5 of this Act, may request the local tax levying authority to increase the rate in any amount not to exceed the maximum rate supported by the district power equalization program after compliance with the following:

(2) The local tax levying authority shall levy the rate requested by the district board of education subject to the limitations imposed by this Act. All rate increases levied as a result of the provisions of this Act shall be effective July 1 following the action by the tax levying authority. The rate shall be levied from year to year until the district board of education requests a change in the rate. SECTION 15. KRS 157.360 IS CREATED TO READ AS FOLLOWS:

(1) In determining the cost of the foundation program for each district, the superintendent of public instruction shall allot to each district classroom units for elementary and secondary schools, classroom units for vocational education, classroom units for exceptional children, classroom units for superintendents, principals and their certificated assistants and other administrative and special instructional service personnel, classroom units for supervisors of instruction, and classroom units for directors of pupil personnel; provided, however, that the number of classroom units allotted any district shall not exceed the number of teachers employed by the district.

(2) In allotting classroom units for elementary and secondary schools, one classroom unit shall be included for each twenty-seven pupils in average daily attendance in grades 1 through 12; provided, however, that one classroom unit shall be included for each isolated one-teacher school and one unit shall be included for each twenty-five pupils in average daily attendance at all other isolated schools.

For the purpose of this subsection, a new classroom unit shall be defined as any additional vocational or exceptional children unit contained in the biennial budget above the allotment from the biennial budget for 1973-74. Any average daily attendance deducted under this subsection shall be in accordance with Kentucky administrative regulations of the state board of education as recommended by the superintendent of public instruction.

(4) Allotments of classroom units in accordance with subsection (1) of this section shall be made on the average daily attendance in grades 1 through 12 for the previous school year; provided, however, that if the average daily attendance in grades 1 through 12 in any district for the first two months of the current school year is greater than the average daily attendance of the district for the first two months of the previous school year, upon application of the district board, made prior to December 1, the total number of classroom units allotted the district shall be increased by the percent of increase. If the average daily attendance of any district shall have been reduced more than three percent during the previous school year due to such factors as epidemics, inclement weather, or disaster, upon application of the district superintendent, made before July 1 of that year, the number of classroom units allotted the district for the ensuing school year shall be increased by the difference in percent between the ratio of the average daily attendance to the average daily membership for the scholastic year just ended, and the ratio of the average daily attendance to the average daily membership for the two highest of the three preceding scholastic years.

(5) In allotting classroom units for vocational education, one classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board of education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board of education. Provided, however, that in allotting classroom units for superintendents, principals, their certificated assistants, and other administrative and special instructional service personnel, the total number of pupils in average daily attendance for classroom units allotted in subsections (5) and (6) after the school year 1975-76 shall be divided by two hundred sixteen (216) and the quotient shall be the number of classroom units allotted to the district for superintendents, principals, their certificated assistants, and other administrative and special instructional service personnel pursuant to subsections (5) and (6).

(8) In allotting classroom units for supervisors of instruction, one-half of a classroom unit shall be allotted each district which is allotted twenty-five through forty-nine and nine-tenths classroom units under subsections (2), (5), (6) and (10); one unit shall be allotted each district which is allotted fifty to one hundred classroom units, one unit shall be allotted for each one hundred classroom units, or major fraction thereof, in districts allotted more than one hundred classroom units under these subsections.

(9) In allotting classroom units for directors of pupil personnel, one classroom unit shall be allotted each district which is allotted thirty-six to one hundred and sixty-five and nine-tenths classroom units under subsection (2) and a unit for each additional two hundred and sixty-six classroom units or fraction thereof allotted under subsection (2). The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(11) In allotting classroom units under subsections (1) through (10) the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units on the basis of an area larger than a district for educational services which cannot be adequately and economically provided on a district basis.

SECTION 16. KRS 157.370 IS CREATED TO READ AS FOLLOWS:

(1) In determining the cost of the foundation program for each district, the superintendent of public instruction shall determine the average cost per pupil per day of transporting pupils in districts having a similar density of transported pupils per square mile of area served by not less than nine different density groups.

(2) The annual cost of transportation shall include all current costs for each district plus annual depreciation of pupil transportation vehicles calculated in accordance with the Kentucky administrative regulations of the state board of education for such districts that operate district-owned vehicles.

(3) The aggregate and average daily attendance of transported pupils shall include all public school pupils transported at public expense who live one mile or more from school, provided that handicapped children may be included who live less than this distance from school. The aggregate and average daily attendance referred to in this subsection shall be the aggregate and average daily attendance of transported pupils the prior year adjusted for current year increases in accordance with state board of education regulations.

(4) The square miles of area served by transportation shall be determined by subtracting from the total area in square miles of the district the area not served by transportation, determined in accordance with the Kentucky administrative regulations of the state board of education provided that if one district authorizes another district to provide transportation for a part of its area, such area served shall be deducted from the area served by that district and added to the area served by the district providing the transportation.

(5) The density of transported pupils per square mile of area served for each district shall be determined by dividing the average daily attendance of transported pupils by the number of square miles of area served by transportation.

(6) The superintendent of public instruction shall determine the average cost per pupil per day of transporting pupils in districts having a similar density by constructing a smoothed graph of cost for all density groups as provided in subsection (1). This graph shall be used to construct a scale showing the average costs of transportation for districts having a similar density of transported pupils. Such costs shall be determined separately for county school districts and independent school districts, provided that no independent school district will receive an average cost per pupil per day in excess of the minimum received by any county district or districts. These costs shall be the costs per pupil per day of transported pupils included in the foundation program and such costs shall be recalculated each biennium.

(7) The scale of transportation costs included in the foundation program for county and independent districts is determined in accordance with the provisions of KRS 157.310 to 157.440 for the biennium beginning July 1, 1960.

(8) The cost of transporting a district's pupils from the parent school to a state vocational-technical school or to a vocational educational center shall be calculated separately from the calculation required by sections (1) through (7) of this section. The amount calculated shall be paid separately to each district from minimum foundation program funds budgeted for vocational pupil transportation, as a reimbursement based on the district's cost for providing this service. The amount of reimbursement shall be calculated in accordance with state board of education regulations. In the event that the appropriation for vocational pupil transportation in the biennial budget is insufficient to meet the total calculated cost of this service for all districts, the amount paid to each district shall be ratably reduced. For the purpose of this subsection, the parent school shall be interpreted to mean that school in which the pupil is officially enrolled in a district's public common school system.

(9) The state board of education, by Kentucky administrative regulation, shall determine the type of handicapped pupil that qualifies for special type transportation to and from school. Those qualified pupils for which the district provides special type transportation shall have their aggregate days attendance multiplied by 5.0 and added to that part of the district's aggregate days attendance that is multiplied by the district's adjusted cost per pupil per day in determining the district's pupil transportation program cost for allotment purposes.

SECTION 17. KRS 157.380 IS CREATED TO READ AS FOLLOWS:

(1) On or before January 1 of each year the department of revenue shall determine the fair cash value of all property subject to assessment for school purposes, including a separate listing of the part of such assessment represented by "net assessment growth" as defined in KRS 132.425, and shall determine the percentage the fair cash value in each district is of the total equalized value of all property in the commonwealth subject to taxation for school purposes and shall certify such information to the superintendent of public instruction for use in determining the required local tax effort for each district for the fiscal year beginning on July 1, next after such certification.

(2) The superintendent of public instruction shall for the 1968-69 fiscal year use the aggregate required local tax effort and the required local tax effort for the respective school districts which were determined for use during the 1967-68 fiscal year. For each fiscal year subsequent to 1968-69, the aggregate required local tax effort for the commonwealth shall be the sum of the aggregate required local tax effort for the preceding year plus the amount obtained by multiplying the percentage of net assessment growth, as defined in KRS 132.425, by the aggregate local required tax effort for the preceding year; and the required local tax effort for each district shall be obtained by multiplying each district's percentage of the total equalized value of all property in the commonwealth subject to school taxation for school purposes by the aggregate required local tax effort of the commonwealth.

(3) Any district's levy shall be at such rate as is necessary to provide the required local tax effort.

SECTION 18. KRS 157.390 IS CREATED TO READ AS FOLLOWS:

(1) (a) The Superintendent of Public Instruction, under Kentucky administrative regulations of the State Board of Education, shall classify teachers in rank as follows:

Rank I. Those holding regular certificates and who have a master's degree or its equivalent and who have earned thirty semester hours of approved graduate work or its equivalent, and those teachers who, as of September 1, 1962, were included in Rank I, having earned twenty-four semester hours of additional approved graduate work.

Rank II. Those holding regular certificates and who have a master's degree or its equivalent.

Rank III. Those holding regular certificates and who have an approved four-year college degree or the equivalent.

Rank IV. Those holding certificates and who have ninety-six to 128 semester hours of approved college training or the equivalent; provided, however, that persons holding emergency certificates shall not be classified higher than this rank for calculation of the amount to be included in the foundation program.

Rank V. Those holding certificates and who have sixty-four to ninety-five semester hours of approved college training or the equivalent.

(b) In determining ranks, the Superintendent of Public Instruction, under Kentucky administrative regulations of the State Board of Education, shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit. The Superintendent of Public Instruction, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(2) (a) The amount to be included in each school year in the foundation program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the biennial budget schedule for each rank and experience for a term of 185 days. Provided, the amount to be included for units allotted under KRS 157.360(5), (7), (8) and (9) shall be increased proportionately if the personnel for such units are employed for longer than the regular school term and such employment is approved by the Superintendent of Public Instruction under Kentucky administrative regulations of the State Board of Education. Where the actual number of teachers employed by the district varies from the number allowed under the provisions of KRS 157.310 to 157.440, the number to be included in each rank shall be in the same ratio that the number of teachers actually in each rank is to the total number of teachers employed.

(b) The State Board of Education with the recommendation of the Superintendent of Public Instruction, may designate local school districts as Experimental Districts for the utilization of para-professionals and teacher aides including the utilization of para-professionals and teacher aides for exceptional children. In experimental districts, foundation program fund calculations shall include, with respect to one or more schools in the district, an amount for para-professionals and teacher aides. This amount may be equal to fifty (50) percent of the amount included for a teacher in Rank III with no experience, multiplied by the number of approved para-professionals and teacher aides employed in the designated school or schools.

(c) Such amounts may be included only for those who are not in sole and principal charge of a class. No district may receive foundation program funds for such number of para-professionals and teacher aides referred to in paragraph (b) of this subsection as exceeds one-half the number of certificated teachers in the designated school or schools.

(d) In the calculation of classroom units for the purpose of allocation of teachers' salaries only, the State Board of Education may use a ratio greater than twenty-seven to one for such calculations regarding the experimental districts designated pursuant to paragraph (b) of this subsection.

(3) The amount to be included in the foundation program for other current expenses shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(4) The amount to be included in the foundation program for capital outlay shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(5) The amount to be included in the foundation program of each district for transportation shall be determined by multiplying the aggregate attendance of transported children by the allowable cost per pupil per day for that district determined in accordance with the provisions of KRS 157.370.

(6) The total cost of the foundation program for each district shall be the sum of the allotments in subsections (2), (3), (4) and (5) of this section.

SECTION 19. KRS 157.400 IS CREATED TO READ AS FOLLOWS:

(1) The amount of money distributable to each district from the public school foundation program fund shall be determined by subtracting the required local tax effort from the total foundation program allotment for the district as determined in KRS 157.390.

(2) (a) If it shall be determined in subsection (1) of this section that the amount of money distributable to a school district for the school year 1976-77 shall be less than $300 per pupil in average daily attendance and, beginning in the 1977-78 school year, that the amount of money distributable to a school district shall be less than $327 per pupil in average daily attendance, then the apportionment for that district shall be increased to $300 per pupil in average daily attendance in 1976-77 and beginning in the 1977-78 school year the apportionment for that district shall be increased to $327 per pupil in average daily attendance; provided, however, if a district fails to provide the total potential classroom units under subsections (2), (7), (8) and (9) of KRS 157.360 and at least as many classroom units under subsections (5) and (6) of KRS 157.360 as were provided in each of these subsections in 1955-56, any increase in the apportionment called for in this subsection shall be reduced to the extent that the district fails to provide the classroom units.

(b) The average daily attendance referred to in this subsection shall be the prior year average daily attendance of the district adjusted proportionally for any increase in classroom units allotted the district under provisions of subsection (4) of KRS 157.360.

(c) The classroom unit requirement under this subsection relating to classroom units under subsections (5) and (6) of KRS 157.360 may be waived for any district by the superintendent of public instruction when it is shown that the need for these educational services no longer exists.

(3) In the event a district whose appropriation is increased under subsection (2) of this section is allotted classroom units under subsections (5), (6) and (10) of KRS 157.360 in excess of the number of such units allotted that district in 1955-56, then the allotment to that district determined in subsection (2) of this section shall be increased by the foundation program cost of these units determined in accordance with subsections (2), (4) and (5) of KRS 157.390.

(4) If the per pupil allotment to a school district as determined in subsections (1) and (3) of this section is an amount less than the allotment per pupil under KRS 157.400 during the next immediately preceding fiscal year, then the allotment shall be increased by an amount necessary to provide a per pupil average daily attendance allotment equal to the per pupil average daily attendance allotment for the next immediately preceding year; provided, however, if a district fails to provide the total potential classroom units under subsections (2), (7), (8), and (9) of KRS 157.360 and at least as many classroom units under subsection (5) or (6) of KRS 157.360 as were provided in 1955-56, any increase in the apportionment called for in this subsection shall be reduced to the extent that the district fails to provide the classroom units.

SECTION 20. KRS 157.410 IS CREATED TO READ AS FOLLOWS:

For each school year the executive department for finance and administration, on the certification of the superintendent of public instruction, shall draw warrants as specified hereinafter on the state treasurer for the amount of the public school foundation program fund due each district. Checks shall be issued by the state treasurer and transmitted to the department of education for distribution to the proper officials of the several school districts when the districts have fully complied with the school laws and Kentucky administrative regulations of the state board of education. The superintendent of public instruction shall determine on or before August 15 of each year the tentative allotment of school funds to which each district is entitled under the provisions of KRS 157.310 to 157.440. On July 1, August 1, and September 1, of each fiscal year, one-twelfth of the prior year's allotment minus the capital outlay shall be paid each school district. On the first of each month thereafter until the final calculation is completed, one-twelfth of each district's share of the tentative calculation for instructional salaries, current expenses, and transportation of the public common school foundation program fund shall be distributed. On or before May 1 of each year the Superintendent of Public Instruction shall determine the exact amount of the public common school foundation program fund to which each district is entitled and the remainder of the amount due each district for the year shall be distributed in equal installments beginning the first month after completion of final calculation and for each successive month thereafter. Capital outlay shall be made in two payments. The first, on or before October 1, shall be one-half of the amount calculated on the tentative allocation for capital outlay. The balance due shall be paid on or before May 1.

SECTION 21. KRS 157.420 IS CREATED TO READ AS FOLLOWS:

Public school foundation program funds made available to the credit of each district during any year, together with the funds required from local tax effort, shall be received, held and expended by the district board, subject to the provisions of law and Kentucky administrative regulations of the state board of education. The following restrictions shall govern the expenditure of funds from the public school foundation program fund:

(1) The teachers' salaries allotment for each district from the public school foundation program fund and from local sources shall be used only for teachers holding properly authorized certificates. The average salary paid any rank of teachers shall be at least equivalent to the amount set forth in the biennial budget schedule for each rank and experience for a term of 185 days. No teacher shall be paid less than 93 per cent of the public school foundation program fund allotment for that rank for full-time service during the regular

school year. This paragraph shall not apply to noncertificated personnel in experimental districts designated pursuant to paragraph (b) of subsection (2) of KRS 157.390.

(2) The state board of education shall not approve any working budget or salary schedule for local boards of education for any school year in which the total amount budgeted for teachers' salaries is not equal to an amount required to maintain the district's salary schedule of the preceding year plus the additional amount for teachers' salaries received by the district.

(3) The capital outlay allotment for each district from the public school foundation program fund and from local sources shall be kept in a separate fund and may be used by the district only for capital outlay projects approved by the superintendent of public instruction in accordance with requirements of law, and based on a survey made in accordance with Kentucky administrative regulations of the state board of education. These funds shall be used for the following capital outlay purposes:

(a) For direct payment of construction costs;

(b) For debt service on voted and funding bonds;

(c) For payment or lease-rental agreements under which the board eventually will acquire ownership of a school plant;

(d) For the retirement of any deficit resulting from over-expenditure for capital construction, if such deficit resulted from an emergency declared by the state board of education under KRS 160.550;

(e) As a reserve fund for the above-named purposes, to be carried forward in ensuing budgets; Provided, however, if any district has a special levy for capital outlay or debt service that is equal to the capital outlay allotment or a proportionate fraction thereof, and spends the proceeds of that levy for the above-named purposes, the superintendent of public instruction under Kentucky administrative regulations of the state board of education, may authorize the district to use all or a proportionate fraction of its capital outlay allotment for current expenses.

(4) If a survey shows that a school district has no capital outlay needs as shown in paragraphs (a), (b), (c), and (d) of subsection (3) of this section, upon approval of the superintendent of public instruction, these funds may be used for school plant maintenance, repair, insurance on buildings, replacement of equipment and purchase of school buses.

SECTION 22. KRS 157.430 IS CREATED TO READ AS FOLLOWS:

If, when the apportionments are being determined under the provisions of KRS 157.310 to 157.440, funds appropriated by the general assembly to the public school foundation program fund plus that portion of the funds required from local tax effort are insufficient to provide the amount of money required under subsections (1), (2), (3), and (4) of KRS 157.400, the superintendent of public instruction shall make a percentage reduction in the allotments to reduce the total of these allotments to funds available.

SECTION 23. KRS 157.990 IS CREATED TO READ AS FOLLOWS:

(1) Any person who wilfully violates any of the provisions of KRS 157.100 to 157.180 shall be fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500).

(c) give all parties the opportunity to respond and present evidence and argument on issues of fact, law or policy;

(d) give all parties the opportunity to examine staff memoranda and data considered by the agency in the disposition of the case which are not made confidential or privileged by law; and

(e) allow any person who shows that he may be substantially or specifically affected by a proceeding and who intervenes in a proceeding in accordance with this Act to participate by presentation of argument orally or in writing, or for any limited purpose, as the agency may determine;

(f) make available to public inspection all final orders in the adjudication of cases except those required by law to be held confidential.

(2) Unless otherwise precluded by law, in conducting adjudicatory proceedings agencies may:

(a) place on any party the responsibility of requesting a hearing when the agency head notifies him in person or by certified mail of his right to a hearing and of his responsibility to request a hearing;

(b) make informal disposition of any adjudicatory proceeding by stipulation, agreed settlement, consent order, or default;

(c) limit the issues to be heard and vary the procedures prescribed by this Act, if all the parties to the proceeding agree to such limitation or variation;

(d) order proceedings involving a common question of law or fact to be consolidated for hearing on any or all of the matters in issue in such proceedings upon motion by a party to a proceeding, or upon its own motion.

Section 5. A new section of KRS Chapter 13 is created to read as follows:

(1) No order issued by an agency denying an applicant a license shall be effective without notice and opportunity for hearing as set forth in this Act.

(2) Within forty-eight (48) hours of agency action to deny the issuance of a license to an applicant, the agency shall notify the applicant by certified mail of his opportunity of a hearing on the denial.

(3) The applicant may, within thirty (30) days of receipt of notice, request a hearing on the denial. Hearings requested pursuant to this section shall be subject to the provisions governing adjudicatory proceedings set forth in Sections 4 through 20 of this Act.

(4) Except as provided in subsection (6) of this section, no order revoking, suspending, limiting or withdrawing a license from a licensee shall be effective until the completion of an adjudicatory proceeding and the entry of a final decision.

(5) When a licensee has made timely and sufficient application for a license renewal in accordance with agency regulations, a license with reference to an activity of a continuing nature shall not expire until the application has been determined by a final decision of the agency in accordance with this Act.

(6) Suspension of a license may be ordered pending an adjudicatory proceeding if the agency finds that public, health, welfare, or safety imperatively requires emergency action, and incorporates a finding to that effect in its order and promptly institutes an adjudicatory proceeding. Upon the summary suspension of a license, the aggrieved licensee may petition the Franklin Circuit Court or the circuit court of the county of his residence for a review of the agency's finding upon which the suspension was based. If the reviewing court finds that the administrative body's finding of an emergency is unwarranted, the summary suspension shall be set aside. For the purpose of this circuit court review and for the purposes of appeal to the Court of Appeals, the proceeding shall be considered as though it were a motion to dissolve a temporary injunction.

(7) Subsections (1), (2), and (3) of this section shall not apply when the agency's denial to issue a license is a result of the applicant's failure of an examination required by law before such license may be issued by the agency. Mere failure of such examination shall not entitle a person to a hearing under this Act.

Section 6. A new section of KRS Chapter 13 is created to read as follows:

(1) In an adjudicatory proceeding in which an agency is required to hold a hearing at the request of any person, the agency shall set the date for the hearing within twenty (20) days after receiving the petition for a hearing.

(2) In any adjudicatory proceeding in which a hearing is to be held, the agency shall conduct the hearing as soon as practicable and shall give notice of the hearing to the parties not less than twenty (20) days in advance of the date set for the hearing.

(3) The notice required by subsection (2) of this section shall be served on the parties personally or by certified mail, return receipt requested. When any indispensable and necessary party to an adjudicatory proceeding consists of a large class, the notice may be served on a reasonable number thereof as representatives of the class.

(4) The notice required by this section shall be in plain language and shall include:

(a) a statement of the time, place and nature of the hearing;

(b) a statement of the legal authority under which the hearing is to be held;

(c) a statement of the issues involved in sufficient detail to give the parties reasonable opportunity to prepare evidence and argument;

(d) a reference to the specific statutes and regulations which relate to the issues involved;

(e) a statement advising the person of his right to legal counsel;

(f) a statement of the right of any party to subpoena witnesses and documentary evidence through the agency; and

(g) a statement of the parties' right to examine any relevant staff memoranda or data, not made confidential or privileged by law, of which the agency avails itself as evidence in making a decision in an adjudicatory proceeding.

Section 7. A new section of KRS Chapter 13 is created to read as follows:

(1) The agency head may exercise all powers conferred on the agency relating to the conduct of adjudicatory proceedings and may delegate any such powers, except the power to issue final or declaratory orders, to any member of the agency head or to a hearing examiner.

(2) A hearing examiner, agency head, or member of the agency head shall voluntarily disqualify himself and withdraw from any case in which he cannot afford a fair and impartial hearing or consideration. Any party may request the disqualification of a hearing examiner, agency head, or member of the agency head by filing an affidavit, prior to the taking of evidence in an adjudicatory proceeding, stating the particular grounds upon which he claims that a fair and impartial hearing cannot be accorded. All requests for disqualification shall be determined by the agency head, except that when the request concerns a member of an agency head, the issue shall be determined by the other members of the agency head.

Section 8. A new section of KRS Chapter 13 is created to read as follows:

In each adjudicatory proceeding:

(1) Findings of fact shall be based exclusively on the evidence on the record.

(2) Irrelevant, immaterial, or unduly repetitious evidence shall be excluded and the rules of privilege shall be given effect.

(3) The rules of evidence as applied in civil cases shall be followed. When necessary to ascertain facts which cannot otherwise be proved, evidence not admissible under the rules applied in civil cases may be admitted if it is of the type commonly relied upon by reasonably prudent men in the conduct of their affairs. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence, but it shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions.

(4) All testimony of parties and witnesses shall be made under oath, and any part of the evidence may be received by depositions.

(5) The general provisions governing depositions and discovery as set forth in Rules 26.01 to 37.05 of the rules of civil procedure shall be followed.

(6) Any party may conduct such cross-examination as may be required for a full and true disclosure of the facts so long as it is not of an irrelevant, immaterial, or unduly repetitious nature.

(7) Objections to evidentiary offers may be made by any party and shall be noted in the record.

(8) The hearing examiner or agency head may take official notice of facts which are indisputable and of generally recognized technical or scientific facts within the agency's specialized knowledge. The hearing examiner shall notify all parties, either before or during the hearing, or in preliminary reports or otherwise, of any technical or scientific fact so noticed and its source. All parties shall be given an opportunity to contest technical or scientific facts officially noticed.

Section 9. A new section of KRS Chapter 13 is created to read as follows:

(1) Agencies shall issue subpoenas authorized by statute and the common law upon their own motion or when requested by a party. When a subpoena is disobeyed, any party may apply to the Circuit Court of the district in which the adjudicatory proceeding is held for an order requiring obedience. Failure to comply with an order of the court shall be cause for punishment as a contempt of the court.

(2) Witnesses shall be entitled to compensation as witnesses under KRS 421.010, and each party shall pay the cost of its subpoenas and the compensation of its witnesses.

Section 10. A new section of KRS Chapter 13 is created to read as follows:

(1) In each adjudicatory proceeding, agencies shall keep a record of the proceedings which shall include:

(a) all notices, pleadings, motions and intermediate rulings;

(b) evidence received and considered;

(c) a statement of matters officially noticed;

(d) questions and offers of proof and rulings thereon;

(e) proposed findings and exemptions;

(f) any decision (including any initial, recommended, or tentative decision) opinion, report, or recommendation made by the hearing examiner presiding at the adjudicatory proceeding;

(g) all requests made to the agency head by the hearing examiner for an extension of time, and the hearing examiner's grounds for such a request;

(h) all decisions made by the agency head in the granting or denial of a request for an extension of time and a brief statement by the agency head stating his grounds for the granting or denial of the hearing examiner's request for an extension of time; and

(i) the official transcript.

(2) The agency shall accurately and completely preserve all testimony in the proceeding, and it shall make a full transcript available to any party, upon request. The agency shall charge a party no more than the actual cost of photocopying, or other means of duplicating, for a copy of the transcript. Also, the agency shall not charge for the cost of recording or transcribing, or other cost.

Section 11. A new section of KRS Chapter 13 is created to read as follows:

(1) The hearing examiner shall complete and submit to the agency head, no later than sixty (60) days after receiving a copy of the official transcript a written recommendation which shall include his findings of fact, conclusion of law, and recommended disposition of the adjudicatory proceeding, including recommended penalties, if any.

(2) If an extension of time is needed by the hearing examiner to complete and submit his recommendation to the agency head, the hearing examiner shall show good cause to the agency head, in writing, and based upon substantial proof, that an extension of time is needed.

(3) If the agency head, after a showing of good cause, grants the hearing examiner an extension of time, it shall:

(a) not exceed thirty (30) days from the date the extension was granted;

(b) be included in the record of the adjudicatory proceeding.

(4) In making the final order, the agency head shall consider the whole record or such portions of the record as may be cited by the parties.

(5) The agency head may accept the recommendation of the hearing examiner and adopt it as the agency's final order, or he may reject or modify all or part of the recommendation. If the agency head rejects or modifies any part of the recommendation, he shall state with particularity in the final order his reasons for the rejection or modification.

Section 12. A new section of KRS Chapter 13 is created to read as follows:

(1) The final order in an adjudicatory proceeding shall be in writing and stated in the record. The final order shall include separate statements of findings of fact, conclusions of law, the reasons for the decisions made, and the effective date of the order.

(2) The agency head shall render a final order in an adjudicatory proceeding within ninety (90) days after:

(a) the hearing examiner submits a recommendation to the agency head; or

(b) the agency head has received a copy of the official transcript from a proceeding in which a hearing examiner was not employed.

(3) The agency head shall notify the parties, either personally or by certified mail, of the final order. Unless waived by the party, a copy of the final order shall be delivered or mailed to each party or to his attorney of record.

(4) Nothing in this section shall prevent agencies from entering decisions in adjudicatory proceedings informally disposed of under subsection (2)(b) of Section 4 of this Act.

Section 13. A new section of KRS Chapter 13 is created to read as follows:

(1) Any agency may, on petition by any interested person, issue a declaratory order with respect to the applicability to any person, property or state of facts of any regulation, order or statute enforced by the agency.

(2) Petitions for declaratory orders shall be in writing and in the form prescribed by the agency.

(3) A declaratory order shall bind the agency and all parties to the proceedings on the state of facts alleged, and a declaratory order rendered by an agency shall be a defense in subsequent charges concerning the person who requested the order and who acted in reliance on it in good faith, unless:

(a) material facts were intentionally omitted or misstated by the person in requesting the order; or

(b) the order is altered or set aside by a court.

(4) Petitions for declaratory orders shall be filed with the head of the agency.

(5) Within twenty (20) days after receiving a petition for a declaratory order, an agency head shall either deny the petition in writing or shall issue a declaratory order. If the agency head denies the petition, he shall notify the petitioner of the reasons for the denial.

Section 14. A new section of KRS Chapter 13 is created to read as follows:

(1) All hearings in adjudicatory proceedings shall be conducted by either a hearing examiner qualified and appointed pursuant to this section or by an agency head, or a member of an agency head. Final order shall be issued only by an agency head.

(2) Each agency may appoint as many hearing examiners as are necessary to conduct hearings in adjudicatory proceedings of the agency, or may obtain the services of hearing examiners according to Section 21 of this Act. Agencies may utilize hearing examiners employed by other agencies with the consent of the employing agency.

(3) Hearing examiners shall perform no duties inconsistent with their duties as hearing examiners. An agency head or a member of an agency head who conducts a hearing may participate in the formulation of the agency's final order in the adjudicatory proceeding if he has completed all of his duties as hearing examiner.

(4) All hearing examiners shall be included within the classified service to which KRS 18.110 to 18.360 applies, unless they:

(a) occupy positions specifically excluded from the classified service by KRS 18.140;

(b) are part-time employees; or

(c) hold personal service contracts.

(5) In addition to other qualifications for hearing examiners established by statute, hearing examiners shall possess:

(a) a four (4) year degree from an accredited college or university in a field closely related to the work performed by the agency in which he is employed. Two (2) years of work experience in a responsible position in a field closely related to the agency's work may be substituted for each year of college or university training; or

(b) a master's license, or its equivalent, and five (5) years of work experience in a field closely related to the agency's work, if the agency's work involves the regulation of an occupation or trade.

(6) The Department of Personnel and Personnel Board, in cooperation with each agency, may establish additional qualifications not inconsistent with this Act, which all or certain classes of hearing examiners shall be required to possess.

Section 15. A new section of KRS Chapter 13 is created to read as follows:

(1) The Executive Department for Finance and Administration may employ one or more hearing officers for assignment to the individual agencies at their request, for the conduct of adjudicatory proceedings. Nothing in this subsection shall prevent an agency from employing a hearing officer independent of the Executive Department for Finance and Administration.

(2) The Executive Department for Finance and Administration shall charge each agency a reasonable amount for administrative services provided by subsection (1) of this section.

Section 16. A new section of KRS Chapter 13 is created to read as follows:

(1) No hearing examiner or agency head participating in an adjudicatory proceeding shall communicate off the record about a case with any party, representative of a party, or agency employe engaged in advocating, investigating, or prosecuting in connection with the case under consideration.

(2) No party, representative of a party, or agency member engaged in advocating, investigating or prosecuting in connection with an adjudicatory proceeding shall communicate off the record about the case with any hearing examiner or agency head participating in the adjudicatory proceeding.

(3) Any violation of the communication prohibited by subsections (1) or (2) of this section shall constitute grounds for judicial review in accordance with Section 18 of this Act.

Section 17. A new section of KRS Chapter 13 is created to read as follows:

(1) Each agency may promulgate, according to KRS 13.075 through 13.125, regulations not inconsistent with this Act governing the procedures for scheduling and conducting adjudicatory proceedings.

(2) Upon application of any agency, the Administrative Regulations Review Subcommittee may exempt any class of proceedings governed by this Act from one or more requirements of this Act when:

(a) The agency head certifies that the requirement would conflict with any provision of federal law or regulation with which the agency must comply, or with any federal law or regulation with which the agency must comply to permit the agency or persons within the Commonwealth to receive tax benefits or federal funds;

(b) The Administrative Regulations Review Subcommittee finds that conformity with the requirement of this Act from which exemption is sought would be so inconvenient or so impractical as to defeat the legislative purpose of guaranteeing basic rights of due process and the administration of justice without undue delay in adjudicatory proceedings.

(3) The Administrative Regulations Review Subcommittee shall not exempt an agency from any requirement of this Act until the agency establishes alternative procedures, by regulation, which insofar as practical shall be consistent with the intent and purpose of this Act.

Section 18. A new section of KRS Chapter 13 is created to read as follows:

(1) All final decisions of the agency are subject to judicial review under this Act.

(2) Proceedings for review shall be instituted by filing a petition in the Franklin Circuit Court or in the circuit court of the county of the aggrieved person's residence within thirty (30) days after the decision of the agency becomes final. Copies of the petition shall be served upon the agency and all parties of record.

(3) The filing of the petition does not itself stay enforcement of the agency's decision. The agency may grant, or for good cause the reviewing court may order, a stay upon appropriate terms.

(4) Within twenty (20) days after the service of the petition, or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stimpulation of all parties to the review proceedings the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent correction or additions to the record.

(5) If, before the date set for hearing, application is made to the court for leave to present additional evidence, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it at the adjudicatory proceeding, the court may order that the additional evidence be taken before the agency upon conditions determined by the court. The agency may modify its findings and decision by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions with the reviewing court.

(6) The review shall be conducted by the court without a jury and shall be confined to the record. The court, upon request, may hear oral argument and receive written briefs.

(7) The court shall not substitute its judgment for that of the agency as to the weight of the evidence on questions of fact. The court may affirm the decision of the agency or remand the case for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the agency's findings, interferences, conclusions, or decisions are:

(a) in violation of constitutional or statutory provisions;

(b) in excess of the statutory authority of the agency;

(c) made upon unlawful procedure;

(d) affected by other error of law;

(e) clearly without support of the substantial evidence on the whole record; or

(f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion;

(g) there had been a violation of ex parte communication as put forth in Section 16 of this Act;

(h) there had been a violation of Section 7(2) as put forth in this Act.

Section 19. A new section of KRS Chapter 13 is created to read as follows:

Any aggrieved party may obtain a review of any final judgment of the circuit court under this Act by appeal to the Court of Appeals. The appeal shall be taken as in other civil cases.

Section 20. A new section of KRS Chapter 13 is created to read as follows:

The Committee Substitute for **HB 137** is as follows:

Upon the summary suspension of a license, the aggrieved licensee may petition the Franklin Circuit Court or the circuit court of the county of his residence for a review of the agency's finding upon which the suspension was based. If the reviewing court finds that the administrative body's finding is unwarranted, the summary suspension shall be set aside. For the purpose of this circuit court review and for the purposes of appeal to the Court of Appeals, the proceeding shall be considered as though it were a motion to dissolve a temporary injunction.

(7) Subsections (1), (2), and (3) of this section shall not apply when the agency's denial to issue a license is a result of the applicant's failure of an examination required by law before such license may be issued by the agency. SECTION 7. A NEW SECTION OF KRS CHAPTER 13 IS CREATED TO READ AS FOLLOWS:

(1) The agency head may exercise all powers conferred on the agency relating to the conduct of adjudicatory proceedings and may delegate any such powers, except the power to issue final or declaratory orders, to any member of the agency head or to a hearing examiner.
